

Tab 2

"Since October 7th, 2023, the Zionist propaganda machine has been toiling non-stop to justify the genocide Israel is currently committing. Some of their propaganda has done nothing but show the absolutely vile side of Zionism. From laughing on TikTok about blockading Gaza's water and electricity, mocking Palestinians being murdered, or just yelling at halal card vendors to gloat about the murder of thousands of Palestinian children."

"If we kill 4,000 Palestinian kids, you know what? It wasn't enough. It wasn't enough."
...The Zionists aren't sending their best.

"But some of their propaganda sticks. When you're vomiting out volumes of hasbara, U.S. politicians and the mass media run over each other to find the chunkiest bits and regurgitate it without a critical thought. Even old Genocide Joe took a break from sniffing the nearest child to reiterate that he had personally seen evidence that H*mas beheaded babies."

Chapter 1: Introduction The pro-Pal movement has always been a weird combination, it is a big tent movement ranging from inbred Islamists, woke-left and woke-right who can't live 2 seconds without playing victim card or doing identity politics, LGBTQIA+ who have never read a biology book in their entire life, and of course our beloved anti-semites, the New Right and the entire leftist ecosystem. Spooky Scary Socialist is one of many, this guy is the type of person who would defend people like Karmelo Anthony and Vickrum Digwa over their victims. Now how can it be that a tankie like him hasn't defended every single communist regimes there ever have been, so of course why would he stop at USSR or Venezuela, he proceeded to defend Palestine and Hamas as well, I'll cover his Hamas video next time along with his "yassifying a genocide" video. Pro-Pal propagandists have never failed to use the vile of the vile tactics ever to draw people to their side, from using AI videos for engagement baiting to spreading propaganda about Israeli strikes on certain areas and accusations of human rights violations and so called war crimes, from crying about journalists killed in strikes who turn out to be actually Hamas terrorists or defending organizations like Hamas or Hezbollah as well as calling their acts of violence "resistance". pro-Pals are notorious

for spreading misinformation regarding the IDF and its strikes on Hamas infrastructure as well as blatantly lying about so called civilian casualties and the 3 blood libels of genocide, apartheid and colonial project.

If we talk about Spooky Scary Socialist then he's one of the most infamous misinformation and propaganda-spreading far-left Breadtuber out there. He has made videos defending authoritarian commie regimes like Stalin's USSR, Communist Cuba as well as socialist Chavez regime of Venezuela after Nikolas's capture and extradition to USA.

He has also made videos supposedly debunking anti-communists in 2 of his videos "Debunking Every Anti-Communist Argument Ever" and another "Debunking Every Anti-Communist Response Video" from both which he got a mass amount of pushback with many libertarian youtubers like Ubersoy, Praxben etc brutally taking down and debunking both of his videos which contained nothing but blatant whataboutism, logical fallacies and strawman arguments to defend communism.

This time we are gonna debunk his video "Debunking Every Zionist Argument Ever" He begins his video by saying we have some kind of propaganda machine which is funny considering much of the mainstream media, academia and Hollywood have always been notoriously anti-Israel. He then goes over to say this "machine" has been toiling non-stop to justify the genocide by Israel which it is currently committing which is funny considering between 1960-2025, Gaza's population has only increased, now pro-Pals may counter by whining about Geneva Convention's genocide definition which doesn't statistically match the current situation of Gaza at all or by saying that high fertility rates are some kind of "resistance" which in reality is just Muslims breeding like rabbits. Another counterargument to this is the 60% of Gazan residents being registered refugees which still doesn't prove any intent for genocide because Palestinians were never forcefully displaced but did mass migrations due to orders from Arab leaders during the Arab-Israeli 1948 war which they confidently gave under-estimating Israel and with intent to eradicate the Jews living there and then resettling the migrated Palestinians which never was able to happen due to them pathetically losing the war to a state as smaller than Goa. Some cry about the very shitty quality of life there too which is obviously a case of FAFOing due to them electing a terrorist organization like Hamas in 2007 which eats away everything for itself.

SSS then proceeds saying that this has showed the "vile side" of Zionism This guy literally has no examples except a few random tiktoks of random Israelis mocking the exaggeration of blockades about water and electricity, The blockades themselves are for security purposes so Hamas cannot expand its network beyond Gaza, ironically SSS never commented on Gaza blockading which Egypt has blockaded the Rafah Border Crossing since 2007 due to Hamas coming to power. On a side note, notice how SSS's video style and editing styles are absolutely in meme, cartoonish and brainrot style formats, this whole video is a headache to watch, and the worse thing is I have to

repeat it over and over again to debunk SSS's points, so pray for me. Another thing I noticed on the second line is that this hypocrite never commented on pro-Pals and Hamas supporters celebrating October 7th or just mocking Israelis being murdered in general but gloated about a few dumbass Zionists making dumb plays mocking Palestinian deaths. He then shows a video of some random Israeli saying killing 4000 Palestinians wasn't enough, which is again hilarious because October 7th celebrators also said 1200 wasn't enough, or their side having some Holocaust celebrators saying 6 million wasn't enough. I would also like to add that Palestinians and pro-Palis wish October 7th again and again, calling it to happen everyday...killing of men, women, children. Rape of both men and women, burning people alive, killing innocent pets, kidnapping men and women of all ages with a victim of kidnapping (Bibas kid) even being 8 months old at the time...this is what they call and say that they want to happen EVERY DAY while crying victim hood.

"To gloat about the murder of thousands of Palestinian children"

May you bother to list out which children we are talking about here?

Children who are sent to throw stones on IDF soldiers and vehicles, the child soldiers of Hamas or regular "children" which their own parents send out in the middle of a battlefield to then brag about them being "martyrs" once they die?

These **"volumes of hasbara and propaganda"** are actual realities, plenty of Gazawood and Pallywood accounts exist all over social media, and they are very active even today as we worked on this project. What pee poo are you talking about? Are you talking about yourself? Chickens4KFC talking point strictly applies for LGBTQ+ people who would get thrown off of cranes under Sharia or morons like you who would get stoned to death in regimes like PA or Iran, it seems that the far-left has forgotten what happened to Iranian leftists, communists and socialists after 1979 once the regime came to power. All of them were mass-murdered and eradicated completely from Iranian politics. Free the hostages, it's funny how you put that in the video but never actually talked about it under what conditions did Hamas put those hostages in and how they were brutally abducted.

US politics is widely Anti-Zionist dominated as well as most of the mass media are blatantly anti-Israel which I already mentioned but your empty skull just won't digest it. Hamas beheaded babies was a hoax, but you can't ignore the other vile atrocities they committed on October 7th, Biden was a dumbass anyway.

<https://saturday-october-seven.com/>

<https://www.hammas-massacre.net/>

"Biden: '...see and have confirmed pictures of terrorists beheading children.'"

This of course was a lie, but who's going to talk? Certainly not him.

"We finally beat Medicare." Conservatives and liberals who used to be free speech advocates now go super saiyan the moment you say anything critical about Israel. They know that their narrative is falling flat, so they've resorted to simply arresting, beating up, and deporting people who disagree with them. They'll smear you as an antisemite or terrorist and intimidate you for daring to speak up about what you can see with your own eyes: that Israel is committing a genocidal campaign of extermination against Palestinians. The entire political establishment, the Zionist lobby, an army of disinformation peddlers, and a legion of slop treamers all stand with Israel, ready to destroy anyone who speaks up. Who can stand up to that?

"Only someone with absolutely no self-preservation or regard for the reputation would ev-- Get out your watermelons and red triangles. Let's tear down some Zionist talking points."

Liberals and Conservatives go "super saiyan" not because they know their "narrative is falling apart" but because we can't comprehend how dumbass tankies like you defend organizations like Hamas.

It's YOUR narrative and victim card of Muslims which is falling apart, not our Zionist side's facts.²

pro-Pals get arrested and deported because those pro-Pals always harass people or do verbal abuse or even violence in some extreme cases over someone supporting Israel or any random things, You have no idea how insane they have gone about it,

Yaron Lischinsky and Sarah Lynn Milgrim, a couple killed just because they were Israeli diplomats, their killer screamed free Palestine before killing them. A lite

Have you seen any single Zionist kill someone like Mamdani over anti-Zionism?

Smear huh? Anti-Zionism IS anti-semitism, what do you think Zionism's definition is? If you think Israel should exist, regardless of how much you abuse it or advocate for TSS, you're still a Zionist. Most so-called pro-Pals are Hamas supporters, which is why they are not smeared but called terrorist sympathizers, not terrorists directly.

December 27, 2024, 83-year-old Holocaust survivor Ludmila Lipovsky was killed in a terror stabbing attack in Herzliya, Israel. She was attacked while waiting for a ride outside her assisted living complex. The terrorist, Ibrahim Shalhoub, a 28-year-old

Palestinian from the West Bank who was a former informant for the Shin Bet security service...stabbed her 11 times while shouting "Allahu Akbar" - a favorite saying of terrorists. Armed guards shot the attacker.

Barbara Steinmetz, an 88-year-old Holocaust survivor, was injured and burned. The nazi Mohamed Sabry Soliman, reportedly shouted "Free Palestine" again and again while attacking citizens with a makeshift flamethrower. Mohamed Sabry Soliman was arrested and faces federal and state charges, including 16 counts of attempted murder and hate crimes.

Shlomo Mantzur (also spelled Mansour), the most prominent Farhud survivor connected to recent Israeli history. Born in Baghdad in 1938, he survived the 1941 Farhud pogrom, a pro-Palestinian Islamist massacre against Jews. He was kidnapped by Gazans and later murdered by them.

As SSS says, he loves those red triangles that were used by both Nazis (ally to the palis) and by Palis themselves, Pro palis fully embracing their genocidal selves. the inverted red triangle is now frequently used to designate Jewish casualties and hostages, as well as to intimidate Jewish and pro-Israel individuals globally

Why do you see the population rising then if we are exterminating them? Why do you think this chart has risen since 1960 till 2023 and only declined a very tad bit as shown in PCBS and worldometers?

(Each image will be shown in the video)

It's funny how you said all those names who are ready to stand up to you, you call us disinformation peddlers while pro-Pals spread the most misinformation themselves. Slop streamers? Then what are you? Some divine enlightened individual? You don't need to have a regard for reputation, because you'll never even have one. And of course you told the audience to take out their 🍉 s and ▼ s which 2 are the biggest indicators to detect pro-Pals.

The only thing which is being taken down now is you and pro-Pals. It's time to debunk Spooky Scary Socialist pro-Pal talking points.

Notice how this guy shows a clip of Hamas bulldozers tearing down fences to breach Israeli borders before October 7th, as in some way glorifying it.

Chapter 2: You're a terrorist and this video supports terrorism

"On March 10th, 2003, 10 days before the invasion of Iraq, the lead singer of the American country band, The Dixie Chicks, spoke up against the war."

"Just so you know, we're on the good side with y'all. We do not want this war, this violence. And we're ashamed that the President of the United States is from Texas."

"In response to this anti-war statement, they were blacklisted by country radio stations, had their CDs destroyed by protesters, lost sponsors, received death threats, and faced a barrage of right-wing smears. This was the reality after 9/11. Anyone who expressed any opposition to the Iraq war was canceled by the soyright mob. Even a Texas country band of mostly blonde white women suddenly became the 'terrorist chicks' because they dared to speak up against famous peacemaker George Bush."

"Everyone knows the story of post-9/11 terrorist hysteria. The U.S. government used it to strengthen the surveillance state, restrict citizens of civil liberties, and ostracize anyone who spoke up against a war that killed hundreds of thousands of innocent brown people for oil."

Chapter 2: Iraq War

Dixie Chicks was heavily opposed due to their anti-Texan rhetoric, not solely due to their anti-war sentiment. Texans heavily pushed for boycotting her because her remarks were offensive to Texans, and not cancelled due to her anti-war sentiment, but of course you are misrepresenting it to show how evil "soyright" is.

The accusations against Iraq of doing 9/11 and holding weapons of mass destruction were false but if you look at it from the other side, it helped overthrow a tyrant like Saddam Hussein, as far as the blonde women who were called Terrorist Chicks go, no one at the time knew the actual reality of the war, so the backlash she got like that wasn't the public's fault either. Wow, a communist getting concerned about civilian liberties and surveillance states, how ironic, the USSR was the epitome of that of what you are calling the Bush government. It's hilarious how you are simplifying this war as a war which killed hundreds of thousands of innocent brown people (notice the racebaiting) for oil? It wasn't simply for oil, also the ones who did shelter Osama were the people on your own side which is Pakistan, who are very pro-Pal as well. And also Iraq's Saddam regime weren't angels either, I'm gonna link an article which goes into detail about the Iraqi War not only in the document but the description as well.

Ironically enough, Pro-Pals later also took their turn at attacking Iraqis who literally starved under Saddam, Palestinians are very pro-Saddam

"Yet, after October 7th, the same thing has happened. The government can simply call you a terrorist sympathizer for opposing genocide, kidnap you off the street, and throw you in an ICE detention center. All the while, the White House Twitter account

celebrates by posting AI-generated Studio Ghibli versions of your mugshot. It's gotten to the point where anyone who says, 'Hey, maybe Israel shouldn't be blowing up Palestinian babies,' gets smeared as a Hamas terrorist sympathizer. Miss Rachel? Hamas. Reddit? Hamas. The entire country of Ireland? Hamas. The International Court of Justice? H*mas."

With everyone becoming a terrorist today, it might be helpful to break down what exactly makes one a terrorist organization. Is it massacring civilians or systematically destroying civilian infrastructure like hospitals, universities, and apartment buildings or torturing people or starving people to death or murdering children? By any definition, what Israel is doing to Gaza is terrorism. Not only is it terrorism, they're openly bragging about it and posting their war crimes on TikTok for clout. Yet it's the people who are speaking up and fighting against this that are supposedly the 'real terrorists.' In the same post-9/11 hysteria, civil liberties and free expression are stripped from you by simply slapping the label 'terrorist' on you."

Chapter 3: October 7th Comparison

Oh really? Supporting the very same people who did October 7th is opposing so called Israel's genocide now? Obviously those who support Hamas are terrorist sympathizers, not some resisting heroes, pro-Pals heavily disrupt public life with their illegal protests. Obviously if they include illegal immigrants, they'll go to ICE detention centers. It's funny that even in a video about Israel, you find ways to seethe on ICE.

"Israel shouldn't be blowing up Palestinian babies"

What's your fucking obsession with Palestinian babies and children and mentioning them so much? You didn't comment one single time on Bibas especially Kfir Bibas who was killed by Hamas, the same organization you are so called sympathizer of if you say that. Palestinians shouldn't be murdering and kidnapping children or even terrorizing Jewish kids globally...which they have been doing for decades now.

Miss Rachel, a toddler nursery rhyme youtuber was called Hamas sympathizer because not once in her emotion-baiting videos about so called starving Gazan babies and children did she ever mention Israeli babies and children like Bibas ever? When she did once, she was brutally attacked by the so-called "peaceful" pro-Pal movement. The moment she attempted to humanize an 8 months old child? She had to block the comments due to death threats.

Reddit, the most vile leftist cesspool is called Hamas sympathizer because some far-left and radical Islamists there do actively justify Hamas, no one called the entire platform Hamas sympathizers retard.

"Entire country of Ireland, Hamas"

This is in context to the far-left Irish government, not the entire country of Ireland or all Irish people, are you a moron? Plenty of Irish people are currently raising against their government for its awful negligence of Irish people, letting Irish people be stabbed, murdered or sliced by outsiders, while the legacy media cries about 'Palestine'. Who the fuck called ICJ Hamas sympathizer? Nice lies you are saying right there. It was South Africa who were criticized for it, and a few ICJ judges for amplifying pro-Hamas propagandists like you.

"What Israel is doing to Gaza is terrorism"

Do you even know the definition of terrorism huh?

Massacring civilians: Hamas did that on October 7th, and even before countless times. Palestinian terrorism IS a common thing in the Swana region, not only against Israelis or Jews, but against other minorities as well, like Lebanese or Iranian people for example. Does Israel do that?: No, Hamas uses human shields and launches rockets from civilian areas intentionally so then you propagandists can cry about so called civilians massacred.

"Israel destroys civilian infrastructure like schools, universities and hospitals" And guess who built 500-600 kms of underground tunnels beneath the entire Gaza strip? Hamas did, all of the Gazan civilian population can fit beneath it for shelter extremely easily, but guess what? Hamas doesn't let them and uses it for themselves. And there are 5.700 separate vertical entry shafts for them.

So cry more about how Israel targets "civilian infrastructure" like hospitals, schools and universities now huh?

pro-Palestinian propagandists Genocide Watch falsely claimed that Israel lied about one of these cases but they were debunked.

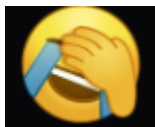

Isn't this more than enough proof for this dickhead?

"Torturing people, starving people to death, murdering children" Proceeds to not name one single case for whatever bullshit he said.

Oh really? IDF streams their war crimes on social media?? War crimes against who?

Hamas terrorists? If it's proof of war crimes then why don't you use it as evidence against Israel in debates?

"The people fighting against Israel's terrorism are the real terrorists, In the same post-9/11 hysteria, civil liberties and free expression are stripped from you by simply slapping the label "terrorist"."

Says the communist himself.

Chapter 4: You're antisemitic

"The counterargument is quite simple. Criticizing Israel is not the same as hatred of Jewish people. Opposing Zionism, a political ideology that supports the establishment of a Jewish state in Palestine, which necessarily entails ethnically cleansing Palestine's original inhabitants, dispossessing them of their land, and denying them of their human rights, is not the same as hating Jewish people any more than opposing apartheid South Africa was anti-white. Certainly everyone reasonable understands this, right?"

"The US House of Representatives has approved a resolution equating anti-Zionism with antisemitism."

sigh Alright, let's take this from the top. So, Zionism originated as a thoroughly Christian idea before it ever became Jewish. After the Reformation, the idea was thrown around in Christian circles of bringing Jewish people to Palestine to fulfill biblical prophecy, bring about the second coming of Jesus Christ, and trigger the end times. A lot of these pro-Zionists were antisemites and believed that Jewish people could never assimilate into European society and thus needed to be shipped out of Europe. Then when Zionism began to be spread among Jewish circles in the mid-19th century, everyone from reform, Orthodox, ultra-orthodox, and socialist Jews all opposed the idea for various reasons. Some of these groups eventually began to support Zionism. But it took decades, and even today, a significant number of ultra-orthodox Jews remain anti-Zionist. This brings about another important point. Some of the largest voices protesting Israel's actions are Jewish. Jewish Voice for Peace, for example, has staged multiple actions and been arrested for protesting the genocide. A big point Zionists like to make is that a majority of Jewish people around the world support Zionism. So if you're anti-Zionist, then you're by proxy antisemitic because you oppose what a majority of Jewish people believe. So this fails on a few logical grounds. Christian Zionists, for example, outnumber Jewish Zionists twenty to thirtyfold. Does this mean being anti-Zionist means you're by proxy Christophobic because a significant number of Christians believe in Zionism? Obviously not because Zionism is a political ideology, not inherently tied to one religion or another. Anti-Zionists oppose Zionism because it's an ideology of ethnic supremacy that requires dispossessing, terrorizing, and ethnically cleansing Palestinians. It doesn't matter if every Jewish person or Christian person or Muslim person opposed it or supported it. The very idea of ethnic supremacy of one group of people over another is wrong in itself. Now that we've covered the big two smears used to attack anyone who criticizes Israel, I'll focus on arguments that have cropped up specifically since the start of Israel's genocide. Starting with, of course,"

Chapter-4: You're an Anti-Semite. Anti-Zionism IS anti-semitism, you can abuse Israel for whatever you want, but denying Israel's right to exist is, was and will be anti-semitism, you can't simply deny this.

No one calls critics of Israel anti-semites, those who oppose the Israel's right to exist are called that, you also got Zionism's definition wrong, by demeaning the actual definition by adding that extra bullshit, Zionism means recognizing and supporting the Jewish rights to self-determination, it's as simple as that.

Opposing Zionism, "a political ideology that supports the establishment of a Jewish state in Palestine" (this part here is the real definition of Zionism, if you remove the in Palestine and add in Judea and Samaria), "which necessarily entails ethnically cleansing Palestine's original inhabitants, dispossessing them of their land, and denying them of their human rights", (all this right here is extra bullshit this moron added to demean the definition). "is not the same as hating Jewish people any more than opposing apartheid South Africa was anti-white. Certainly everyone reason-able understands this, right?"

ethnic cleansing "original inhabitants" and dispossessing them of their land he says huh? What about the Jews who have lived there for thousands of years without migrating, heck even Jews who did migrate to Europe, or the Middle East are still indigenous to their land, Palestinians are majority related to Jordanians, and Levantines, not the land Israel is in.

"Denying them their human rights"

20% of the Israeli population are Arabs, including Palestinians and Muslims.

It's funny how this guy takes the example of South Africa's apartheid to debunk this, South Africans whites didn't want their own state there, this is nowhere related or similar to Israel because whites don't want their own state in Africa like Jews do in Israel.

"Zionism was a Christian idea" WRONG, WRONG WRONG WRONG, Protestant Christian restorationism is a completely separate theology to Zionism, which is fundamental for Jewish return to Zion, the Hebrew name for Jerusalem and rebuild a homeland for Jews themselves, this idea is thousands of years old and has existed ever since Jews were mass exterminated by Romans severely. It has been a core component of daily Jewish prayers ever since the destruction of the Second Temple since 70 CE, centuries before Christian Zionism or Christian Zionism existed, Zionist anti-semites did exist, but you're implying that it was forced by anti-semites on Jews, while thinkers like Herzl merely leveraged the geopolitical interests of these European powers to secure a charter for a homeland. The driving force behind the movement was always Jewish self-determination and safety, not compliance with Christian end-times theology.

"When Zionism began to spread in Jewish circles... everyone from Reform, Orthodox, and Socialist Jews opposed the idea." Half-truth, Mizrahi Jews broke away from Orthodox Jews to form Religious Zionism, they opposed it initially due to belief that it could be established only by a messiah, not secular leaders. Reform ones rejected it because they wanted integration in the West but changed their stance after the rise of

Nazism. Socialist retards wanted to fight for worker rights but Labour Zionism later was the alternative they chose.

"Even today, a significant number of ultra-Orthodox Jews remain anti-Zionist." False, only a few Haredi sects oppose Zionism, who are idiotic morons, except them a vast majority of ultra-Orthodox Jews support Israel pragmatically or are neutral about it.

"This brings about another important point. Some of the largest voices protesting Israel's actions are Jewish. Jewish Voice for Peace, for example, has staged multiple actions and been arrested for protesting the genocide. A big point Zionists like to make is that a majority of Jewish people around the world support Zionism.

So if you're anti-Zionist, then you're by proxy antisemitic because you oppose what a majority of Jewish people believe. So this fails on a few logical grounds. Christian Zionists, for example, outnumber Jewish Zionists twenty to thirtyfold. Does this mean being anti-Zionist means you're by proxy Christophobic because a significant number of Christians believe in Zionism? Obviously not

because Zionism is a political ideology, not inherently tied to one religion or another." Hard laugh emoji [Image]

For Christians, Zionism is an optional theological position or an end-times prophecy moron. For the vast majority of Jews, Zionism is the belief in Jewish self-determination and national survival in their ancestral homeland.

How many fucking times do I have to repeat this definition? Denying Christians that don't threaten their existence, identity or safety because they already have many of their own states, many Christians support Zionism due to Judeo-Christian values. Zionism's definition specifically targets the national rights of the Jewish people alone. This is why international frameworks, like the International Holocaust Remembrance Alliance (IHRA), define denying the Jewish people their right to self-determination as a form of antisemitism.

Groups like JVP (an org that glorifies Islamic terrorism and has plenty of other problematic issues) are mild minorities, so are anti-Zionist Jews. Multi-year polling by non-partisan research institutions like the Pew Research Center and the American Jewish Committee (AJC) consistently shows that between 80% and 85% of American Jews say that Israel is "essential" or "important" to what being Jewish means to them. But still you did use this tokenization fallacy here. And Zionism entirely revolves around a Jewish identity and a Jewish state, Hebrew language, the land of Israel and Jerusalem (Zion), how the fuck is it not tied to religion?

"Anti-Zionists oppose Zionism because it's an ideology of ethnic supremacy that requires dispossessing, terrorizing, and ethnically cleansing Palestinians. It doesn't matter if every Jewish person or Christian person or Muslim person opposed it or supported it. The very idea of ethnic supremacy of one group of people over another is wrong in itself."

Yeah sure genius, ethnic supremacy so much so that 20% of Israeli population are still Arabs or Muslims. Are you a fucking NPC? You're repeating all these words the 3rd time now. Ethnic supremacy is wrong, but it's not even anywhere related to the existence of a Jewish state.

Chapter 5: Not a genocide "Usually the hardest part of proving a genocide is intent. No one can deny that Israel is massacring Palestinians, mostly women and children. But the talking point goes, it's not a genocide, it's a war."

You mentioned the South Africa case... South Africa still does not have enough evidence, with even more people saying that it is NOT a genocide. They want the case to continue until 2029 because they have nothing.

Ireland—or, more specifically, the Irish people—suffer under their pro-Palestinian government. In Northern Ireland, there are allies. Now, many are rising up against their media and the government following the horror in Belfast. Sadly, as I continued working on this project, more Irish people were hurt by the same dangerous people that their government defends.

Also, the Irish government sent its condolences following Hitler's death, and they did not help during the Shoah; therefore, Ireland's opinion is dismissed.

Hamas themselves admitted that 80% of casualties were Hamas members or their families, as well as listing adult males as children or women. They also requested that Gazans not upload videos of themselves enjoying food. Of course, they failed in this request, as we see the truth, and plenty of "Gazawood" or "Pallywood" accounts do as well. Another point is that Hamas lists people like Muhammad as women and children; they have been caught doing so, and there are screenshots of this online. They throw out numbers like 18,000, then lower them after the damage is done. The human animals one refers to Hamas terrorists, as well as the prophecy of Isaiah doesn't imply intent for mass-slaughter. This link above debunks this entire Not a Genocide chapter. As far as the so called Law for Palestine library goes (covered in source dismantling), By the way, ICJ has also ruled that Israel is not committing a genocide, as the so called intent to genocide doesn't meet the Geneva Convention requirements.

"So when we have a state that's saying they're doing a genocide, and we also see on the ground they're doing genocide, it's no wonder that almost

everyone agrees they're doing a genocide. Amnesty International, Human Rights Watch, the UN, Euro-Med, Doctor Without Borders, and almost every genocide and Holocaust scholar, agrees that Israel is committing a genocide."

ICJ has also ruled that Israel is not committing a genocide, as the so called intent to genocide doesn't meet the Geneva Convention requirements. The UN has always been corrupt, with German nazis literally working in said UN, when Israel hunted down Eichmann they were against it. The UN has never been a reliable source, and many UN workers took part in massacring Jews as well as just being terrorists and awful human beings. The UN has been recently caught trying to erase and minimize October 7th and the sexual violence done by Palestinians there. The UN watch is good for this one, it highlights how corrupt said org is and how it gets money from sources like Russia

Legally, Doctors Without Borders (Médecins Sans Frontières or MSF) does not have the mandate, authority, or legal capability to make a formal, binding determination of genocide. Under international law, the official determination of genocide can only be made by competent judicial bodies, such as the International Court of Justice (ICJ) or the International Criminal Court (ICC), or by official resolutions adopted by the United Nations. International Criminal Court (ICC) Chief Prosecutor Karim Khan himself (who hates Israel) stated that there is NO genocide. The UN also has a history of firing those that use facts and do not obey their islamist agenda

Amnesty, HRW, UN and MSF are all biased and corrupt. EuroMed has promoted lies about organ harvesting and has been debunked and called out as well.

Not to mention, US DOJ lawyers who prosecuted Nazis disagree with it being a genocide.

"When one genocide scholar was asked if he could name one expert who thinks what Israel is doing in Gaza is not a genocide, he said he didn't know one. The only people for whom the genocide label is controversial are those that willfully ignore what the Israeli state says, has done, and is doing, which is why a lot of Zionist sloppers have dropped the act and straight up said they support genocide."

Well guess what? Let me name some,
John Spencer
Simon Schama
Jeffrey Herf
Norman J.W Goda

Unfortunately, the genocide scholars have not coined the UN genocide convention of 1948. By the convention, you have to prove “dolus specialis” or in other words, the intent to exterminate a group of people in order to call it “genocide”. Genocide scholars give their opinions and views over a possibility which is definitely NOT objectively confirmed. So no matter how you use that argument or show terabytes of archives of children, elderly or people suffering, it does not make it a genocide because no war is devoid of suffering. Or perhaps your logic would prove every war, even a slang against a person, “genocide” undermining the meaning of the word and a disgrace and insult to the survivors of some of the worst genocides worldwide.

Chapter 6: Human Shields

"One way Zionists justify mass murdering Palestinians is that Hamas is using them as human shields. See, it's not their fault they had to blow up that baby. It's actually Hamas's fault. This talking point is used less and less now has become increasingly clear Israel has indiscriminately destroyed everything in the Gaza Strip. Nevertheless, the human shield argument was always transparently ridiculous because there was never any proof. "We conducted several interviews, dozens of interviews with civilians and with people, Palestinians in areas that were designated as combat zones. But we have not documented at least one case of Palestinian armed members using civilians as human shields."

And your sources for this? Qatari Islamist propagandist outlet Al-Jazeera taking Euro-Med as their sources. Qatar itself had been hosting Hamas leaders for decades. This narrative was originally brought up by AP News, whose sources themselves were anonymous and unverifiable, this was still amplified by other leftist media outlets like CNN and Haaretz.

Gazans themselves admitted that Hamas uses human shields, but SSSocialist from 'merica, thinks he knows better. Israel didn't lose a lot of citizens after the war in Gaza began (this does not include October 7 victims like Nova festival or in kibbutzim) If human shields were used...civilian death would have been much higher.

Gazans have been used as human shields, a good example is Hamas using hospitals to do whatever they want, if the place is targeted (by the way according to international law..once a hospital is used for stuff outside its humanitarian mission? For reasons such as terrorism or Hamasniks hiding inside? It is considered a valid target)

Yahya Sinwar for example, consistently surrounded himself with hostages and civilians to avoid targeted strikes, implementing a defined human shield strategy. Our sources

will include a video of him with literal children as human shields.

"Instead, what's been standard practice is Israeli soldiers using Palestinians as human shields. And you don't even have to take my word for it. We can see with our own eyes and listen to former IDF soldiers testify that it's common practice. Rather than Palestinian civilians being human shields for an operation otherwise surgically targeting Hamas, it's civilians who are being surgically targeted. Testimony after testimony from doctors in Gaza show that the Israeli army aims for and murders children, killing them with bullets to the head or chest. Palestinians aren't human shields for Hamas. They're human targets for the IDF."

And guess what? A big hero endorsed by pro-Pals across the world named Dr. Hussam Abu Safiya turned out to be a senior Hamas colonel himself.

The Israeli snipers and doctors hoax is one of the most professional pro-Pal and widely debunked hoax there is, John Spencer has debunked this in detail, his sources will be linked in the doc.

Chapter 7: Free the hostages

"Of course, Hamas has offered to free the hostages again and again, most commonly in the form of all for all deals in which they'll release all their hostages in exchange for all the thousands of Palestinians arbitrarily kidnapped and held hostage in Israeli prisons."

Then why the fuck abduct and kidnap the hostages in the first place? This is peak retarded behavior on display right here, if any state for example arrests criminals or terrorists and puts them in prison how the fuck can you call them kidnapped abductees or prisoners.

"It's been the Israeli government that's rejected and sabotaged these deals. Instead, opting to free the hostages from life by indiscriminately bombing Gaza, including areas where the hostages are held, depriving hostages of food and water by starving the entire strip, and outright murdering hostages if they tried to escape and run to Israeli forces. When Palestinian resistance forces were returning to Gaza after October 7th, Israel greenlit the Hannibal Directive and attacked vehicles carrying their own hostages."

"These actions are why some family members of the hostages have publicly repudiated the Israeli government, which at every turn has sabotaged the one thing that would guarantee their safe return, a deal. When short-lived hostage exchange deals are made, we can see the conditions of Palestinian and Israeli hostages. Hostages kept by Hamas are relatively okay for being hostages and happy to be released, kissing or

shaking hands with their captors. Compare that with the condition of the much larger number of Palestinian hostages kept by Israel, who show clear marks of torture, assault, and starvation. Many of these hostages, by the way, are usually just random Palestinian civilians kidnapped by the IDF without any charges, despite Zionist attempts to smear them all as terrorists. Compare that with the descriptions of some hostages kept by H*mas who are helpless innocents who happen to be kidnapped from a tank. Kidnapped: my large adult son. On October 7th, H*mas terrorists kidnapped my poor baby boy from his killdozer. He will dance again."

As you can see, this retarded moron has Stockholm Syndrome. Imagine going 'well, I know this person was kidnapped but it's okay because well they are alive, or "were treated okay", this is a disgusting way of thinking. It's the equivalent of justifying an abusive husband being abusive to their wife but then going 'aw...but he got you flowers' Hamas had murdered 6 Israeli hostages because the IDF was nearby in Rafah, but still Hamas treats hostages fairly guys. Should I also mention the Shalit deal where more than 200+ people who were released were re-arrested.

Some Google AI images which will be pasted in the video as well.

"Compare that with the descriptions of some hostages kept by Hmas who are helpless innocents who happen to be kidnapped from a tank. Kidnapped: my large adult son. On October 7th, H*mas terrorists kidnapped my poor baby boy from his killdozer. He will dance again"

Very false and a borderline retarded statement. Hamas did not just capture active-duty soldiers inside tanks on October 7. The vast majority of the 251 people taken hostage were absolute civilians. They literally kidnapped a 8 month old and many toddlers and men and women of all ages.

Many MANY hostages that survived being with the disgusting Palestinian terrorists have shared awful and heartbreaking testaments of abuse, rape and more. Both women AND men were sexually abused and raped. Once again, ex hostages shared their experiences.

The "friendly goodbyes" were staged propaganda moments orchestrated by Hamas at gunpoint and upon accounts of the released hostages we learnt that they were ordered to act friendly for the cameras under threat of execution or harm to the family members they were leaving behind in the tunnels. This is the state of the terrorist group these people worship leaving people terrified sexually abusing them and kidnapping literal 9 month olds. Once again, hostages themselves had to obey and smile and wave otherwise they would be killed.

Pro-Pals really enjoy ignoring the fact that during every deal, a small group of hostages, INNOCENT citizens, would be returned in exchange for literal terrorists. For

Palestinians who either stabbed, killed, attempted or did use a vehicle to run over a person/people, or shot and killed people, and etc.

Chapter 8: Mass rape

"There is no evidence of mass systemic rape on October 7th."

Whoa! Get a load of this guy. He's a rape denier. So much for believing in all women. He's actually a raging misogynist. He's a rape-denying, terrorist sympathizing, communist, misogynist, antisemitic... and on and on and on.

"Zionists love to pile smears on anyone who pushes back against their propaganda. And it's an easy strategy. You just assert atrocity without evidence. For example, 40 babies were beheaded by Hamas. And when you ask for proof, they pile the smears on." "I mean, would you really doubt that Hamas beheaded 40 babies when Joe Biden himself said he saw proof? He's the most mentally lucid person in the world!" "Of course, there was no evidence of 40 beheaded babies. It was a lie to manufacture support for the genocide Israel is currently enacting on Gaza. The same goes for allegations of mass rape. This is all atrocity propaganda, painting a picture so horrific it justifies genociding every man, woman, and child in Gaza."

In early 2024, the United Nations sent a specialized team led by Pramila Patten, the UN Special Representative on Sexual Violence in Conflict, to conduct a rigorous, weeks-long independent investigation. They reviewed 5,000 forensic photos 50 hours of video footage (including footage filmed by Hamas fighters themselves on GoPros and bodycams), and conducted interviews with survivors, witnesses, first responders, and released hostages. The official UN report concluded that there were "clear and convincing" details that sexual violence, including rape, gang-rape, and sexualized torture, took place across multiple locations during the October 7 attacks. Furthermore, the report stated the UN found "credible information" that hostages held in Gaza were subjected to ongoing sexual violence, and that those still in captivity face these active threats every single day. REMEMBER, this is the UN we are talking about...the same org that has a history of minimizing Jewish trauma and glorifying nazism and islamism.

Bodies of women were discovered at the Nova Music Festival site and in various kibbutzim completely undressed from the waist down some were bound to chairs or trees with severe trauma to their genital areas. Websites that show images of what happened on October 7th show rape victims that were burnt. Hamas terrorists

themselves admitted they rape and quite love it as well. Al-Qassam brigade of Hamas took responsibility and released bodycam footage of their atrocities. The Dinah Project for example, specifically focuses on sexual violence done by Palestinians.

The actual news was that 40 babies were found by the IDF, out of which some were found beheaded. Independent testimonies do confirm the massacre and claim removal of body parts and mutilation. As for the Oct 7 attacks, The Izz al-Din al-Qassam Brigades (Hamas's armed wing) led the assault. Human Rights Watch also confirmed the participation of four other Palestinian armed groups, based on headbands the fighters wore and their own claims of responsibility posted to their Telegram channels. (Human Rights Watch). In the Hamas massacre website, there are photos showing Hamas decapitated both adult and kids.

"It's the next stage of Israel's propaganda blitz. As Tel Aviv quickly pivoted from beheaded babies and other completely made up atrocities to the suddenly discovered plague of systemic rape by Hamas on October 7th." This, by the way, is not to mock or dismiss real survivors of sexual abuse. Because all these months later, there's still not a single victim of mass rape on October 7th, living or dead, that can be positively identified. The New York Times article that broke the mass rape story has been thoroughly debunked with family members of their cited victims saying they were not raped, The reporting having no prior reporting experience and the Times podcast itself shelving an episode on the article because of factual issues. Other so-called evidence include confessions made under torture whose reliability is rejected by multiple human rights organizations."

Hamas massacre website has an entire mass rapes section and Wikipedia has an entire page on it as well, even your UN confirms it.

The UN, which found "clear and convincing information" of sexual violence during the Hamas attacks, reports that the limited forensic evidence is due to both the large number of casualties and the "dispersed crime scenes in a context of persistent hostilities". A government relations officer at the Israel Women's Network said that, most of the raped had been killed, and their bodies were burned or buried along with any forensic evidence.

Also Hamas and a captured PLJ terrorist have confessed to doing such acts you cannot deny things with such concrete evidence.

Chapter 9: Pallywood

"When an endless feed of genocidal war crimes are being streamed on your phone, Israel needs a way to explain it away. The solution they came up with is that all these videos of children being blown to bits, mothers mourning their babies, and children crying at

being orphaned by an Israeli missile strike is that they're all staged by Pallywood. Of course, the most obvious response is that Israeli soldiers themselves openly post their war crimes for clout. Blowing up homes for their mom, ransacking Palestinian homes, posing with looted lingerie, bulldozing neighborhoods, and destroying mosques. Even ignoring the fact that they're posting their own war crimes. The evidence Zionists trot out for Pallywood itself is flimsy. This footage of Palestinians faking injuries is from the set of a short film made in Lebanon. This alleged image of a Gazan texting someone a body bag is actually a 2022 Halloween costume contest in Thailand. This alleged footage of Palestinians faking injuries is actually from a zombie themed ad filmed in Algeria and so on and so forth and countless examples."

This dickhead thinks this entire account and all their 59.3k posts are Zionist propaganda. Again, simple question?

Why does not one single pro-Pal use those so called recorded war crimes by the IDF as proof against Zionists? Some pictures you showed may be present there, but not one pro-Pal has ever shown those pictures in debates or anywhere else, which makes it obvious that you blatantly de-contextualize those pictures to satisfy your own propaganda.

I can go over and give tons of proof strongly concreting that Pallywood is valid, so let's play that game then.

There is an Instagram account which shows alot of anti-Islam and anti-Hamas stuff, linked in sources.

Ok understood your point about the "alleged" staging by "Pallywood". So if you call those videos "authentic", what about the videos that were also circulated online showing Palestinian adults, forcing children to cry or act as if they are suffering, as a propaganda footage? Just having one misinterpretation of a film set does not delegitimize the others. Why are the videos online contradict each other all the time? Two sides can play this game of "credibility" to make it fair afterall. So the same is thrown back at you.

Hamas literally has a well documented and a very long history of using media as a tool to run its propaganda. So it is obvious and in fact least likely that they won't be using propaganda to run their objective of criminalizing Israel to make it easy for them to

eradicate the only Jewish state as they vow through their charter.

"The genocide in Gaza is the most documented genocide in history. And claiming that hundreds of thousands of hours of footage are all faked is a sad attempt to whitewash Israel's atrocities and make a mockery of Palestinian suffering. I mean, quite literally, Israelis have taken to mocking Palestinians on social media. The great irony, of course, is that it's the Israeli side that conducts the worst hoaxes."

"Hey guys, so today we're going to do the world's most moral tier list of bad Israeli hasbara. So, first we have the leaked terrorist conversation about the Al-Ahli Arab Hospital explosion. Wow, what a throwback. This was back when Israel first bombed a hospital in Gaza and panicked at the international backlash, making up a fake conversation between terrorists who conveniently said, "Golly gee, what a shame it was our rocket and not an Israeli air strike that blew up the hospital." Multiple experts now have said the call was an obvious fabrication. And you know, it's moot now that Israel's attacked every hospital in the Gaza Strip and doesn't even pretend anymore. This one's going to D tier just how poorly it's aged. Then we have the H*mas sign-in sheet hoax where the IDF claimed to have found a list of terrorist names in a hospital that turned out to just be a calendar."

So you think these ALL 59.3k posts of the account I just linked are ALL hoaxes and "Zionist misinformation"? Also if it is the..."Most documented" why is South Africa still struggling with that evidence, no 'genocide' has been announced yet, in fact more say it is NOT one. Hamas would agree as they confirmed more than 80% of deceased till now have been hamasniks. showing emotional videos of suffering or of actions having consequences doesnt make it a genocide. Unless you can prove "dolus specialis" or the intent to systematically eliminate a group.

There's extensive evidence of Hamas using hospitals as their base of operations and building underground tunnels in them as well, this moron just cherrypicked a few cases and called the entire thing "bad Zionist hasbara".

"The Al Shifa nurse hoax is a classic. This one is fake footage of a nurse in the Al Shifa hospital claiming H*mas was stealing food and medicine. Of course, her accent was completely wrong. The footage reused the same explosion sound effect in the background, and staff at the hospital said they had no clue who she was. I'm putting this one in F tier. Okay, well, I think y'all get the point. But if you want a full tier list video, be sure to like, subscribe, hit that bell."

Yeah, as if the IDF themselves or Israel themselves upload all this stuff, dumb fuck. The one case of Al-Shifa nurse faking it doesn't make the fact that Hamas steals humanitarian aid for itself only false.

There is U.S. intelligence assessment stating that Hamas had a command centre along with a weapons cache holding a few of the hostages they kidnapped on Oct 7 beneath or adjacent to the Al Shifa hospital. Journalists and investigators have also confirmed that a tunnel system existed underneath the hospital which was again confirmed by Israeli intelligence out of the evidence of bunkers, living quarters, a literal stronghold for their terror operations against the IDF. Security camera footage also showed Hamas taking in captured Israeli hostages inside the hospital. So yeah maybe one viral nurse video was false but does that discredit the real evidence and confirmations?

A misfired PLJ rocket was responsible for the Al-Ahli hospital blast, but SSS obviously glosses over it, this info came out just a day after this, regardless he mentions it.

The hostages were held in a children's hospital, the IDF gave proof as well.

Chapter 10: Fake death count

"So, if you're committing a genocide, how do you downplay it? Well, as we saw before, saying the carnage is all staged is one way of doing it. Another way is by saying the death toll numbers are fake. I mean, do you really believe the H*MAS-RUN HEALTH MINISTRY? They literally have H*mas in their name. Of course, it's not trustworthy! Except, of course, this is wrong. When media reporting uses terms like H*MAS-RUN HEALTH MINISTRY the image they try to conjure up is that of doctors with H*mas headbands screaming scary Arabic words and boosting up fake death toll numbers to generate international sympathy for their cause. The reality is that what we usually associate with H*mas, their fighters, are relegated to their military wing, the Al-Qassam Brigades. H*mas is the government of Gaza."

The audacity.

Hamas is the government of Gaza, that is true, and we do know they control the numbers. Multiple times they have been caught listing people like "Muhammad" as women, or adults as children to gain sympathy. Hamas constantly shoots themselves in the leg. That is a fact. Hamas is privately admitting that 80% of the Palestinians killed during the year-long war in Gaza are Hamas members or their hamasnik families. They really thought people won't notice but we all did.

Hamas literally pussified the charter to whitewash and soften their image, even leftist propagandist BBC admits that.

"Hey guys, so today we're going to do the world's most moral tier list of bad Israeli hasbara. So, first we have the leaked terrorist conversation about the Al-Ahli Arab Hospital explosion. Wow, what a throwback. This was back when Israel first bombed a hospital in Gaza and panicked at the international backlash, making up a fake

conversation between terrorists who conveniently said, "Golly gee, what a shame it was our rocket and not an Israeli air strike that blew up the hospital."

Multiple experts now have said the call was an obvious fabrication. And you know, it's moot now that Israel's attacked every hospital in the Gaza Strip and doesn't even pretend anymore. This one's going to D tier just how poorly it's aged. Then we have the H*mas sign-in sheet hoax where the IDF claimed to have found a list of terrorist names in a hospital that turned out to just be a calendar."

Under International Humanitarian Law (IHL), hospitals are strictly protected and cannot be attacked. However, this protection is not absolute. According to the [ICRC Protection of Hospitals](#), a hospital loses its protected status if it is used outside its humanitarian duties. And we have many witnesses that confirmed Hamas uses these hospitals for terror. In fact we have a UN volunteer that was tortured by Hamas who admitted those are hospitals used for terror, Doctors without borders who are biased admitted Hamas hides in hospitals as well. So stop crying about fake hospitals, tell Hamas terrorists to blow themselves up or die somewhere else.

"usually associate with H*mas, their fighters, are relegated to their military wing, the Al-Qassam Brigades. H*mas is the government of Gaza. So technically any government bureaucrat, medical professional, or teacher is a quote-unquote "member of H*mas," even if they were working for the government before H*mas came into power. This, by the way, is how Israel justifies murdering Gazan bureaucrats by saying they killed a "H*mas official" when what they really did was kill someone responsible for carrying out the functions of any normal government."

GHM is definitely run by Hamas. No doubt about that. Hamas is not just a military wing. There is a political wing that manages all of this. So it makes no sense when you describe the doctors having bands and cussing in Arabic. Does your logic mean that Hitler wasn't the soldier in WW2 shooting Jews in concentration camps and so he or his underlings should not have been killed? Hamas is a designated terrorist organisation overall. A group is collectively responsible for the actions they do.

And perhaps your logic would have made sense if Hamas targeted the IDF, rather than the unarmed civilians on Oct 7, who literally had nothing to do with your so called sufferings in "Nakba" or apparent "occupation".

What normal government are we talking about here??

Hamas runs a fucking Sharia theocracy, they run Gaza according to the Islamist ideals, and are authoritarian, it doesn't matter whether they were previously working for Hamas or not, they are still working under Hamas, even if they wish to not spread Hamas propaganda, they are still pressurized to do so.

And if Israeli strikes kill them then what kind of moral injustice have they done?

Because working under Hamas regardless of whether they want or not doesn't make them innocent. Gazans themselves have spoken MANY times against Hamas, Palestinian activists and exiled journalists are organizing mass anti-Hamas demonstrations across the Gaza Strip for June 26, 2026. With calls like "we want to live" or "barra hamas" (barra in Arabic means out). Peace comms have the project whispered in Gaza, where Gazans share their experiences under Hamas. Hamas tortures and executes Gazans. This ISN'T a normal government.

"Despite transparent attempts to smear the doctors working for the Gazan Health Ministry as terrorists, the United Nations, World Health Organization, and Human Rights Watch have all testified that their numbers are largely accurate. When looking at past death counts, the Gazan Health Ministry has never inflated numbers and been largely consistent with other independent counts. In fact, if anything, the Gazan Health Ministry is undercounting deaths. Their methodology relies on actually observing a dead body, usually in morgues, or reports from friends and family, that are then verified. This is an incredibly strict process that has only been made harder by the fact that Israel has bombed and invaded hospitals, murdered hospital staff, and made the difficult job of counting the dead in the middle of a genocide even harder. As of now, the official death count is around 61,000. Roughly half are women, children, or the elderly. The 61,000 figure by the Gazan Health Ministry, as discussed earlier, is certainly undercounted. An estimate last year by the Lancet said it was likely closer to 186,000. We can only guess what the real death count is today. So, in a way, the Zionists are right. The death count is inaccurate because the number of dead is probably much, much higher."

"The death count is inaccurate because the number of deaths is probably much much higher"

So you're even denying the credibility of Hamas figures which you considered credible in earlier statements...it's funny how sources are only reliable when it helps islamic terrorists.

Why do you guys want the number of deaths to be higher than 60k? It's almost like you guys wish to be genocided...what a weird fetish.

Anyway, plenty of doctors and nurses are Hamas, for example?

<https://www.jpost.com/middle-east/article-885264> high ranks in Gaza are 99% of the times filled by Hamas. Also literally every meter on the internet from worldometer to etc

only showed Gaza's population rise, unlike in true genocides where they FALL, A DRASTIC FALL. which no meter shows. And of course can't ignore Hamas admitting that mostly aka 80% were terrorists who died. Good riddance.

And lets say, on average 10 Gazans die per bomb dropped in Gaza, and as per tonnage of explosives, its said to be 500K bombs dropped by Israel till now, if you have not failed in Math at school, you can total it up and find that 5M of your Gazans would have died on average. However, the Gaza population is around 2.1M. How is that even possible to have a kill count greater than a population? Are the Palestinians dying, then coming back alive, then dying, then coming back alive and then dying again to reach this number.

GHM's death toll numbers have been debunked again and again by right wing outlets, and yet this moron keeps crying about it.

Tolls among pro-Pals themselves are inconsistent, some say 5 digits, some say more than 50,000, some say even in 6 digits, how ridiculous is that?

And who can forget the ___ amount of Gazans die every hour bullshit.

Besides Doctors without borders have been exposed again and again to be unreliable as hell, more detail will be put in Nukes.

Chapter 11: Why don't you go to Gaza?

"This argument is a favorite, thinly veiled death threat that Zionists like to use against anyone who speaks up for Palestine. I mean, just look at how precisely Israel is striking international aid workers at the World Central Kitchen. You don't think they're going to eagerly murder foreign activists going there? But despite the dangers, when pro-Palestine activists do want to break the genocidal death siege on Gaza, that may remind you is starving the entire population to the extent that mothers can't even produce breast milk, which babies need for survival, Zionist suddenly switch up. "Go to Gaza." "Okay." "I hope Israel murders you." This isn't even a hypothetical, by the way. The blockade on Gaza has tightened since 2007 with Israel strictly controlling who and what comes in and out to maintain it as an open air prison. Activists have routinely tried to break the blockade and sail to Gaza with humanitarian aid with one attempt in 2010 resulting in Israeli commandos murdering 10 activists and injuring dozens of others. Another attempt in 2018 resulted in activists being beaten, assaulted, and tasered. The most recent high-profile attempt this past June by Greta Thunberg and 11 other activists likely avoided being outright murdered because of the attention their fame brought them. So when the Israeli government mocks the Freedom Flotilla as a "selfie yacht," what they're really complaining about is the fact that live streaming, documenting, and bringing international attention to famous activists trying to break the Gaza blockade prevented them from murdering its entire crew. Keep in

mind, by the way, that all these ships were attacked and its crew kidnapped in international waters, which is illegal. We can only hope that Israel will release the hostages."

Of course, let's say a Chinese man, who never visited or in fact has no idea about the US, nor does he speak english but has some derogatory opinions about American people, the world would laugh at them, then why not in the case of Israel?

Okay you cannot go into Gaza because of the Israeli Naval blockade, then what about going into Gaza through Egypt? Why is that border even more tightened, restricting people and charging \$10000 per person?

Under a naval blockade, no one is supposed to be allowed to pass through unless permitted. So it's futile to try passing a flotilla through the places of blockade. There are actually 2 ways of going into Gaza, one is IDF, the other is Hamas. Now I don't wanna know whether you want to go through Hamas or not.

The fundamental principle of the freedom of navigation on the high seas is subject to only certain limited exceptions under international law. Israel faces a real threat to its security from terrorist groups in Gaza. The naval blockade was imposed as a legitimate security measure in order to prevent weapons from entering Gaza by sea and its implementation complied with the requirements of international law. The flotilla was a non-governmental endeavour, involving vessels and participants from a number of countries, filled with multiple terrorists. The Flotilla acted recklessly in attempting to breach the naval blockade, they stated on video that their mission isn't to aid Gazans but cause more discord. That can label them as terrorists.

Israel complied fully with all aspects of the San Remo Manual in imposing its naval blockade of Gaza in 2009 to prevent rockets and other military equipment reaching Gaza, a very real threat given the thousands of rockets that had been fired towards Israeli population centers and the capture of weapons-laden ships bound for Gaza. An earlier report on the flotilla incident rushed out at the request of the Human Rights Council concluded ,without a single line of analysis or reading on FACTS, that the blockade was disproportionate and therefore unlawful. Such naked manipulation of international law principles for political purposes, an example of what has come to be known as "lawfare", is not only a threat to Israel and other countries that may need to utilize naval blockades in the future, but to the integrity of international law itself.

The Israeli government warned the flotilla organizers in advance that they would not be allowed to enter Gaza. However, Israel offered that the flotilla could dock at the Israeli

port of Ashdod. The Israeli authorities would then inspect the cargos for weapons and subsequently deliver the humanitarian goods to Gaza by land. Israel additionally offered to coordinate with a third party representing an independent organization such as the United Nations during the proposed goods transfer. The flotilla organizers, however, rejected the offer.

The major organizer and funder of the flotilla was the Turkish organization IHH (the Foundation for Human Rights and Freedoms and Humanitarian Relief). It was established in 1992 and formally registered in Istanbul in 1995. According to a 2006 report by the Danish Institute for International Studies, the IHH had links to Al-Qaeda and global Islamist networks during the 1990s. Al-Qaeda are terrorists if you work with terrorists you are complicit in terrorism, Play stupid games? Win stupid prizes.

The IHH was the subject of a Turkish criminal investigation in 1997, when sources revealed that senior IHH activists were purchasing automatic weapons from other Islamist groups. When they searched the IHH offices, Turkish security services found weapons, explosives, instructions for manufacturing IEDs (improvised explosive devices), and documents indicating that IHH members were planning to participate in terror activities in Afghanistan, Bosnia, and Chechnya.

The Israeli Intelligence and Terrorism Information Center (ITIC) describes the IHH as a “radical Islamic organization” that has prominently supported Hamas in recent years, as well as global jihad networks. According to the ITIC, the IHH transfers “significant amounts of money to Hamas institutions in Judea and Samaria, including the Islamic Charitable Society in Hebron and the Al-Tadhamun Charitable Society in Nablus – Hamas’ two central ‘charitable societies,’ both outlawed by Israel.

Our sources will include even more and more problematic and just out right dangerous things the flotilla is supporting. [They ARE terrorists.](#)

And the irony? Egypt put a blockade on Gaza and the Rafah border crossing for more than a decade after Hamas was elected in 2007 and only opened it recently, hypocrisy much dickhead?

Let me warn you guys, this right here is where the tankie behavior actually begins.

Chapter 12: Houthis bad

"Ansar Allah, or the Houthis, are some of the only people in the world right now following international law and materially opposing the genocide on Gaza. They've

imposed a blockade on Israel-related shipping in the Red Sea, enacting an economic cost on Israel. For doing the great crime of opposing a genocide, the Houthis have been smeared from every angle. These smears are quite easy to debunk. This documentary that supposedly proves the Houthis use slavery is actually about the previous Yemeni government. The idea that the Houthis are just pirates using the genocide as an excuse to steal from ships is dispelled by the fact that they stopped their blockade when the ceasefire was in place and then resumed attacking ships when Israel violated the ceasefire and refused to allow aid into Gaza. And for that matter, what's wrong with being pirates against the genocide?

Finally, this idea that the crew of the ships they attacked are still missing or haven't been seen is also nonsense. The Red Cross has repeatedly checked in on them and during the brief ceasefire in January they were later released. These smears are made because the Houthis for all their other faults are nevertheless one of the few parties willing to enforce the UN charter on genocide and y'know actually work to stop the genocide. In 2005, Israel withdrew settlers and forces from Gaza. The physical eviction of settlers was filmed for an international"

Okay so what about the rocket fires in the red sea NOT on naval ships but on commercial ships? I wonder which civil group does that.

And of course this fucking dickhead tries to portray Houthis in a good-light. Houthis have always conducted attacks on normal commercial trade ships, and vessels. They are a terrorist organization who are heavily funded by Iran and are part of the Islamist nexus of Iran named the Axis of Resistance. Their opposition to Israel is based on religious hostility, not due to some imaginary humanitarian bullshit you're portraying here to serve your far-left agenda,

The Houthi armed group that controls part of Yemen has targeted several commercial ships carrying civilian crews in the Red Sea. This is a good thing according to SSS here. Yemen's Al Houthi rebels have violated international laws of war in their latest missile attacks on Saudi Arabia, which killed an Egyptian labourer. Missiles violated international law as they were fired indiscriminately at populated areas. The Houthis and the Al-Shabaab in Somalia and Al-Qaeda in the Arabian Peninsula (AQAP) terror groups are all friends, as well as severe human rights violations in areas under Houthi control.

The Panel of Experts presented its report to the Security Council on November 3, documenting the most prominent violations committed by the Houthi militia during 2025, which constituted a **blatant violation of International Humanitarian Law (IHL) and**

International Human Rights Law (IHRL). Most of these violations were concentrated in the governorates of **Ibb, the Capital Secretariat of Sana'a, Al-Bayda, Dhamar, and Ta'iz**.

They primarily involved **indiscriminate attacks against civilians and civilian objects**, which in many cases led to **arbitrary killings**. At least **164 civilians were killed**, including 71 children and 18 women, and **239 civilians were injured**, including 91 children and 25 women. Additionally, **63 homes were destroyed, 19 places of worship and three schools were occupied**, and the Houthis used six places of worship and one school as military bases. At least three places of worship and one school were damaged or destroyed.

The governorates of **Marib, Ta'iz, and Al-Jawf** were the most affected by Houthi landmines, which were designed with the intent to kill. They were placed inside civilian areas, near schools, on pedestrian pathways, and in farms, and were often disguised as ordinary daily objects such as **stones or children's toys**. The militia also used **anti-tank mines** to punish communities that resisted its rule.

Independent sources documented **51 casualties** during the reporting period, including **17 deaths**, resulting from mines planted by the Houthi militia. The Houthis continued to use heavy weapons to attack and besiege residential areas, and repeatedly targeted civilians with sniper fire. Houthi attacks on commercial vessels in the Red Sea also persisted in blatant violation of IHL.

Official sources reported 306 cases of arbitrary detention and enforced disappearance attributed to the Houthis, who used arrests to widely suppress opposition, especially during the celebrations held on September 26, 2020, for Revolution Day.

The report indicated that the Zainabiyat played a key role in these operations, involving monitoring and managing field campaigns to prevent the dissemination of information, particularly about the effects of air strikes.

Many detainees remain forcibly disappeared, with some held in complete isolation for extended periods. The primary targets of arrests were journalists, teachers, activists, and religious figures critical of the Houthis. And plenty of more: [here](#)
SO YEAH, Houthis are awful. They ignore law the same way Pali terrorists do.
We even have [Yemenis speaking against the Houthis](#). Ironically enough, they are ignored by the world the same way anti-hamas gazans are.

Chapter 13: Israeli already freed Gaza

"Israel already freed Gaza audience painting Israel as doing all it can for the peace process. In exchange, the ungrateful Palestinians embraced terrorism and continued to reject peace. This narrative that Israel already freed Gaza is part of a long-running myth that Israel is in any way committed to peace. For one, the 2005 withdrawal was in no way an end to Israel's occupation of Gaza. Occupation as a term in international humanitarian law is not about whether the occupying force still has boots on the ground, but whether the occupying force still has effective control over the area. And yeah, even without settlers and military bases, Israel still controls Gaza's land crossings, airspace, territorial waters, declare certain areas in Gaza as no-go zones, and exercises the power to invade and arrest Palestinians in Gaza. Using this control, they restrict the movement of food, calorie counting the bare minimum Palestinians need to survive. The bureaucratic permitting process also restricts Gazans from studying abroad, getting necessary medical care, or leaving the strip. The conditions are so bad, Gaza's famously called the world's largest open air prison. So why did Israel withdraw settlers and military boots in 2005? Well, let's hear what a top aid to Israeli Prime Minister Ariel Sharon had to say about it. "The significance of the disengagement plan is the freezing of the peace process. And when you freeze that process, you prevent the establishment of a Palestinian state, and you prevent a discussion on the refugees, the borders, and Jerusalem. Effectively, this whole package called the Palestinian state with all that it entails has been removed indefinitely from our agenda." "Whenever anyone opposed growing settlements in the West Bank, Israel could point to the image of poor Gazan settlers being evicted and say they sacrificed so much for peace. In addition, the settlers themselves are posing problems and evicting them allowed Israel to better lob missiles into Gaza without harming Israelis."

Then what is the definition of military occupation? By the legal definition as stated in the Article 42 of the Hague convention, a territory is "occupied" only when it is directly under the authority of the hostile army. But after Israel's withdrawal from Gaza in 2005, the Palestinians elected Hamas to administer the land, IDF did not have any authority after withdrawal.

In 2005, Israel left Gaza, and forcefully removed every Jew living in it. Leaving the territory to the Palestinians, the territory was beautiful, had greenhouses and etc...surprise surprise...Palestinians destroyed all that. who rejected the 2008 plan offered by Olmert in 2008 or the peace efforts by Bill Clinton who himself spoke against Palestinians after they rejected peace? Palestinians constantly reject peace, nazism and hate and bigotry against Jews, not only Israelis, is taught to them from birth.

Also, Palestinians aren't an ethnicity, they are Arabs. They aren't a nationality either. Palestinians themselves admitted there is no difference between them and Jordanian Arabs or Arabs in Lebanon... does that mean Jordanians or the Lebanese are Palestinians? Why are Arabs on land that historically doesn't belong to them? Palis have two arguments: 1. Arabs conquered the land, so the stuff they stole belonged to them. 2. Wah, wah, colonialism. These two points clash. However, both arguments are so fragile that they easily fall apart. If you go by the first option, Israel won in 1948; therefore, Palis should listen to their own laws and agenda and stop whining, right? Then comes the second option, where they cry colonialism... while literally supporting Arabic colonialism. If they were truly anti-colonialism, Israel would still exist and "Balestine" would not.

The Oslo Accords were signed bilaterally by both Israel and the Palestinian Authority. The West Bank region was divided into three areas: A, B, and C. Area A was under the PA, Area B was under the Palestinian Authority but Israel maintained its military presence, and Area C was totally under Israeli administration. The checkpoints were installed after both Intifadas. To put it in a few words, the Intifadas involved Palestinians simply targeting citizens, just as they do with too many other groups in the region.

Hamas is a terrorist organization that oppresses Gazans and wants to kill Jews; they don't hide their bloodlust toward Jewish people. Recently, Arab/Arabized countries began waking up after seeing Hamas fail to condemn terror attacks against them by the IRGC. Only after harsh backlash did Hamas get scared and decide to voice a condemnation. The public plea from Hamas came largely as a result of pressure from Qatar, which hosts much of Hamas's political leadership. Qatari officials warned they could halt financial assistance and expel Hamas leadership if the group did not publicly criticize Iran's attacks on Gulf states.

Chapter 14: Why don't Palestinians just peacefully protest?

"They do. Nonviolent resistance is the first option Palestinians have historically used, but it's Israel that responds with disproportionate violence. In the West Bank, attending political gatherings of more than 10 people or displaying flags or symbols is punishable by up to 10 years. Meanwhile, in Gaza, the 2018 to 2019 Great March of Return was a grassroots protest that was overwhelmingly peaceful and unarmed. Demonstrators protested along the Gaza border wall, and in response, Israeli forces opened fire. Of the 183 fatalities caused by sniper fire investigated by the UN Commission, 171 were clearly murdered, shot in the head or torso. Nearly 8,000 people were wounded by live ammunition.

Over that 8-month period, 21 were left permanently paralyzed and 122 more required limb amputations, including 20 children. In stark contrast, the UN report found zero fatalities on the Israeli side. Not one Israeli soldier was killed or seriously wounded." Zionists love to complain about the lack of a Palestinian Gandhi, but they keep murdering all of them. This aggressive response to peaceful protests even extends to the international arena."

[Throwing rocks is peaceful?](#)

2018 to 2019 Great March of Return. There are often reported incidents of stone throwing, as well as tire burning, attempts to damage the fence and, since April, some demonstrators flew kites or balloons towards Israel that carried burning rags and damaged Israeli property, including agricultural land. The Israeli Security Forces (ISF) have responded to these civilian demonstrations with the use of tear gas, rubber-coated bullets, and live ammunition. Why? Because they were NOT peaceful. Also... the Right of Return? Arabs who got up and left, only to later cry like babies? Please.

Framing the Gaza border events as civilian distorts reality. What happened at that border, I think most rational observers would agree, was not an overall civilian protest, but the use of a civilian protest as a tactic in an ongoing armed conflict between Israel and Hamas.

Indeed, classifying the border confrontations as a civilian protest ignores crucial evidence that the "March of Return" was in fact used as a cover for militant activities that were intended to harm Israeli soldiers and civilians. The voluminous evidence includes:

Statements by Hamas leaders inciting attackers to murder Israelis and rallying the crowds to violence. Hamas Gaza leader Yehya Sinwar, for example, said: "We would rather die as martyrs than die out of oppression and humiliation... We are ready to die, and tens of thousands will die with us."

Statement by Hamas Co-founder Mahmoud al-Zahhar admitting the protests are not "peaceful resistance."

Hamas press release admitting that the marches are being conducted by "the organizations of jihad fighters," and that they are managed and supervised by "combat organizations."

The establishment of special military-style units at the border, each responsible for a different type of tactic against Israel.

Instructions posted on the March of Return Facebook page for the May 14 border confrontations, directing attackers to bring weapons (knife, dagger, or handgun), in order to attempt a mass breach of the border.

Numerous examples of violent and militant activities at the border fence, including shooting attacks, planting IEDs at the fence, cutting the fence, and throwing Molotov

cocktails into Israel. See, e.g., Meir Amit Intelligence and Terrorism Information Center's findings about the identities of Palestinians killed in the Gaza border confrontations; Tweet by analyst Joe Truzman with photos of Molotov Cocktails being prepared; Tweet by analyst Joe Truzman with video of machine gun attack on IDF jeep and homes in Sderot; Tweet by Hamas (@PalinfoAr) with video of Gazans cutting the border fence with wire cutters.

Statements by attackers of their intent to breach the fence, invade Israeli communities and kill or kidnap Israelis. One attacker posted this on Facebook: "Kibbutz Kerem Shalom, east of Rafah, is only 300 meters from the border. It has turkey pens, a football field and a pool, [although] it houses only 15 families. Pounce on them with knives." Hamas politburo member Salah Bardawil's admission on May 14, 2018, that 50 out of the 62 people killed on that day were Hamas members, and that more than 50% of those killed since the start of the border confrontations were Hamas members. For more information on the Gaza border confrontation, see UN Watch's December 2018 submission to the COI on Gaza; Rebuttal to the COI on Gaza; and Response to the Gaza COI February 2019 press conference.

This. ISN'T. PEACEFUL. That is terrorism, that also falls under calls for intent of genocide. "Not one Israeli soldier was killed or seriously wounded." this part is false too, several soldiers were wounded and killed during the Great March too.

The rest of the links given in the sources show easily how peaceful they are.

"The boycott, divestment, and sanctions movement is by definition peaceful, but it's been demonized as antisemitic and criminalized in some form at a majority of US states. The "Make America Great Again" folks sure won't like it when they realize all their politicians are actually bought and paid for by the Zionist lobby.

So what happens when all forms of peaceful resistance are violently suppressed? Obviously, people turn to violent resistance. And if people are caged into an open air prison for decades, massacred in routine assaults every few years, and denied the possibility of a better future, well, they'll do anything to break out of that prison."

Lobbying is actually quite legal in the US for the record. There is literally no foreign Israeli "Zionist" lobby paying money. All of them are internal/domestic American lobbying groups, the famous one being AIPAC. But what is conspiratorial is that how domestic lobbying groups are controlling American politics with a miniscule amount of money when the foreign lobbying groups like that of Qatar pay 10 times the same amount particularly like gifting private jets worth \$400M? . Does it have a "Jew free" discount or something? How does this work?

But why would he mention this? He also is a skill for Islamists as well.

Funnily enough, TrackAIPAC anti-semite account on X turned out to be a German marxist.

The BDS movement is largely ignored by Israelis as it harms Palestinians, many times causing them to lose their jobs, while Israelis aren't affected. The event involving BDS and SodaStream is a good example: Israelis weren't harmed, but 500 Palestinians lost their jobs. We already debunked how not peaceful "palis" are. Next is the "Zionist lobby" conspiracy theory. The claim that "Israel controls America" is simply another version of an old blood libel that Jews control America or other countries. There is really nothing to the idea of widespread "Zionist lobbies in the US." Lobbies in America are usually pro-Palestinian, with only a few pro-Zionist lobbies being present there... which were created by Americans.

This bullshit is just another conspiracy theory.

Chapter 15: The problem is Netanyahu, not Israeli society

"A common framing from liberal Zionists is that the problem is the Israeli government, not the Israeli people. Sometimes they go as far as to lay the blame only on Netanyahu, excusing other Israeli officials, even if they've also been active architects of the genocide. "So Netanyahu fired this guy, Gazan Obliterator 69. Really good guy. He was a moderating voice in the government, especially when he said..." "Wow, what a voice of moral clarity. Isn't that right, babe?" *zombie noise* Super majorities of the Israeli public have consistently shown support for the genocide. In February of this year, a poll found approximately seven out of 10 Israelis supported ethnically cleansing Gazans. The only point of contention was whether ethnic cleansing was practical or not. Another poll from last March found 82% of Jewish Israelis supported expulsion and 47% supported killing all Palestinians in Gaza outright. Even beyond Gaza, a majority of Jewish Israelis support expelling Palestinian citizens within Israel. Don't just take my word for it. Listen to what Israelis were saying even before October 7th.

"I don't think there's any answer to it really. There's only one way...like I would carpet bomb them. You would carpet bomb them? It's the only It's the only way you could deal with it. They took it. They took this land and this is our land now. And I don't think there should be no Arabs."This isn't to say that brave anti-Zionist and anti-genocide Israelis don't exist. There are certainly courageous individuals who, for example, act as shields for Palestinians being beaten by racist mobs. But according to anti-Zionist Israelis themselves, they're a tiny tiny minority within an overwhelmingly genocidal society. The problem isn't Netanyahu or a few bad apples in the Israeli government. The problem runs much deeper and much longer, long before--- All the arguments I've addressed so far have been primarily pushed in response to "

Yeah maybe showing one or two Israelis having some extreme opinions about "carpet bombing" Gaza is a good idea to put the blame on all Israelis.

Moreover, there is nothing abnormal for the Israelis to have such strong opinions after they live with terrorist neighbours who would “go so far” as to celebrate terrorist attacks like 9/11 or Oct 7. In fact when their fellow “neighbours” take inspiration from that good old painter’s book who was responsible for killing 6M Jews in a state sponsored terrorism.

This guy can only cry about the Israeli public and their opinion polls, not the 20-21% Arabs who live peacefully in Israel. He pushed all these numbers...does that mean even Arabs don’t want Gazans around? This hypocrite talks about Israeli society while the irony is that almost all major pro-Pal influencers, Gazans, the entire far-left ecosystem, Islamists, neo-Nazis, both woke-left and woke-right, the New Right and almost the entire pro-Pal movement had celebrated October 7th. They glorify Hitler and celebrate civilian death even when it's unrelated to the conflict and happened due to disaster or accident or natural causes. They have also been seen glorifying anti-Jewish attacks globally. total of 75% of respondents agreed with the October 7 attack and 74.7% agreed that they support a single Palestinian state “from the river to the sea.” They support terrorism and genocide here. And for SSS and his Islamists? That is fine. Only 7% of Palestinians said that they believed that Hamas committed atrocities on October 7. They either deny rape, massacres, and many horrors or celebrate them. Hypocrisy much?

https://youtu.be/gMA6DcHquEU?si=TibMLj_Jq6d_P8fz

And of course, unlike you, there is no way for us to put the blame particularly on either Israeli people or their government, we in fact know both the people and their administration in Palestine are generational terrorists who believe in the Islamic eugenics. Like one instance of Mein Kampf already stated for the people, while “Pay for Slay” for their government linking the people as well, where terrorists are rewarded for killing a Jew.

Also a serious question, how do you "resist" on someone else's soil?

<https://www.jpost.com/middle-east/article-872574>

Chapter 16: Hamas started it on October 7th

"All the arguments I've addressed so far have been primarily pushed in response to October 7th.

But if we start and end with October 7th, that would be tacitly accepting a frame that Zionists themselves push. That on October 7th, H*mas terrorists massacred over 1,200 Israelis for no reason other than that they hate Jews. For a lot of Zionists, October 7th justifies everything. "Don't cry about a war you couldn't finish." They say while running to their bomb shelters after unilaterally bombing Iran. But where did Gaza come from? Where did H*mas come from? And why did Palestinian resistance fighters have to

break out of these walls that just randomly happen to be there? Gaza is a tiny strip of land, slightly more than 2% of the land mass of Palestine. It's 25 miles long and around 6 miles wide and one of the most densely populated places in the world. The reason it's so densely populated goes back to 1947 and 1948 to the founding of Israel. For decades before 1947, the Zionist movement had built up support from the British Empire to take over the land of Palestine and build a Jewish state. The problem was, of course, that Palestine already had inhabitants, Palestinians, who didn't want to be displaced from their own homes. By 1947 to 48, however, the Zionist movement solved this problem with one easy trick: ethnic cleansing. They simply ruthlessly kicked out Palestinians, demolished Palestinian villages, and pushed them all into the surrounding countries or the West Bank and Gaza Strip, the two Palestinian territories that exist today. Israel occupied both territories after the 1967 war and have enforced increasingly harsh repression over the decades. In the West Bank, Israel has established settlements that are recognized internationally as illegal in preparation for full annexation. Gaza, meanwhile, suffers from a blockade tightened by Israel since 2007, while being routinely massacred in mowing the grass operations."

Quick question though,

How can one start a resistance from occupation by crossing walls/borders and on top of everything killing, burning and raping unarmed civilians instead of scratching a single military personnel?

Hmm I wonder why Israel blockaded Gaza in 2007, after withdrawing from Gaza in 2005. What really happened in that 1 year gap? That's right, the Palestinians elected in the "Israeli killer" group, Hamas.

Yeah right, let's just forget all the times Israel unilaterally supported the two state idea and offered to share land starting from the 1937 Peel commission to the 2008 offer by Ehud Olmert particularly linking Gaza and West Bank via a safe corridor. What the fuck was the Arab-Israeli war of 1948 and who rejected the UN Resolution at the time to eradicate all the Jews? Who ordered the Palestinians to migrate so they can eradicate all the Jews and then get resettled? For more than 85 years, the question of Palestinian statehood has been the subject of international diplomacy, high-stakes summits, and repeated offers of compromise. Yet one stubborn reality is often overlooked: the Palestinians and their Arab allies have been presented with multiple opportunities.

Violence erupted in the British Mandate in April 1936. In that month, six prominent Arab leaders overcame their rivalries and joined forces to protest Zionist advances in the land. The Arab High Command, as the group was known, was led by the Mufti, Haj Amin al-Husseini, and represented Arab interests until 1948. For those unaware, the Mufti was given honorary aryan status and was an ally to Hitler. Eighty Jews were

murdered by terrorist acts during the labor strike, and a total of 415 Jewish deaths were recorded during the whole 1936-1939 Arab Revolt period.

And talking about Hamas, it has in its charter written “to eradicate the Israeli state” not to “Free Palestinians from occupation”. Hmm, I wonder which “resistance organisation” ever calls for freedom through eradication other than defending.

And yeah the Palestinian Islamic Jihad, why would they have to bring up religious fight into their freedom movement and wonder if it made sense after Israelis had Muslims and Arabs living in prosperity.

"But where did Gaza come from? Where did Hamas come from? And why did Palestinian resistance fighters have to break out of these walls that just randomly happen to be there? Gaza is a tiny strip of land, slightly more than 2% of the land mass of Palestine. It's 25 miles long and around 6 miles wide and one of the most densely populated places in the world. The reason it's so densely populated goes back to 1947 and 1948 to the founding of Israel. For decades before 1947, the Zionist movement had built up support from the British Empire to take over the land of Palestine and build a Jewish state"

Yeah, I wonder what the UN Partition Plan was and who rejected it? Gaza, by the way, was historically JEWISH, with archaeology dating back to before the creation of Islam and the colonial, genocidal Arab Muslim conquest in the 7th century. Another funny thing he wrote here is about support from the British Empire, while in reality, they were forced to support it after Israeli freedom fighters and organizations like the Haganah were whooping their asses.

This particular propaganda involving British and Nazi association with Zionists is basically part of the Soviet disinformation campaign. Operation SIG was a KGB-directed disinformation and propaganda operation conducted from 1967 to 1988, designed to incite anti-Israel hatred across the Islamic world and sow regional instability by leveraging antisemitic tropes and fabricating a unified Palestinian national identity to eclipse Jewish historical connections to the land. Launched in the aftermath of the 1967 Six-Day War, the campaign—whose acronym stood for *Sionistskiye Gosudarstva* ("Zionist Governments")—employed forged documents, media infiltration, and agent provocateurs to portray Israel as a colonial aggressor akin to Nazi Germany, thereby aligning Arab states against both Israel and the United States.

Between August 1946 and May 1948, the British government intercepted more than 50,000 Holocaust survivors seeking to resettle in Palestine. They interned these survivors in detention camps established on the Mediterranean island of Cyprus. The Brits often sent Jews who were trying to escape the Holocaust back to Hitler. And when

Jews were being massacred—like, for example, in the Hebron massacre—well, Jews had to protect themselves. The Brits looked away. On August 23–24, 1929, over 60 Jews were murdered in what became known as the Hebron Massacre. It was one of the bloodiest slaughters of Jewish civilians during British rule. Shouting "Kill the Jews," the genocidal Arabs broke into Jewish houses and castrated, raped, and murdered the inhabitants. Many Jews went into hiding, and some were saved by Arab neighbors who hid Jewish friends until the violence had ended.

In his letter, Bernzweig described an Arab family who had protected him and dozens of other Jews: "Five times the Arabs stormed our house with axes, and all the while those wild murderers kept screaming at the Arabs who were standing guard to hand over the Jews. They, in turn, shouted back that they had not hidden any Jews and knew nothing."

British High Commissioner Sir John Chancellor later wrote of the massacre: "The horror of it is beyond words. In one house I visited, not less than twenty-five Jewish men and women were murdered in cold blood." This is a good moment to remind everyone that "Palis" have been part of the Arab Ummah ever since the 7th century. Since the creation of Islam, Arabs/Muslims—which includes Palestinians—have massacred, raped, enslaved, and genocided many, especially Jews. So yeah, maybe history didn't start on October 7th, but it started back in the 7th century, just as the "Palestinians" hint at.

The Jews accused the British of behaving like the czars of Russia; that is, they accused the British of standing idly by while mobs massacred innocent Jews in cold blood. Due to their inadequacy in protecting the Jewish population, the British very reluctantly agreed to arm the Haganah, the main Jewish paramilitary organization in Palestine.

So that means, The British authorities left the local Jewish communities—many of whom were civilians with no formal military experience or organized defense networks like the modern IDF—completely vulnerable to hostile mobs. It was only after these devastating civilian massacres that the British very reluctantly permitted the Jewish population to form and arm their own local self-defense units, such as the Haganah, simply to survive.

"The problem was, of course, that Palestine already had inhabitants, Palestinians, who didn't want to be displaced from their own homes. By 1947 to 48, however, the Zionist movement solved this problem with one easy trick: ethnic cleansing. They simply ruthlessly kicked out Palestinians, demolished Palestinian villages, and pushed them all into the surrounding countries or the West Bank and Gaza Strip, the two

Palestinian territories that exist today. Israel occupied both territories after the 1967 war and have enforced increasingly harsh repression over the decades."

1. Haifa Massacre (1937):

What triggered it: Arab revolt violence, killings of Jewish civilians and ambushes and bombings across Palestine (by Arabs)

Why it happened: Irgun bombing in the Arab market was in retaliation of anti-Jewish killings by Arabs during 1936-39 revolts which began with Arab strikes on Jewish communities.

2. Jerusalem Massacre (1937):

What triggered it: Arab attacks on Jewish areas including shootings and bombings in Jerusalem.

Why it happened: Zionist paramilitary bombings responded to Arab guerrilla attacks and murders of Jewish civilians in the city during the revolt.

3. Haifa Massacre (1938):

What triggered it: Continued Arab revolt killings of Jews including roadside ambushes and market attacks.

Why it happened: Irgun car bomb responded to specific Arab murder of Jews.

4. Balad al-Sheikh Massacre (1939):

What triggered it: Arab mob attack on Jewish workers at Haifa refinery killing 39 Jews.

Why it happened: The Haganah/Palmach raid blew up the houses from where the attackers had come and was in response to the killings which happened days earlier.

5. Haifa Massacre (1939):

What triggered it: Arab Revolt bombings and shootings targeting Jews.

Why it happened: Part of tit for tat violence during the time.

6. Haifa Massacre (1947):

What triggered it: Arab attacks on Jewish convoys and neighborhoods after UN partition vote

Why it happened: Violence escalated after Arab leadership rejected partition and launched attacks on Jewish areas.

7. Abbasiya Massacre (1947):

What triggered it: Arab ambushes and attacks on Jewish traffic near the village.

Why it happened: Haganah attack responded to village-based attacks on Jewish vehicles.

8. Al-Khisas Massacre (1947):

What triggered it: Arab cross-border raid killing 4 Jews in kibbutz near Safed.

Why it happened: Palmach raid destroyed houses in retaliation for the kibbutz attack.

9. Bab al-Amud Massacre (1947):

Arab sniper fire and attacks in Jerusalem mixed areas.

Bombing at Damascus Gate responded to Arab violence in the escalating civil war.

10. Jerusalem Massacre (1947):

Multiple Arab bombings and shootings in Jewish quarters.

Irgun operations countered Arab attacks that had already killed dozens of Jews.

11. Sheikh Bureik Massacre (1947):

Village used as base for attacks on Jewish traffic.

Part of efforts to secure roads amid Arab blockade and attacks.

12. Jaffa Massacre (1948):

Arab sniper fire, shelling, and blockade from Jaffa on Tel Aviv.

Irgun bombing/attack during battle to break Arab stranglehold on Jewish areas in 1948 war.

13. Khan Yunis Massacre (1956):

Years of Palestinian fedayeen cross-border raids killing Israeli civilians

Security Operation

IDF killings during roundup of suspected terrorists after repeated infiltration attacks.

14. Jerusalem Massacre (1967):

Egyptian/Syrian/Jordanian mobilization, blockade, and threats of war

Preemptive War Response

Minimal civilian deaths during capture of East Jerusalem in Six-Day War; Israel struck first after existential threats but Arab states had initiated buildup.

15. Sabra and Shatila Massacre (1982):

Assassination of Lebanese President Bashir Gemayel by pro-Syrian militants.

Indirect Allowance

Phalangist militias entered camps seeking PLO fighters in revenge for Gemayel; Israeli forces surrounded but did not stop it (Kahan Commission faulted Sharon)

Not an Israeli massacre.

16. Al-Aqsa Massacre (1990): Palestinian riots and stone-throwing at worshippers on Temple Mount

Israeli police fired on violent rioters endangering lives which was triggered by the riot itself.

17. Ibrahimi Mosque Massacre (1994):

Ongoing Palestinian stabbing/terror attacks during Oslo process

Lone Extremist Act

Jewish settler Baruch Goldstein acted alone and was not ordered by Israeli forces. This was also condemned by Israel.

18. Jenin Refugee Camp (2002):

Wave of Palestinian suicide bombings killing hundreds of Israeli civilians.

Anti-Terror Operation

IDF battle to clear terrorist stronghold during Second Intifada, UN and HRW found no civilian massacre, mostly combatants killed.

19. Gaza Massacre (2008–2009):

Thousands of Hamas rockets fired at Israeli towns after the ceasefire ended.

Defensive Operation

Operation Cast Lead was launched to stop rocket fire targeting civilians.

20 and 21. Gaza Massacre (2012 and 2014)

Same as above and Hamas kidnapping/murder of 3 Israeli teens, followed by massive rocket fire

The Pillar of Defense air campaign responded to escalated attacks.

Defensive Operation

Protective Edge triggered by murders and rockets.

22 and 23. Gaza Massacre (2018–2019 and 2021):

Hamas-organized border riots with attempts to breach fence, explosives, kites

Hamas rockets fired amid tensions in Jerusalem.

Defense

IDF response to violent protests aiming to infiltrate Israel.

Guardian of the Walls responded to rocket barrages.

24. Gaza war (2025): Self explanatory.

[THIS LOVELY LIST HERE](#) will include just how genocidal the pro-Pal movement is, they have been massacring Jews since the birth of Islam.

"They ruthlessly kicked out Palestinians, destroyed their villages, and pushed them all into the modern-day territories of Gaza and West-Bank."

"Israel occupied both territories before 1967 and have enforced increasingly harsh repression over the decades"

"In the West Bank, Israel has established settlements that are recognized internationally as illegal in preparation to fully annex West Bank"

Bro oversimplified history of the region so much that even Oversimplified's oversimplified history videos are less oversimplified than this.

Did you fail history classes or have not done any fucking research on this?

No it was NOT Israel that occupied West Bank and Gaza until 1967, West Bank was under Jordanian control while Gaza was under Egyptian control after they occupied it during your infamous "Nakba". And in fact, the questionable part which people should be asking themselves is where was "Palestine" or the "Palestinians" in that entire timeline? The Palestinian Nationalism was started back in 1964, then who do you associate with "Nakba"? Even if I consider "Palestinian" identity as legitimate, why didn't Jordan or Egypt give Palestinians their land in those 3 years? In fact the "Free

Palestine" phrase was first used by the Jews back in 1937 under Zionist organisations for Jews to self determine in their homeland of Judea Samaria.

So rather than questioning Israel's legitimacy, which you can never disprove, better question about Palestine's legitimacy and why even their fellow allies don't support them.

Constantin Zureiq, the "Palestinian" Syrian intellectual who coined the term "Nakba" (disaster), described it as "Seven Arab states declare war in an attempt to subdue Zionism, stop impotent before it, and return on their heels". The Nakba was understood to be the shameful failure to defeat the lowly Jews in war. Plenty of Arabs don't live in a permanent victim-hood mindset, they are aware of their crimes.

Oh really? Focus of annexation of West Bank? Israel has the capability to do that in just a mere few days, why haven't they done it till now then?

"In the West Bank, Israel has established settlements that are recognized internationally as illegal in preparation for full annexation. Gaza, meanwhile, suffers from a blockade tightened by Israel since 2007, while being routinely massacred in mowing the grass operations. Conditions in Gaza have only deteriorated. 71% of the population are refugees, 81% live below the poverty line, 64% are food insecure, and nearly half are children. This is all according to the Israeli government's plan. Of course, they had long adopted a policy of divide and conquer, supporting Hamas in Gaza and the Palestinian Authority in the West Bank to ensure Palestinians remain politically divided, impoverished, and desperate. The story of Israel-Palestine is the age-old story of settler colonialism. Zionists ethnically cleansed Palestinians from their land, occupied the remaining territories, and kept them in a state of political division and desperation. As Netanyahu said, "We control the height of the flames." October 7th exposed that they did not in fact control the height of the flames. October 7th was not a burst of inexplicable terrorism. It was the inevitable result of dispossessing, besieging, occupying, and colonizing a people for decades."

Not going into the West Bank Argument after all it is already debunked via Oslo Accords.

And again, the right to self determine in your homeland does not go along the definition of colonization, or occupation. Like said before, even the "Free Palestine slogan" was of a Jewish Origin.

And again, “colonizing, dispossessing, besieging, or occupying people”, does not justify the indiscriminate killing, murdering and raping 1200+ unarmed innocent Israeli civilians in the second worst attack on Jews since the Holocaust, literally debunking your “disproportionate” claim when it comes to Israelis doing the same.

Because your logic also justifies Israel’s response after Oct 7 attack.

Chapter 17: Idk it’s so complicated, they’ve been fighting for thousands of years Now that we’re moving beyond the October 7th framework into broader arguments, the stereotypical image of Israel-Palestine is that the conflict is a thousand-year-old clash of civilizations between Jews and Muslims who both hold claims to the same land. For many Americans influenced by Islamophobia, they see all Muslims as terrorists. So, it’s easy to choose which side to support in this eternal fight. But the conflict is not an internal religious conflict, but a modern colonial one.”

"Zionism proper began in the mid-19th century. The first Zionist conference was in 1897, and Israel itself was established in 1948. KFC, microwaves, rocket ships, Nintendo, Joe Biden, and Donald Trump are all older than the state of Israel. What talking points like this do is obscure the nature of the conflict. It’s not an age-old religious battle between Muslims and Jews. In fact, the land of Palestine was historically a multi-religious society with Muslims, Jews, and Christians all living together during Ottoman rule. What Zionism did was claim that the entire land already populated with a thriving multi-religious Arab society belonged entirely to Jewish people. To pursue that goal, Zionist settled mostly European Jews and ethnically cleansed their indigenous inhabitants of Palestine. Decades of dispossession, violence, denial of basic human rights and now outright genocide were and are necessary to ensure that an originally Arab society became settled and replaced with the Jewish supremacist ethnostate.

This of course happened in the last 100 years, hardly an internal conflict. To quote from the Israeli historian Ilan Pappé, "The last paradox is that the tale of Palestine from the beginning until today is a simple story of colonialism and dispossession. Yet the world treats it as a multifaceted and complex story, hard to understand and even harder to solve."

Even the funniest part of this argument is that there was not even a state called “Palestine” in or after 1948, let alone prior to 1948. So that means KFC, microwaves, rocket ships, Joe Biden, Donald Trump and in fact the modern nation of Israel are not just way older than the “Palestinian Nationalism”(created in 1964), there still has not been a nation named “Palestine” yet.

And the biggest irony of this entire fiasco is how they accuse Israel (comes from the other name of Jacob in Hebrew) as a colonial state, when the name Palestine itself was used by the British to name their mandate they controlled after fighting the Ottomans in the First World War. Yes the same old Colonial British Empire you accuse the Zionists for allegedly “swearing allegiance to”.

And it doesn't really end there, the word “Palestine” was even anglicised from the Romans as “Syria Palestina” after Hadrian displaced the Jews out of Judea and Samaria (the original name of the land before the word “Palestine” was even known), the colonial Empire that not only eradicated some of the oldest civilizations as that of Carthage but also poured tons of salt on the captured soil to convert them into barren wastelands unfit for cultivation, a literal attempt to exterminate the inhabiting the indigenous population living there.

Even going further, the name has its roots in Greek, that they used to name Philistines (a contemporary group who mostly lived on the outskirts of Levant), and yeah I don't think I need to explain who Alexander was as I have a tad bit of hope left with you on your history knowledge.

So basically a 3 tier colonial terminology you're using to expel not just the Jews indigenous to the land, but also trying to change the history of the ancient Philistines.

And the surprising part, even the modern “Palestinian” flag originates from the colonial Ottoman empire, all way up to representation of the Colonial Arab revolt, Mark Sykes, a Colonial British diplomat.

Now I wonder who the real colonizers are.

One single Jewish holiday Hanukkah is older than Islam, ‘Palestine’ and ‘Palestinian’ identity combined.

Jews originated from the Israelites and Hebrews of historical Israel and Judah, two related kingdoms that emerged in the Levant during the Iron Age. The earliest mention of Israelites is inscribed on the Merneptah Stele c. 1213–1203 BCE; later religious literature tells the story of Israelites going back at least as far as c. 1500 BCE.

Traditionally, the name *Israel* is said to originate with the Hebrew patriarch Jacob, who provides a narrative etiology for the name – after wrestling with an angel, Jacob is renamed Israel, meaning “he who struggles with God”. The Kingdom of Israel based in Samaria fell to the Neo-Assyrian Empire c. 720 BCE, and the Kingdom of Judah to the Neo-Babylonian Empire in 586 BCE. Part of the Judean population was exiled to

Babylon. The Assyrian and Babylonian captivities are regarded as representing the start of the Jewish diaspora. Zionism is as old as that. There is 30000+ Islamic terror attacks since 9/11. 500 is too less a number. [Here we have the lovely Nas daily to further debunk](#) And Palestinians [admitting they are Arabs, therefore, colonizers](#).

This will be finished off in Nukes.

Because HBB was the one who mainly debunked it.

Surah 9:5 ("The Sword Verse")

"But when the forbidden months are past, then fight and slay the pagans wherever you find them, and seize them, beleaguer them, and lie in wait for them in every stratagem of war; but if they repent, and establish regular prayers and practise regular charity, then open the way for them: for Allah is Oft-forgiving, Most Merciful." (Alquran)

Surah 9:29 ("The Jizyah Verse")

"Fight those who do not believe in Allah or in the Last Day and who do not consider unlawful what Allah and His Messenger have made unlawful and who do not adopt the religion of truth from those who were given the Scripture — until they give the jizyah willingly while they are humbled." There is nothing irrational to something violent and really poses an existential threat.

[Quran 8:65](#), [Quran 9:30](#), [Quran 9:5](#), [Quran 47:4](#), [Quran 22:19](#), [Quran 9:123](#)

"Gaza, meanwhile, suffers from a blockade tightened by Israel since 2007, while being routinely massacred in mowing the grass operations. Conditions in Gaza have only deteriorated. 71% of the population are refugees, 81% live below the poverty line, 64% are food insecure, and nearly half are children. This is all according to the Israeli government's plan. Of course, they had long adopted a policy of divide and conquer, supporting H*mas in Gaza and the Palestinian Authority in the West Bank to ensure Palestinians remain politically divided, impoverished,"

The audacity of this moron of calling Hamas and PA Israeli puppets.

Hamas won the January 25, 2006 elections in Palestine, winning 42.9 % of the vote (with 77% percent voter turnout), giving it a parliamentary majority with 74 of the 132

seats. This signals a major turning point in Palestinian politics, overturning 40 years of domination by the rival Fatah party.

The first half of 2007 saw a dramatic shift in internal Palestinian politics. Several months of heavy internal clashes in Gaza, during which hundreds were killed and injured, culminated in Hamas's takeover of the Gaza Strip in June. This prompted President Abbas to dissolve the Palestinian National Unity Government, which had taken office in March, and install an emergency cabinet whose influence was effectively limited to the West Bank. With Hamas ousted from the PA, the Western aid embargo was lifted, opening the door for the resumption of direct assistance to the Palestinian Authority (PA). The Government of Israel (GoI) also announced that it would release hundreds of millions of US\$ in PA tax revenues held since Hamas's January 2006 election victory. Meanwhile, following Hamas's take-over, the GoI tightened access restrictions for persons and goods into and out of Gaza. At the end of the reporting period commercial crossing points lay idle, with access at best intermittent and restricted to supplies of fuel and basic humanitarian commodities. Approximately 6,000 persons remained trapped at the Egyptian side of Rafah crossing at the end of June, waiting for permission to return to Gaza

To debunk the "Israel created Hamas" bullshit more, Hamas started off as a local, non-violent Islamic charity branch (Mujama al-Islamiya) run by Sheikh Ahmed Yassin which Israel had allowed to run community centers and clinics, which was long before Hamas created it's terrorist branch and even was named Hamas. By the way, it would be the same people like you who would have screamed "apartheid" against Muslims if Israel hadn't allowed him to do that.

Chapter 18: God promised this land 3,000 years ago

"Despite most of them not being religious, the earliest Zionists realized that the Bible was a convenient justification to colonize Palestine. Turns out you can get away with a lot when the big guy upstairs is okay with it. According to this logic, the Jewish people were promised the land of Palestine 3,000 years ago, and so it's actually okay to ethnically cleanse Palestinians. There are a few problems with this, of course, that you can't just steal someone's home by saying, "God promised me this home 3,000 years ago." I mean, every colonial movement has justified colonization in one way or the other by saying, "God promised me this land." But beyond that obvious point, the early Zionists looked at alternative places to colonize and create a Jewish state. Theodor Herzl, the father of modern Zionism, considered Uganda, areas in North and South of America, and Azerbaijan. You're really telling me that God promised Uganda to the Jewish people 3,000 years ago."

Even If I see it other than a theological perspective, literally no ancient historical evidence hints at the existence of “Palestine” as a civilization or “Palestinians” as the people because the word itself has nothing to do with nationality, nor with an ethnicity, part of a civilization dedicated to them. In fact all the historical findings point towards Jewish ties to the land which is well documented and way older than “Palestine”.

As a matter of fact even the bible never used the word “Palestine”, in fact the word Israel was mentioned 2500+ times all as the name of Jacob, as the people, and as the Kingdom of Israel. Philistia was at most mentioned in the bible which is definitely not “Palestine”.

And yes you are definitely not wrong. Having your 3000 year old ancestry to your land you rightfully belong to, does NOT mean ethnic cleansing of the people currently living there, it means just the other way round.

In the theological sense, Uganda was never mentioned as a land for Jews, Herzl considered the Uganda scheme because the British offered a territory in East Africa not particularly Uganda but Kenya or better to say Uganda proper, as a possible place so Jews can take refuge especially after the pogroms in the Russian Empire.

There is no such claims about Azerbaijan, not even North America. These claims are false. Argentina however was mentioned in his book of 1896, Der Judenstaat as a possible place for Jews in Europe for facing persecution to take refuge and establish a Jewish state which later on was focused on their ancestral homeland you call “Palestine” which was under Ottoman occupation back then. Perhaps you mean the colonial Ottomans as “Palestinians” that's a different story.

Chapter 19: Zionism is a decolonial, national liberation movement

"A common argument from Zionists is that it's not settler colonialism. Actually, they say Zionism can't be colonialism because the Jewish people were there first. They were exiled by the Romans and Israel is simply a national liberation. No, a decolonization movement returning Jewish people to their homeland. See that settler from New York stealing a Palestinian home in the West Bank? This is what decolonization looks like. The most obvious counter-argument is that the founders of Zionism themselves openly said that they wanted to colonize Palestine, labeled themselves as colonizers, wrote that they wanted to expel the indigenous Palestinians by force, and made friends with some of the biggest colonizers of their time. Then after World War II,

when colonization became a dirty word, Zionism rebranded, and it's now unfashionable to talk about Zionism as colonialism. But aren't Jewish people indigenous to the land of Palestine?

The Romans kicked them out and Zionism is simply returning the descendants of this Jewish diaspora to their rightful homeland. Now, I could go the route of deconstructing this historical Zionist argument that multiple genetic studies show that Palestinians and Israelis share common ancestry. That there's no evidence of a mass Roman exile of Jewish people. That many lower-class Jewish people stayed in the land converting to Christianity than Islam following the Arab conquest in 7th century. And that as Shlomo Sand concludes, many Palestinians today are likely descendants of ancient Judeans. But let's put all that aside and pretend everything about the Zionist historical narrative is true. So what? Just because your ancestors supposedly lived in the land thousands of years ago gives you justification to ethnically cleanse the people currently living the land today?"

What's the Wikipedia page on the entire Jewish history?

This whole thing is simply debunked by the book Judaic Encyclopaedia.

The whole "promised 3000 years ago" is an attempt to erase Jewish ties to the land, even if one completely ignores or dismisses religion, Jews have already been proven time and time again that they are from Israel or Judea and Samaria. The slogan is meant to dismiss facts, history, science and archaeology and frame them as "Jews are entitled brats".

There is a criteria for what makes a group indigenous according to the UN permanent forum on indigenous issues, indigenous people are defined by the following:

1. Self identification as indigenous peoples at the individual level and accepted by the community as their member.
2. Historical continuity with both pre-colonial and/or pre-settler societies.
3. Distinct social, economic, or political systems
4. Distinct language, culture and beliefs
5. Dorm non-dominant groups of society And lastly..
6. Resolve to maintain and reproduce their ancestral environments and systems as distinctive people and communities

Jews fit all of these criteria; Palestinians, however, do not.

Yes, Jews have been confirmed time and time again, even by DNA tests, to be the descendants of Canaanite tribes. Therefore, they cannot be colonial.

They meet the requirement of self-identification as indigenous peoples at the individual level, while being accepted by the community as members.

They possess historical continuity with pre-colonial and/or pre-settler societies. (Palestinian ancestors arrived in the 7th century through a bloody conquest; they have no history in the land before that.)

They maintain distinct social, economic, or political systems (Palestinians do not).

They preserve a distinct language, culture, and beliefs. (Palestinians speak Arabic, their culture is Arabic, and they are predominantly Muslim most of the time. There is nothing unique.)

They form non-dominant groups of society. (Literally look at the region; it is completely Arabized.)

They resolve to maintain and reproduce their ancestral environments and systems as distinctive peoples and communities. (Palestinians do not, they consider themselves part of the Arab Ummah,)

[A relief in The Arch of Titus depicting the exile of the Jews, Romans very much exiled and slave traded the jews.](#)

And also what the fuck was the Bar Kokhba revolt then? We already sent evidence for the 7th conquest, and the other stuff.

conclusions or altering your message:

People are attempting to erase the fact that Jews were already present in the land. It is as if no one was there—who, then, died in Hebron or during the Farhud?

Palestinians have repeatedly massacred Jews and other minorities all over the region, with the Damour massacre serving as one example. Palestinians were not victims; they allied with Hitler, were very clear about wanting to wipe out the Jews and drive them into the sea, but they lost. Today, they mourn the outcome like pathetic, spineless babies, despite the fact that the Syrian historian who literally coined the term "Nakba" admitted the Arab armies lost a war they themselves started. Actions have consequences.

They were the ones attempting to commit genocide and ethnically cleanse the Jews, resulting in more than 850,000 Jews being ethnically cleansed in 1948. Palestinians themselves, as well as many other Arabs, have stated that they simply got up and left.

People would feel sympathy for those who were displaced if they would actually take accountability for their crimes, such as acting like Nazis, killing and raping Jews on numerous occasions, and even starving them in Jerusalem. They were not peaceful, and they brought all of this upon themselves.

[This actually was the time when the mass killings/displacements took place](#)

And it's said that Hadrian changed the name to "Syria Palestina" during that time. After that happened. Basically it wasn't a former exile order like the Babylonians did. But that doesn't mean displacement didn't happen at all either

"now the Shlomo Sand concludes, many Palestinians today are likely descendants of ancient Judeans."

Palestinians (*Arabic*: الفلسطينيين, *romanized*: *al-Filasṭīniyyūn*) are an [Arab national](#) group, descended from those who have inhabited the area over the millennia. They represent a highly homogenized community who share a [cultural](#) and [ethnic identity](#), and close [linguistic](#) and cultural ties with other [Levantine Arabs](#)

Hence, they are Arab colonizers.

While some Palestinians are found with Jewish DNA, that highlights something very important. The saved Samaritan was raised in a Muslim Palestinian household; he later left Islam. Sometime later, a Jewish lady known as @joanofarc on Instagram helped him get a DNA test. It showed that he was Jewish, and it showed one of the Arab empires that Arabized and colonized the region. He had assimilated and was colonized, but eventually broke free. Palestinians having Jewish DNA highlights that Arabs forcefully Arabized many, Palestinians are no different than other Arabs in the region, as they stated.

Arabization or Arabicization is a sociological process of cultural change in which a non-Arab society becomes Arab, meaning it either directly adopts, is forced to accept, or becomes strongly influenced by the Arabic language, culture, literature, art, music, and ethnic identity, as well as other socio-cultural factors. It is a specific form of cultural assimilation that often includes a language shift or linguistic imperialism. The term applies not only to cultures but also to individuals as they acclimate to Arab culture and become "Arabized." Arabization took place after the Muslim conquest of the Middle East and North Africa, as well as during the more recent Arab nationalist policies toward non-Arabic speaking minorities in modern Arab states, such as Algeria, Iraq, Syria, Egypt, Bahrain, and Sudan.

Meaning? This basically means the so-called "Palestinians" are the byproduct of Arabization. If they want to be considered indigenous, they will have to fully abandon their Arab Ummah, leave the "pali culture" behind, and return to being either fully Jewish or Samaritan. No anti-Zionism BS.

Palestinians are neither a nationality (no country) nor an ethnicity (they don't show up in DNA tests). A nationality having ancestry makes no sense. It is not an ethnicity either.

"It's a ridiculous argument. Do the Italians deserve the right to colonize the lands of the entire former Roman Empire because their ancestors lived there in the past? Indigeneity isn't about who lived on a land thousands of years ago. It's a relationship imposed by colonialism. The indigenous colonized who are dispossessed versus the colonizer who dispossesses. And when you're actively displacing people, murdering them, stealing their homes, bulldozing their towns, and committing a genocide, you are the colonizer. At least the early Zionists had the courtesy to embrace the term."

So do you mean to say people native to a land are not indigenous? Roman Empire is a bad analogy as they did expand beyond their region and conquered other civilizations. But those Roman conquests do not discard Italians' right over their original homeland. Although the same argument does not hold for Jews because their kingdoms captured very small parts of land beyond Judea Samaria and not a literal mighty empire like the Romans.

Anyways all this does predate Arabs, so that was way far from the question of "Palestine".

...except that it is about who lived all those years ago. The literal criteria mentions that.

Historical continuity with both pre-colonial and/or pre-settler societies. Jews have a continued 3000+ year presence in Israel. The current Jewish year is 5786. Palestinians or ARABS/Muslims throughout history did everything that SSS mentioned to the Jews...but he ignores that because "uwu Palestine"; poor "balis" can't be colonizers and kill Jews in peace. We have already time and time again shown how Jews, an ethnoreligious group, are indigenous and "Palis" are an Arab product.

Chapter 20: The Holocaust justifies Israel

"The problem with this argument is that Zionism and efforts to colonize Palestine, as I talked about before, long predate the Holocaust. But even ignoring that, why should Palestinians pay the price for a European genocide they had nothing to do with? Does suffering through persecution justify persecuting random other people? Many settler

colonial projects were started by people who were persecuted. Some of the first American colonizers were Puritans fleeing persecution in England. Liberia was

colonized by former enslaved Africans in the Americas. Persecution doesn't give you a get out of settler colonialism for free card. And suffering through genocide certainly doesn't give you free reign to commit a genocide.

We already debunked the whole genocide stuff. As well as the settler colonialism and colonialism bullshit. Also Palestinians supported the Holocaust, they allied with Hitler, the overwhelming majority did.

Chapter 21: Israel is necessary for Jewish safety

"Israel is objectively the least safe place for Jewish people right now and has been the only place where Jewish people have been killed in large numbers since its founding in 1948. Because obviously if your society is built on ethnic cleansing, dispossession, and terror of other people, the people you're terrorizing will resist regardless of who their oppressors are. This is why the idea that Palestinians are uniquely antisemitic falls flat. If your home was stolen from you and you've been stripped of basic necessities to live a peaceful life."

Israel is literally the 8th most happiest country despite facing existential threat from outside its borders.

For Chapter 21, who the fuck killed those in the first place, huh? Seven Arab armies wanted to colonize the land and make it Jewish-free, and you failed. Womp womp. Even before 1948, Arabs were massacring Jews and plenty of other minorities. "If your home was stolen from you and you've been stripped of basic necessities to live a peaceful life."

Thank you for acknowledging Arab crimes; they colonized the SWANA region and Jews resisted, finally decolonizing Israel in 1948.

We have already included a large list of crimes that began as early as when Islam was founded, up to 2023. Israel gave Jews and other minorities a safe place where they won't have to worry about Arabs/Palis going 'allah snackbar' and exploding in their faces.

Palestinians are the only factor that is not letting peace happen; as soon as they abandon their victim mentality and the whole "from the water to the water, Palestine will be Arab" bullshit, peace will come. Yes, they want an Arab-ethnstate named Palestine...which isn't indigenous.

The colonialism and genocide part is already debunked. Therefore, Chapter 20 is totally debunked. Returning to self-determination in your homeland does not fit the definition of colonialism, that is what Jews did.

The data we gathered and all the attacks on Jews are all debunking his first point on why the world isn't really safe for Jews except for their homeland. The Holocaust was just a part of antisemitism. Imagine thinking this world is much better and safer than their homeland? Six million Jews wouldn't have died if Israel had existed. The logic he gives in his last paragraph surprisingly provides a strong argument for Israelis as well.

Israel is safe for Jews because:

- Legal and military protection: Israel is the only country with a standing army, intelligence services, and a legal system explicitly committed to Jewish security and survival as a state priority.
- No need to hide identity: Jews can openly practice religion, wear religious symbols, and celebrate holidays without fear of discrimination in daily life.
- Historical refuge: Israel was founded precisely as a response to statelessness leaving Jews vulnerable—the Holocaust being the defining example.
- Iron Dome & defense: Israel has invested heavily in civilian protection from external threats. Therefore, even after facing existential threats, Israel keeps the Jews much safer inside it. Because other than Israel, no one would raise their voice in advocating for Jews. In fact, October 7th made the West show its true colors, something Jews won't forget... and hopefully never forgive either.

Jews would have faded out of existence without a single soul from the outside world knowing or in fact caring about it, if it were not for the Jews to stand up for themselves and create their own Jewish state that advocates for the Jewish suffering and defends the Jewish right to their existence, which no one else ever would be reliable enough to do if antisemites like you exist.

Chapter 22: There was no ethnic cleansing in Palestine

"Israel was founded on the ethnic cleansing of Palestinians in 1947 to 48 which displaced around 750,000 of them in the Nakba or catastrophe. The fact that Zionists ethnically cleansed Palestinians is a bit inconvenient for their narrative. So they do their best to find excuses for what they did. A common historical argument is that actually the Palestinians voluntarily left because Arab leaders told them to. They would leave, the Arab leaders would invade, kick out the Israelis."

This falls flat after we give sources for the Arab leaders' argument; this moron just repeats what our arguments are and then dismisses them by saying we have no sources, or that it was a hoax, a lie, misinformation, or some other bullshit. I am legitimately convinced his 31-page BS is just him repeating debunked stuff and hoping people feel bad for the "poor" Palis. The cause of the so-called "Nakba" was the

Arab-Israeli War of 1948—another case of fucking around and finding out.

"for any of this. "Source? I made it up." So, the Zionists aren't off to a good start here. But, okay, what if the Palestinians weren't ethnically cleansed, but actually just fleeing a war? I mean, the Israeli War of Independence involved the brave Zionist military fighting off seven Arab armies. This, too, is a myth. The first stage of the Nakba occurred before the intervention of Arab armies, starting on November 30th, 1947, with about 300,000 Palestinians displaced from massacres and devastation wrought by Zionist forces against Palestinian cities. The Arab armies, of which there were really only five mostly poorly equipped forces, intervened only after news of these initial massacres. After they were defeated, another 400,000 Palestinians were expelled. So even before the Arab armies waged war, the Zionists were already ethnically cleansing Palestinians. Okay, so they weren't told to leave by their leaders or were refugees of war. But what if they actually deserved it? The final and most desperate argument Zionists try to make is that the Nakba was a retaliatory ethnic cleansing. See, the Arab countries ethnically cleansed Jews around the same time."

Already gave the sources moron, no one made it up. The literal person who created the term stated that it was seven armies that pathetically lost. Arab leaders have at times pledged to drive the Jews into the sea as part of a victorious jihad to eradicate the Jewish state. Fortunately, Israel's military victories have made these genocidal threats mere empty boasts. Guess who else was ethnically cleansed? Zoroastrians, Hindus, Middle Eastern Christians, Egyptian civilization, Balkan Christians of Albania, Kosovo, and Bosnia, the medical system of Greek civilization appropriated by Turks, African nature-worshipping tribes, and other pagan tribes—all of these were completely eradicated and ethnically cleansed by Muslims. Egyptian Coptic Christians, ancient pagans of the Middle East, Druze, Yazidis—I can keep on counting names. The Nakba was literally meant to describe the situation during and after the 1948 Arab-Israeli War which of course would not have happened if the Arabs did not start a losing war in 1948.

Moving on to other historical contexts of displacement, approximately 850,000 Jews were displaced from various countries across the Middle East and North Africa in the mid-20th century. Discussions regarding this period often compare these figures to the approximately 750,000 Palestinians displaced during the 1948 conflict.

Regarding the involvement of specific groups, some activists, such as Michael Gamal, have highlighted the complex position of Coptic Christians in Egypt during regional conflicts, suggesting that many were pressured into involvement against their preferences. Historical accounts note that religious minorities in the region have faced significant challenges during periods of political instability.

Furthermore, the Farhud remains a significant historical event. This was a pogrom against the Jewish population of Baghdad, Iraq, occurring on June 1–2, 1941, during the Jewish holiday of Shavuot. These riots took place in a power vacuum following the collapse of the government of Rashid Ali al-Gaylani. This event is often cited when discussing the history of Jewish communities in Iraq and the broader patterns of migration and displacement in the 20th century.

"Jewish expulsions and flights from Arab countries occurred over many decades and were in fact stoked by Israel. In Yemen, Israel bribed and convinced local rulers to deport Jews to Israel, sometimes even kidnapping their children. Moroccan Jews were kidnapped by force in a deal between French colonial authorities and the Jewish Agency. In Iraq, the Mossad launched false flags to terrorize Iraqi Jews into leaving the country. Israel ethnically cleansed Palestinians and then stoked the expulsion of Jews from surrounding countries to build up its Jewish ethnic state. This was not a tit-for-tat situation where one group expelled the other, but one long continuous project of Zionist ethnic supremacy."

This entire section can easily be debunked by learning history. Iraqi Jews left Iraq following Iraqis being Islamists and pro-Nazis, leading to massacres like the Farhud.

This entire paragraph basically blames Israel for the eradication of Jewish minorities from Arab countries, as if Arabs weren't already massacring Jews and other minorities. Following Israel's founding in 1948, the roughly one million Jews living in Arabic-speaking countries throughout the Middle East and North Africa faced increased violence and persecution. In June 1949, Israel initiated a secret, daring operation to rescue the endangered Jewish community in Yemen, a hostile, Arab-colonized country that maintained an official state of war with Israel. This was Operation Magic Carpet, in which the JDC planned, organized, and financed the passage of 48,000 Yemenite Jews to Israel. Between December 1948 and September 19, 1950, close to 450 flights were chartered, airlifting nearly the entire Jewish community from Yemen to Israel. Yemenite Jews crossed deserts, mountains, and borders, often on foot, in order to arrive in Aden, from where they were taken on the "wings of eagles" to the newly formed State of Israel.

When France ended its colonial rule, the political landscape shifted. Morocco joined the Arab League, which was openly hostile to Israel. Moroccan Jews, faced uncertainty. Nationalist movements were gaining power, and Jews worried about their future as a minority in an increasingly Arab-nationalist State. Anti-Jewish riots had occurred in the late 1940s. After Israel's founding in 1948, Jews in Arab countries became associated with the "enemy state" in the eyes of some, making daily life more precarious and

accelerating the desire to leave. King Hassan II wasn't simply bribed into betraying his Jewish citizens, he had reasons to cooperate: The per-capita payments were economically attractive, quietly removing a community tied to Israel reduced a political headache domestically, The Arab League pressuring Arab states to restrict Jews. keep the emigration ban while people were dying trying to leave secretly. This pushed Hassan II toward the formal (secret) deal with Israel. Many Moroccan Jews genuinely wanted to go-driven by Zionist idealism, family already in Israel, and economic opportunity. The operation wasn't purely coercive; it facilitated emigration meeting real demand. In short, it was a convergence of Israel's need for population, Moroccan Jews' insecurity, the king's financial interests, and Cold War-era geopolitics, all happening under the radar to avoid Arab League backlash
And the whole ethnically cleansed bullshit again, already debunked.

Chapter 23: Palestinians were offered a state

"So there's this clip from this racist US president accused of sexual assault and associated with Epstein that captures the sentiment of this talking point perfectly: Bill Clinton. "And all they know is that a lot more Palestinians have been killed than Israelis. And I tell them what Arafat walked away from and they like can't believe it. I said, Oh yeah, he walked away from a Palestinian state with a capital in East Jerusalem, 96% of the West Bank, 4% of Israel. You walk away from these once in a lifetime peace opportunities and you can't complain 25 years later when they the doors weren't all still open and all the possibilities weren't still there. You can't do it. It's just..." Yeah, you heard that right. Palestinians may be going through a genocide right now, but they have no right to complain. Children dying? The most important thing that died was this deal I tried to make! William Clinton's genocidal narcissism aside, is it true that Camp David offered Palestinians a state and that they ungratefully rejected it? "

"No, of course not. Israeli Prime Minister Rabin literally said they were offering less than a state to the Palestinians. The proposed Palestinian quote-unquote state would not have control over its economic policy, foreign policy, no control of its airspace, have three permanent Israeli military installations, and Israel would be allowed to invade the area at any time. This wouldn't be self-determination, but rather a continuation of occupation by a different name. Of course, famous respecter of consent and autonomy, Bill Clinton, would still be complaining about someone saying no decades later."

Half of this is already debunked, actually.

I'll still provide the list showing the number of times Israel offered land to the Palestinians that was rejected by the Arabs. The (more than) five times Israel has offered peace and it was rejected:

1. 1937 Peel Commission: 20% of the land for Jews, 80% for Arabs.
2. 1947 United Nations Partition Plan: Jews accept, Arab armies attack the fledgling Jewish state.
3. 1967: Land won in the Six-Day War offered to Egypt and Syria for peace; Arab leaders said No.
4. 2000 Camp David: Palestinian leaders were offered a Palestinian state in Gaza, over 90% of the West Bank, a capital in East Jerusalem, a right of return, and more...the Second Intifada is launched; over 1,000 Israelis are killed.
5. 2008: Israel offers a generous deal; PA President Abbas says no and makes no counteroffer.

So in conclusion, his argument makes sense only if Rabin were alive during all these times as the longest continuous and immortal Israeli leader. And really, the idiot lost himself in a serious meltdown, to the point that he had to bring in Epstein to strengthen his point... which is funny AF because Epstein loved Arabs and Islam, and ragingly hated Israel, which he admitted in the files. That is completely irrelevant to his argument about Israel and Palestine, What was even the point of this?

Chapter 24: Palestinians don't exist

"A foundational Israeli myth is that Palestine was a land without a people for a people without a land. Palestinians in fact don't exist. They're all just Arabs or transient people or simply made up by antisemites who hate Israel. And with a Thanos snap of their finger, Zionists have solved the conflict...you can't be committing a genocide against people who don't exist.

This of course is obviously wrong. For one, we can see Palestinians and their long ties to the land. The land between the Mediterranean Sea and Jordan River has been called Palestine for over 3,000 years. Before Zionists settled the land, Palestine was a thriving, multi-religious, culturally rich society from exposure to the wider Ottoman Empire. Predominantly rural but increasingly urban, Palestinians were already developing a nationalist consciousness under the Ottomans. Zionist settlers didn't "make the desert bloom." Instead, they stole the land of other people already thriving with indigenous wildlife and crops, planted highly flammable invasive trees, and made the desert bloom with wildfires. The existence of Palestinians is inconvenient to the Zionist narrative--that people lived on the land that they're currently settling. What happened to those people? Well, they've been ethnically cleansed to increasingly smaller strips of land, deprived of human dignity, and now suffer through an ongoing genocide. Zionists not only want to deny Palestinians of their land and their lives, but of their history as well."

What history exactly? Like, I've lost count of the number of times Palestinians have appropriated others' histories, like Arab-washing Jesus, who was JEWISH, etc. The 3000-year thing is also a lie, since it was never even named "Palestine" before the Romans. SSS is superimposing "Palestinian" onto Jewish history.

And of course, implying that it was all sunshine and rainbows before the Zionists came, while in reality, Jews lived as second-class dhimmis and paid jizya to practice their religion. This occurred under the Ottomans as well as all other Islamic empires before the Ottomans.

Canaanites, Philistines, Jebusites, and other peoples inhabited the land before and alongside the ancient Israelites. Modern Palestinians partly claim descent from these groups, as well as from later Arab and other populations.

Philistine archaeological record: Recent DNA and archaeological studies (e.g., at Ashkelon) confirm the Philistines were a distinct people with Mediterranean origins who settled the coastal region around 1200 BCE—the word "Palestine" itself derives from "Philistia."

Byzantine and early Islamic periods: After the Arab conquest (7th century CE), Arabic-speaking Muslim and Christian communities developed deep roots over 1,300+ years.

Ottoman land records: 19th-century records document a settled Arab population living in the region for many centuries.

Which history? They don't have unique cuisines, no unique culture, no nothing; what history are you talking about? They don't have a history before Arafat and his rise. Even if they had a history before Arafat, that was under Egypt and Jordan, LOL. What's funny is that every time someone claims "Palestinian food" or "culture"... it's literally Arabic or stolen from others... like the Iraqi rag. Even the "Free Palestine" phrase was stolen from the Jews which the Zionists created long back in 1937.

Chapter 25: Israel is communism in practice /pos

"Communism has never worked except in this place. Welcome to Israel!" Okay, that's it.

"Communism canceled. I was okay with Stalin and Mao, but Israel!?!"

This has gone too far. So the argument goes that Israeli kibbutzim are examples of communist utopias. Kibbutz are basically a community of people who share

everything. They share the cars, they share the common spaces, and they even share the businesses. Everything belongs to everyone. So if you support socialism or communism, then you should support Israel and its kibbutzim. This of course ignores the fact that they're built on destroyed Palestinian villages, deliberately formed to exclude Palestinian labor and established to promote ethnic supremacy. The kibbutz originated from a time in Israel when there was at least an undercurrent of leftwing thought with movements like labor Zionism or socialist Zionism. But as Israel has become increasingly fanatical in its ethnic cleansing alongside the rise of religious Zionism, the Israeli population and government have become more and more far-right culminating into what we have today, a people and government fully behind a genocide against the Palestinian people. This type of talking point is to try to virtue signal to progressives outside Israel, saying, "Hey, if you're a leftist, you should really support our project of ethnic cleansing."."

Bro is okay with Stalin and Mao.

Honestly, the world has already witnessed what it is like to breed anything left aligned, be it Stalin's Soviet Union or Mao's China, or Pol Pot's Cambodia or North Korea run by the Kim bloodline. So basically prosperity cannot be possible with such an impractical ideology working against human nature, which requires serious levels of tyranny to enforce it. So it's better for Israel to continue with its democracy and freedom for the minorities endangered by the world.

This entire paragraph is basically, "Wah, Israeli society and government are far-right," and basically discouraging leftists from being Zionists. Kibbutzim were ragingly far-left, to the point that they would justify Palestinian terrorism against Israelis. Only after October 7th did they understand that no matter how "anti-Zionist" they are, they are still Jews.

Most of what he says has already been debunked; he continues to repeat debunked stuff. Leftists in the West often cry about colonialism. How Arabs managed to convince them that they are against colonialism and genocide is beyond me, especially when they colonized West Asia and North Africa and continue to massacre minorities and run the slave trade even in 2026.

Chapter 26: Israel is the only democracy in the Middle East

"Okay, let's go through the list of Palestinians in Israel, the West Bank, and Gaza. So, in Israel, Palestinian citizens are barred from purchasing roughly 90% of the land, excluded from the right of return, and their political participation is limited by vaguely

worded laws that end up disqualifying Palestinian candidates for simply advocating for equality. In addition, because they're exempt from service in the IDF, Palestinian citizens in Israel are severely restricted from receiving government assistance as workers, students, parents, couples, and face barriers to housing and employment with 70% of Israeli industry close to them. In the illegally occupied West Bank, things are even worse. Palestinians are under military law, subject to being randomly kidnapped, tortured, and beaten by Israeli soldiers for unspecified amounts of time. Meanwhile, their homes can straight up be stolen or blocked off, and violent settler mobs can beat you up with the tacit support of the Israeli military. Apartheid is so open, the West Bank, there are literal Arab only and Israeli only roads. And Gaza, of course, has been subject to a genocidal siege for over a decade and now suffers through an open genocide by the Zionist entity. Whether relegating Palestinians to second-class citizenship, subjecting them to draconian military rule or openly massacring them, the debate shouldn't be whether or not Israel is a democracy, but what type of non-democracy it is. Ethnocracy, apartheid states, settler colonialism, take your pick."

Alright checking the map, Iran, a literal Shia theocracy enforced by terrorist IRGC and its proxies in the middle east, Qatar, Saudi, Bahrain, Kuwait, UAE, Jordan, rich oil driven monarchy governed by Sunni Islamic law, Lebanon, controlled by terrorist Hezbollah, IRGC's offspring, Turkey, a dictatorial "democracy" under Erdogan, Syria once under dictatorship now ruled by a former Al Qaeda associate, Iraq, once ruled by a dictator, then ISIS, making it a 3rd world degenerate dump, Palestine does not exist as a nation yet. So the left out is Israel, a country where women enjoy freedom, people are happy, and safe and secure, and the country having tolerance for various faiths and cultures, where it once had a female Prime Minister as well, yes Arabs, who are not compelled to join the Army unlike the Jews.

Ethnocracy: An ethnocracy is a form of government or political structure where a dominant ethnic or religious group holds a disproportionate amount of power. There are Arab and non-Jewish lobbies inside Israel. Palestine, on the other hand, is strictly Arab; no Jew can live there or have power.

Apartheid is an Afrikaans word literally meaning "separateness." About 20–21% of the people in Israel are Arabs (only a small, pathetic minority identifies as "Palestinian"). They live among Jews and work in the police force, as lawyers, as doctors, in supermarkets, etc., which is not an apartheid. The West Bank, however, IS an apartheid, for Jews are not allowed to live there, are in danger there, and have no power or voice there. There is a death penalty for Palestinians legally selling land to Jews. Jews are not allowed into the West Bank; once, a few got lost and accidentally entered the West Bank, and surprise, surprise—those poor Jews were murdered. Arabs

in Israel have equal voting rights; it is one of the few places in the Middle East where Arab women may vote.

The sole legal distinction between Jewish and Arab citizens of Israel is that Arabs are not required to serve in the Israeli military. This was deliberately designed to spare Arab citizens the need to bear arms against their fellow Arabs. That said, military service is not entirely absent among Arabs: many Arabs volunteer for military duty (over 1,000 did in 2020).

Most land in Israel (~93%) is state-owned or managed and not sold outright to anyone (Jewish or Arab); it is leased long-term. JNF land (~13%) was historically restricted to Jews per its charter. Since a 2005 Attorney General ruling and court decisions, Arabs can access it via land swaps (the JNF gets equivalent land elsewhere), so it is not a total ban. State land (~80%) is, in theory, equally available via leases. In practice, there are obstacles (such as planning admissions committees in some communities), but Arabs own or lease land, live in their towns, and buy private property freely.

The Law of Return (1950) grants Jews (and their descendants or spouses) the right to immigrate and gain citizenship. There is no equivalent for Palestinian Arabs. Israel is the nation-state of the Jewish people. The Palestinian "right of return" (for 1948 refugees and millions of descendants) is rejected because it would demographically end Israel's Jewish majority. Arab Israelis already live inside Israel with citizenship. Again, Palestinians are Arab... if they want to return to a homeland, they should get DNA tested. If their DNA is Judean or Samaritan, they can decolonize themselves and return to being Jewish or Samaritan; if it is Arab, the Arabian Peninsula is somewhere else.

Arab parties and MKs (e.g., Hadash, Ra'am, Balad) regularly run, win seats, and serve in the Knesset. They openly advocate for equality and criticize government policy. Basic Law: Knesset Section 7A disqualifies lists that negate Israel's existence as a Jewish and democratic state, incite racism, or support terrorism. The Supreme Court has repeatedly overturned Central Elections Committee attempts to ban Arab lists/candidates, protecting their participation. Some Arab politicians have been disqualified or investigated for extreme statements (e.g., supporting enemies during wartime), but "advocating equality" does not disqualify them.

Real disadvantages exist, but they are overstated. Arab citizens are exempt from mandatory service (a policy respecting their ties to the Arab world). Many socioeconomic benefits (housing discounts, education stipends, some jobs, and veteran preferences) are tied to military/national service, which creates gaps. However, Arabs are not barred from most civil service, universities, or private employment. The claim

that "70% of industry is closed" is false, discrimination occurs, but Arabs work in high-tech, medicine, academia, and government.

The West Bank part is already debunked using the Oslo Accords. It is not at all illegally occupied. The military rule argument does not work at all because Area B comes under Israel's military as per the Oslo Accords. The Oslo Accords are about the West Bank only; they do not cover Gaza or anywhere else. The charge of "Jews-only roads" in the disputed territories is part of the apartheid libel that attempts to portray Israel as a state that discriminates against Arabs on racial or religious grounds. The comparison is made not only with apartheid South Africa but also with past racial segregation in the United States. The charge, however, is false.

There are roads where different populations are separated from each other, but this separation is based not on religion, race, or ethnicity, but on nationality. Jews-only roads simply do not exist.

Jews are heavily restricted from entering the Hall of Isaac in the Cave of the Patriarchs in Hebron. Jews are also restricted from visiting the Tomb of Joseph. (Dec. 31, 2025 / JNS) For the first time in 25 years, Jews will soon be allowed to visit Joseph's Tomb in Nablus during daylight hours. The shrine, which is venerated by Jews, Samaritans, Christians, and Muslims, has a history of decades of "Palestinian" violence, which is why it has been dangerous for many to visit.

The Temple Mount is open to Jews, but the number of Jews permitted is seriously limited, and any form of prayer is strictly forbidden. This place is holy to Jews, and because it was colonized by Islam, non-Muslim prayer is not allowed. Access to the Temple Mount is heavily regulated for non-Muslims, and visitors are required to pass through a security checkpoint before entering the site. As for the Tomb of Rachel, it is effectively restricted to Jews due to its location.

Joshua's tomb is located in the West Bank (Area B) under Palestinian Authority jurisdiction, making open, daily access difficult. They may only visit under heavy Israeli military escort so "palis" won't go stabbing or throwing rocks and crap.

This system ensures that the sacred nature of Masjid Al-Aqsa is preserved, non-Muslims are not allowed to worship within the compound or enter the Mosque buildings. They are also expected to dress modestly during their visits. In recent years, Palestinian radicals have been trying to violate the status quo by preventing Christians and Jews from visiting the Temple Mount. Palestinian rioters are funded and led by radical Islamist elements.

Visits inside the Islamic mosques on the Temple Mount, specifically the Al-Aqsa Mosque and the Dome of the Rock, are also heavily restricted for non-Muslims. Entry to these sites is generally prohibited. Exceptions are rare and typically require special permission from the Waqf authorities.

For Jews, the restrictions are even more stringent. Jews who wish to visit the Temple Mount must do so under strict supervision by the Waqf authorities. This includes wearing religious garb, which is monitored to ensure compliance with the guidelines set by the Waqf. Jewish and Christian visitors are not allowed to pray or display any religious symbols openly during their visit. This sounds like Palestinians are the pro apartheid ones over here.

And the whole settler colonialism has been debunked.

Chapter 27: "From the river to the sea" is a no-no phrase

"Zionists, much like their segregated Arab only and Israeli only roads in the West Bank, love to segregate acceptable and nonacceptable phrases for the pro-Palestine movement. The no no phrases are bad, antisemitic, and dare I say genocidal. Of course, not actually genocidal in terms of the genocide being carried out against Gaza, but like hypothetically genocidal, which is worse. One of these phrases is "From the river to the sea, Palestine will be free." Basically calling for free Palestine from the Jordan River to the Mediterranean Sea. According to Zionists, this phrase is genocidal because it's calling for the genocide of Jewish Israelis from the river to the sea. Of course, what it's really saying is, you know, freedom from the river to the sea, which means the end of occupation, apartheid, and the genocide currently being carried out. Zionists are really letting the cat out the bag by saying it as it is, that freedom is incompatible with the Israeli project. Of course, like Zionists do, they steal this Palestinian call for freedom for themselves. And when they say it, they do mean it in a genocidal way, and not just hypothetically, too, because they're actually also doing a genocide right now. Another no-no phrase, according to Zionists, is globalize the intifada, which is allegedly a call to terrorism against Jewish people. See, how this works is that intifada is an Arabic word, and Arabic is obviously a scary terrorist language, and anyone who uses it must also be a scary terrorist. "

Yeah, this is also bullshit.

The original phrase is "*Min al-mayyah lil-mayyah, Filastin arabiyyah,*" or in English, "From the water to the water, Palestine will be Arab." All the stuff he cries about—from colonialism to genocide to all those terms he uses so people will feel bad—is flawed; he doesn't even know what apartheid is, as he clearly used it incorrectly. He cries about Islamophobia because "intifada" is an Arabic word. The Intifada (both the first and

second) involved the targeting of citizens by means of terror, and there is nothing "Islamophobic" about pointing that out.

He has no remorse about shrugging off confrontations with Islamic terror attacks as "Islamophobia," but he has a problem when Zionists regard the calls against them as antisemitic. While Zionism means the right of Jews to go back to their homeland, he calls it "colonialism" and "ethnic cleansing." However, he dismisses the term "globalize the intifada" as if it is just a hoax. SSS wants to globalize suicide bombings, stone-throwing kids, and the throwing of Molotov cocktails and dynamite at Jews.

Jews are not Arabs; therefore, that slogan means either genocide or mass displacement of Jews from the region stretching from the Jordan River to the Mediterranean Sea. They have pacified the slogan in its English translation so that no one understands its true intended meaning, making it seem as if the chant is merely a protest for freedom.

Then the question comes, why do they want to globalize the intifada? Against what? Against whom? If Israelis are occupying "Palestinian land" as they claim, then the "uprising" is supposed to be in that land. Why would they uprising beyond that anywhere? No one from outside there has anything to do with that, let alone Jews. right? But that movement wants it globalized, they literally allied with Hitler to make the world Jew-free. Or perhaps they mean to repeat what happened in the Bondi beach massacre.

"Zionists are really letting the cat out the bag by saying it as it is, that freedom is incompatible with the Israeli project. Of course, like Zionists do, they steal this Palestinian call for freedom for themselves. And when they say it, they do mean it in a genocidal way, and not just hypothetically, too, because they're actually also doing a genocide right now. "

The same argument thrown back at you, the Palestinians call out the Jewish self-determination of their homeland as colonial, illegal settler, and occupation, when the literal basis of the term "Palestine" is itself a 3 tier colonial agenda enriched by Communist disinformation and Islamic Eugenics not just theoretically, and historically, but also how shamelessly they still occupy Jewish land and in fact defended by commies.

I have a good game idea, every time this fool says the word genocide, occupation, colonialism, and ethnic cleansing that he loves throwing around, take a shot of whiskey. How do they free themselves on foreign soil? How do they free themselves by killing unarmed civilians and not fighting the army?

“INTIFADA: GLOBALIZED. Intifada, of course, is just an Arabic word that means uprising. The Warsaw ghetto uprising for example translates to the Warsaw ghetto intifada. And despite the US Holocaust Museum denouncing the phrase, they themselves used intifada on their website a few years ago. It's only now when Zionists have all decided the word goes to the no-no segregation zone did they scrub it out. And that's the thing with Zionists. They not only smear you, spread genocidal misinformation, and lie, but now they also try to police acceptable language, as if the ones committing a genocide deserve a say in how the opponents of that genocide express their opposition. Why do the feelings of Zionists matter more than the lives of Palestinians who are actively being massacred? Beep boop. Lazy Zionist arguments detected. Initiating speed round debunking.”

This is a false comparison; Jews during the Warsaw Ghetto Uprising never once harmed a German citizen, targeting only Nazi soldiers. Many Jews collectively agree that if a citizen were targeted, it would be condemned; Palestinians do not condemn the targeting of citizens, but rather encourage it. His claim is that Zionists consider "intifada" a forbidden word, yet use the same word on one of their websites. The instances that actually exist are the ones explaining the definition of the word itself. He is actually stating his own opinions rather than using logical arguments. The feelings of Jews matter when Palestinianism is the root cause of Jewish hatred becoming as bad as it is today. The pro-Palestinian movement normalized it. Furthermore, since Westerners refuse to hold Palestinians accountable for anything, they realize that they can wish death and worse on plenty of minorities and walk away with it. This was seen happening when Palestinians supported Syria as it attacked Kurds and committed atrocities against the Druze. and etc, same with them supporting Turkey and can't forget the 45k+ iranians killed by the IRGC.

Palestine would be punished for war crimes as well; furthermore, it has plenty of things to answer for. This includes massacring innocent Jews, killing Thais and Hindus, killing children, using human shields, brainwashing children, killing their own people, stealing aid, kidnapping people, and torturing people—both their own and others. It includes the slavery of Black people, Yazidis, Jews, and others; supporting terror against civilians; and committing genocides. There are massacres of other groups, such as the Damour massacre, where gang rape, murder, and the killing of people of all ages occurred. There were multiple massacres of Lebanese people, terror in Jordan alongside an attempted assassination of the king, and assistance to Saddam Hussein as he gassed people and starved his own citizens. They supported terror and were therefore exiled from Kuwait, helped oppress and kill Iranians, and the majority support Turkey. They helped kill and torture Kurds—such as one poor doctor—and settled in Anfal, which is not their land. They kill gay people, including gay Hamas members. They support Hitler,

and many Nazi books have been found in Gaza; they supported Hitler and still do. They have carried out plenty of terror attacks since the 7th century, support Pakistan's terror activities and other terrorists, and kill innocent animals, including those that do not belong to them.

Notice how he also uses bullshit memes in the video like the IDF one, or makes fun of the LGBTQ in Gaza argument and simply glosses over it.

“Beep boop. Lazy Zionist arguments detected. Initiating speed round debunking.”

Oh really? Lazy arguments were the ones you were giving for 10 minutes straight of the video.

Chapter 28: Do you condemn Hamas?

No.

Congratulations, you have just proven you're a fucking tankie.

Chapter 29: If Israel is punished for it's war crimes, US could be next.

Good.

You seriously hate your own country America where you actually fucking live?

Also which imaginary war crimes?

Chapter 30: Israel has a right to exist

No, it doesn't

Yay! Let's eradicate Israel and all the Jews there.

Chapter 31: Palestinians hate Gays

“Uh, but what if you were gay in Gaza?” (says in a mocking and dismissive way)

Notice how this dumbass makes fun of the LGBTQ in Gaza argument and simply glosses over it.

Chapter 32: The IDF is the most moral army in the world

“Shows footage of IDF allegedly doing bad things and doesn't even elaborate and makes it into a bad smell meme”

Uhhh, Ok

Keep acting like a delusional moron.

Chapter 33: I HATE MY WIFE AND KIDS

“John Fetterman?!? Get out of here! Shoo! Shoo!”

The hell did John Fetterman do to you?

Chapter 34: IDF soldiers are smol beans who have no choice but to do their mandatory service

“Three months of prison or shoot a toddler in the head?”

“[Kahoot music intensifies]”

Moron had nothing so just decided to put a bullshit meme about the IDF here, also can you name a toddler who was shot in the head by them?

You can't, as expected from this dumb fag.

Chapter 35: Two-state solution

“Israel is a settler colonial state built on a logic of expansion. For decades, Zionists have dreamed not only of occupying Gaza, the West Bank, and East Jerusalem, but also parts of Egypt, Syria, Lebanon, and Jordan in a Greater Israel. And right now, it's pursuing that dream not only by committing genocide against Gaza, but also waging war on its neighbors. What supporters of the two-state solution fail to understand is that the land from the river to the sea is already under the control of one state, Israel. Israel has increasingly made the two-state solution impossible. Netanyahu himself brags about it. They've increased settlements in the West Bank, already have plans to settle Gaza, and now want to expand the borders of Israel by taking more and more land. That's the thing with colonialism. It's never enough. Even if it means committing a genocide livestreamed in front of the whole world, dragging the entire region into war and constructing a mountain of corpses. Israel will continue to act with impunity as long as Western governments and the international community continue to do nothing or worse, actively aid and abet its crimes against humanity. **Within Israel, there's no political will for a two-state solution. Remember the alleged peace deal Bill Clinton touted that in reality only gave the Palestinians a sham state with no real sovereignty? The Israeli Prime Minister who started negotiation efforts on that was 360 no-scoped by a Zionist terrorist who thought that giving the Palestinians even the tiniest breadcrumb was too much. The idea of a two-state solution gets paraded every once in a while like Weekend at Biden's. But it's a farce. On the ground, there isn't any hope of a two-state solution and there hasn't been for a long time. So what's the solution? It's simple. Ending colonization, apartheid, and the continued dispossession of Palestinians. If we have to advocate for a solution, we should advocate for the one that dismantles, once and for all, the colonialism that serves as the foundation of the conflict.”

There is literally no government driven "Zionist" project for "Greater Israel" it is basically a theological/historical belief of some of the extreme far right and orthodox religious Jews. Even there is no distinct map for Greater Israel.

We have already proven that Jews are indigenous, while Palestinians are not, as that has already been established, now he is pulling the Greater Israel bullshit. I thought people dropped dead if their brain was fully gone, but I see that SSS is somehow managing to exist without one.

Ending colonialism and apartheid would mean ending Palestine. It would end Arab/Muslim colonialism in the SWANA region. It would mean ending Palestine's apartheid toward Afro-Palestinians and Jews.

It is funny to me that they never mention apartheid when the lovely cedar queen herself, Lebanon, does it to Palestinians. The other day, Turkey threatened to colonize Jerusalem, and Palestinians cheered. It's almost like they don't actually care about colonialism, since Islamic colonialism is fine to them, and they only use that term because they know Westerners will start crying and whining.

Let us mention *Al-Abeed* in Gaza, where Black people live. *Abeed* means slave, and they even have a food named *Ras al-Abeed*, which means "head of a slave." So yeah... apartheid is done by the Palestinians.

On October 7th, peace activists like Vivian Silver were murdered. She worked hard toward a two-state solution, yet Palestinians only glorified her death and were happy that peace activists were murdered... a two-state solution with whom? With Palestinian terrorism? They need a wholesale re-education system like Nazi Germany received. Ever since the 7th century, there has never been peace; unless Palestinians go through their own redemption arc and reject terror, they can continue having wet dreams of a state.

One only needs to look at India and Pakistan, they are literally a terrorist-sheltering Islamist entity towards India.

Also, why do more than 70% of Palestinians support Turkey? Who colonized Constantinople, Kurdistan, Cyprus, and parts of Syria? They seem fine with that. Who colonized all of the Middle East and North Africa, including Al-Andalus (modern-day Spain), and all the way up to India and extending into Indonesia and Malaysia in Southeast Asia? None other than Islam.

- Church shooting – April 13, 1975, Ain El Remmaneh: 4 dead, Lebanese Christians killed by the Palestine Liberation Organization (PLO).
- Black Thursday – May 30, 1975, Beirut: 30–50 dead, Lebanese Christians killed by the PLO.
- Beit Mellat massacre – September 10, 1975, Beit Mellat: 30 dead, Lebanese Christians killed by the PLO.
- Damour massacre – January 20, 1976, Damour: 150–582 dead, Lebanese Christians. The operation, which aimed to "empty the city" of its estimated 35,000 residents, resulted in a humanitarian catastrophe. Militants systematically killed entire families—including women, children, and the elderly—within their homes and in places of refuge, such as the local church. Survivors and historical accounts document widespread atrocities, including gang rapes, looting, arson, and the desecration of cemeteries, carried out once more by Palestinians. [And many more massacres done by Palestinian terrorists against the Lebanese here](#)

Chapter 36: Why does the Palestinian struggle resonate?

“Something Zionists can't seem to comprehend is why millions of people resonate with the Palestinian liberation movement. Why do so many month after month march in the streets, demand their governments stop supporting Israel, and take action to halt Israel's war in Gaza. What they don't understand is that what makes the solidarity movement powerful is a shared sense of

humanity. In his Discourse on Colonialism, Aime Cesaire talks about the effects of colonization on the colonizer. "They prove that colonization, I repeat, dehumanizes even the most civilized man.

That colonial activity, colonial enterprise, colonial conquest, which is based on contempt for the native and justified by that contempt, inevitably tends to change who undertakes it. That the colonizer, who in order to ease his conscience, gets into the habit of seeing the other man as an animal, accustomed himself to treating him like an animal, and tends objectively to transform himself into an animal." Zionists, to put it simply, cannot see the humanity of Palestinians. They're animals, terrorists, and inhuman. And this is what they have to tell themselves to justify their colonial project. "Half of Gaza are children. You want them to die?" "I want to bomb Gaza. I want to make it a mall" In doing so, they've removed themselves from the humanity that binds all of us together. For the rest of us not tied to the Zionist colonial project, we can see clearly that the Palestinians being starved to death, massacred by Zionist soldiers, buried under the rubble, and displaced again and again on this man-made hell on earth are deserving of life just as much as anyone else. Mahasen al-Khateeb was a Palestinian digital artist from Gaza. After getting a degree in mathematics”

“she took up art as a hobby over the years and eventually made it into a career despite the Israeli siege. Although Gaza lacked funding or space, she worked as a freelancer and finally made it to the pinnacle of her career: investing her life savings into an office and fulfilling her dream of independence only weeks before the genocide started. Israeli bombs destroyed that office and many of her art tools, devices, and sketches. Nevertheless, she continued to draw and document life during the genocide. This was the final piece of art she posted commemorating the murder of 19-year-old Sha’ban al-Dalou at Al-Aqsa Hospital, captioned, “We are burning.” Hours later, Mahasen al-Khateeb was murdered in air strike in the Jabalia refugee camp on October 18th, 2024. All of this is still visible on her Instagram where you can see her dreams cut short by the Israeli genocide. “Always pray for me and do not forget me. I do not want to be another number on the news ticker. I’m a story.” I’m also a digital artist. Just like her, I got my degree in a completely unrelated field, but I decided to try following my dreams, making illustrations out here on the internet. And it’s not fair. It’s not fair that her life was cut short. It’s not fair that Palestinians are massacred day in day out. Deprived of their safety, of their dreams, of their lives. Among the martyrs, we all see reflections of ourselves. The children who dream, the students who aspire, the adults who nurture, we can see with their eyes that they’re just deserving of life as us, because they are us. Humanity is why the Palestinian liberation struggle resonates. It is the Zionists who in the course of colonization deprive themselves of this humanity. On the seventh day of the genocide, Electronic Intifada released a roundtable discussion with the renowned poet Refaat Alareer, who would be murdered less than two months later.”

If we talk about the strikes on Jabalia refugee camp, then the strikes were to prevent Hamas from regrouping in the refugee camp, Hamas using refugee camps as bases or for regrouping is not something new.

For example, Israeli strikes on Jabalia refugee camp last year prior to this between October-November 2023 killed Hamas terrorists like:

Ibrahim Biar who was the

Commander of Hamas’s Central Jabalia Battalion,

Muhammad A'sar (Head of Hamas's anti-tank missile unit),

Muhammad Abu Seif (Hamas military intelligence platoon commander killed in late 2024)

If we look at other examples then,

Nuseirat Camp (Central Gaza)

Marwan Issa (Deputy Commander-in-Chief of Hamas's military wing, the Izz al-Din al-Qassam Brigades, and the right-hand man to Mohammed Deif)

Other several examples listed in Side Facts.

Now tell me what the hell were these Hamas terrorists in fucking refugee camps?

It's not like they are refugees themselves.

They didn't really have to spend month after month protesting to halt the Gaza war if Hamas had agreed to the Israeli terms, as I mentioned through the above sources.

They could have ended the war on October 8th itself. The ball was totally in their court.

So what the fuck is he even trying to prove? Whose responsibility was it to halt the war?

It was not Israel's. Once again, we have already debunked the colonial, genocide, and all the other bullshit he keeps blabbering about.

And as far as Alareer's death goes, the sources which spread lies about it like EuroMed will be covered in Nukes.

And how about you name us a war where no civilians die? Or terrorists are targeted but civilians do not die in the process. Maybe stop wasting all your time planning on how to destroy others and learn how to prosper instead.

“On the episode, one of the hosts tells Alareer, "I don't know how to face you and to face people in Gaza, and I don't know how to say to you that I'm sorry we failed. Thank you, Ali. I think we didn't fail. We did not. And that's, when it all comes to end. No, we didn't. We didn't submit to their barbarity. We didn't submit to their brutality. And even when Gaza, this attack came when Gaza was in its weakest time possible, look at what they did to the most invincible army in the area. The fourth strongest army in the world. The humiliation. The humiliation. But it's not only about that. This is not where we get our pride. We get our pride from staying principled at a time when everybody is not. I saw a friend uh you know trashing somebody saying like he was posting some anti-Semitic things on Twitter replying you know with anti-Semitic things and he was like don't do this”

If Gaza was weak, how have they been able to conduct Oct 7 attacks? Moreover how were the Gazans able to celebrate those horrific attacks? Factually false statements. I didn't get his point of what he's calling "humiliation". If they really humiliated them, he wouldn't have to cry on their behalf or play the victim card all the way since the "Nackbar". If Zionists do, hasbara, which translates to explanation, how can that be compared with his constant art of lying also known as Taqiyya? Or perhaps you mean Oct 7 as Israel's humiliation, which is not just humiliation for Jews, but for humanity and the free world.

I began this video with a joke. Who in their right mind would take on Zionism when they have the backing of the political establishment, a powerful lobby, active disinformation efforts, and slop streamers? But the fact is, ordinary people get the bravery to take them on every day. Zionists rely on spreading misinformation. They have hasbara fellowships and manuals to build an army of propagandists ready to defend Israel from the babies they massacre. For a long time, the sophisticated organization of the Zionist lobby helped to bolster Israel, providing them cover while they dispossessed, ethnically cleansed, and subjugated Palestinians. But now, as they commit genocide so openly and brazenly, massacring dozens of Palestinians day after day, the walls of propaganda have started to crumble. In a way, it's a good sign that pro-Palestine activists are getting repressed. It shows that it's working. Support for Israel has tumbled around the world, even among the population of its primary backer, the United States. Now, rather than eagerly throating Zionist slop, politicians have to carefully chew it before trying to present it to a more Israel-skeptic public. But let's be real, these are rookie numbers. The walls of Zionist propaganda are falling, but they need to be torn down faster. And it's not enough to tear down the walls of Zionist propaganda, but the walls of Zionist occupation. Seeing the humanity of Palestinians is not enough. We have to fight for that humanity. Unfortunately, the fight for an end to the genocide and a free Palestine will leave a protracted one. But for the sake of Palestinians, we must continue to fight. Be unapologetic when responding to Zionist smears and defending the Palestinian resistance. Whoever is in solidarity with our corpses but not our rockets is a hypocrite and not one of us. Continue to participate in protests, join organizations, and engage in the diversity of tactics that have characterized the Palestine solidarity movement. Palestine has exposed that the ideals of democracy, equality, and human rights that supposedly characterize Western governments and international institutions are sham. We can only hope that in the ruins of our institutions, we can build something better.

We spread misinformation, hasbara and raise an “army of propagandists” to defend Israel? Are we those “propagandists” too?

Although that's not true at all, I do believe that it is necessary to have an IDF not just the one defending in a kinetic warfare but also the one that fights the false narrative preached by the likes of you. Only that can prevent the prejudice and hate fanned towards the Jews.

If we spread misinformation and hasbara then how were we able to debunk this entire video which probably took months of research for you in just mere 3 days. Or you haven't seen one single photo of the brutality Hamas showed on October 7th which you're imaginarily accusing Israel of.

The Zionist wall has no cracks or is not crumbling yet, the only thing not crumbled but completely destroyed is his video now.

Yeah, the “humanity” of Palestinians you’re talking about has aged like milk throughout this video.

And oh the holy irony, A fucking commie is talking about democracy, equality and human rights.

And that too in a video which equated theocracies with democracies.

Chapter 38: End card

Thank you so much for watching. Linked in the description is a transcript of the video with my sources. I also have various donation pages to Palestine linked, especially funds directly to families in Gaza. I'd also like to give a special thanks to folks who loaned out their voices for this video. Yugopnik, Bes D Marx, and Hakim. Please check out their channels,

as well as Yugo and Hakim's other channel, First Thought. It goes without saying that any failings of this video do not fall on them. I'd also like to reemphasize the importance of political

action. As much as donating to families in Gaza helps, we also need to work now to end the genocide and hold our governments and institutions responsible for aiding and abetting this horrific crime against humanity. In terms of where I've been, sorry for being gone for...5 years. Um, I've been getting my degree, but now I'm graduated and I would hopefully like to get back to making YouTube videos full-time. If you want to support me, I just started a Patreon. Thank you for sticking around all these years. And as always, no war but the class war.

Don't worry, all of the far-left Breadtubers you credited here are next on the target list.

First of all, the practice referred to is administrative detention. Second of all, not only is it not hostage-taking there is precedent for it such as the Mohammed Haneef case 2007 in Australia <https://lawcouncil.au/policy-agenda/criminal-law-and-national-security/anti-terror-laws/mohamed-haneef-case>.

<https://www.reddit.com/r/IsraelPalestine/s/OqQligZ3Xq> Hamas has rejected numerous deals so that's a fake narrative. Civilians are not being targeted at all as there is no intent to target civilians and Israel has made it clear that they intend to target Hamas and their terrorist allies: <https://jiss.org.il/en/kuperwasser-israels-strategic-goals-and-the-aims-of-the-war/> .

Not to mention, relying on doctors as an argument is itself bad reasoning as it falls into one of two fallacies appeal to authority or appeal to false authority given that either the doctor is being used as an authority to testify to things or being used to determine what a military aka IDF does as this argument attempts, not to mention Hamas has a history of using hospitals making it

appeal to compromised authority as well:

<https://www.reddit.com/r/IsraelPalestine/s/TDETIU59RF> . Not to mention one of these so called doctors who testified is Dr Nick Maynard who is more of a conspiracy hack and biased partisan than an actual doctor given that he accused Israel of having a dog fire a gun at people and is connected to numerous compromised entities:

Part 1

Amnesty, HRW, UN which OHCHR is a part of, EuroMed and MSF are already covered above leaving Al Jazeera, TRT, AP, Dropsite, a bunch of MEE articles, a NYT and an NBC article.

<https://freebeacon.com/wp-content/uploads/2025/04/AJCase.pdf>
, <https://www.terrorism-info.org.il/en/al-jazeera-program-about-the-october-7-2023-terrorist-attack-and-massacre> Al Jazeera is well known Hamas propaganda. Additionally, Al Jazeera also has ties to the Muslim Brotherhood and Qatar, has been sued multiple times, lost to Al Gore, endangered an Australian lawyers client and is involved in numerous such scandals
<https://discord.com/channels/1386816143955722391/1386818612236648489/1511156113452568617> +

Associated Press (AP) was caught having hired a Hamas affiliated journalist and caught earlier regarding lying as well:

<https://www.tabletmag.com/sections/arts-letters/articles/prize-for-photography-goes-to-hamas> ,
<https://www.tabletmag.com/sections/israel-middle-east/articles/associated-press-hamas-gaza-le-e-smith> ,

Now moving on to Dropsite. <https://www.reddit.com/r/IsraelPalestine/s/LsOBAzjleb> Dropsite has been rated as biased by MBFC and is run by someone who is a co-founder of The Intercept in which Medhi Hasan from Al Jazeera (covered above) was a former senior columnist thereby quashing any credibility of Dropsite.

The Middle East Eye article cited regarding scholars uses Dutch Newspaper NRC as a source and heavily relies on the opinion of two maximum three scholars. The NRC newspaper has Karel Van Wolferen as a registered journalist according to Wikipedia

[https://en.wikipedia.org/wiki/NRC_\(newspaper\)](https://en.wikipedia.org/wiki/NRC_(newspaper))) and Karel Van Wolferen according to Wikipedia is a 9/11 conspiracy theorist as well as someone who denies MH17, July 2005 London Bombings and who founded a conspiracy newspaper hypocritically called common sense in 2020 https://en.wikipedia.org/wiki/Karel_van_Wolferen.

Part 2

The NYT article by Kristof

(<https://archive.is/20260511110537/https://www.nytimes.com/2026/05/11/opinion/israel-palestinians-sexual-violence.html>) uses EuroMed as a source which has been debunked above <https://discord.com/channels/1386816143955722391/1514973721759191070/1515348716549312603> voiding any credibility of that NYT article.

The Haaretz article when loaded comes up with an error meaning it's likely been retracted.

The NBC article itself self cancels by using Jonathan Conricus's testimony that it was a mistake what happened as mistake is not deliberate and thus it was an accident not a killing.

This leaves TRT World. TRT World is a known censorship and Erdogan weapon that too one that is blocked in India due to it stoking conflict by supporting Pakistan which is a legally recognized that too under US law state sponsor of terrorism, terrorist state, genocider of Bengali Hindus, ethnic cleanser of Kashmiri Hindu Pandits and persecuter of women

Part 3:

The next articles to be covered are that of Reuters, NDTV, The Guardian, EuroMed (already covered), Al Jazeera (already covered) and Btselem.

Since Al Jazeera and EuroMed are already covered that leaves only Btselem, Reuters and NDTV.

First of all, political opposition is itself not incriminating and not that serious of evidence especially as per Freedom House Israel is a democracy <https://freedomhouse.org/country/israel> . Second of all, the Movement for Quality Government in Israel which is one of the movements cited is led by Eliad Shruga https://en.wikipedia.org/wiki/Movement_for_Quality_Government_in_Israel who himself has been criticized by a Rabbinical court and was accused by the CEO of Bombardier Israel of using his position to obtain a private office https://he.wikipedia.org/wiki/%D7%90%D7%9C%D7%99%D7%A2%D7%93_%D7%A9%D7%A8%D7%92%D7%90 .

Regarding the NDTV article first of all the event referred to was a Red Cross ceremony and Red Cross is an unreliable group <https://www.reddit.com/r/IsraelPalestine/s/uRBPxXSvGI> (2nd part of comment) due to its recent hire having worked for Hamas collaborator UNRWA which is the subject of the Stop Support for UNRWA Act 2026 (US) <https://www.congress.gov/bill/119th-congress/senate-bill/4295/text?s=2&r=1&hl=UNRWA> , Uncovering UNRWA'S Terrorist Crimes Act 2025 (US) <https://www.congress.gov/bill/119th-congress/house-bill/1252/text?s=2&r=5&hl=UNRWA> , UNRWA FTO Designation Act 2024 (US) <https://www.congress.gov/bill/118th-congress/house-bill/7206/text?s=2&r=9&hl=UNRWA> , Uncovering UNRWA'S Terrorist Crimes Act 2024 (US) <https://www.congress.gov/bill/118th-congress/house-bill/7202/text?s=2&r=10&hl=UNRWA> , Stop Support for UNRWA Act 2024 (US) <https://www.congress.gov/bill/118th-congress/house-bill/7122/text?s=2&r=12&hl=UNRWA> , UNRWA Elimination Act 2024 (US) <https://www.congress.gov/bill/118th-congress/house-bill/7111/text?s=2&r=13&hl=UNRWA> and other such laws.

Part 4:

Furthermore regarding the NDTV article Hamas from where the hostages were released is known for staging hostage ceremonies and lying. Examples include Kraver & Kottisova CNN 2025 <https://edition.cnn.com/2025/02/20/middleeast/hamas-israel-hostages-release-bibas-intl-hnk> , TPSIL 2025 <https://tps.co.il/articles/a-theatre-of-terror-hamass-hostage-ceremonies-staged-for-humiliation/> and The Week 2025 <https://theweek.com/world-news/the-optics-of-hamas-hostage-releases> .

Moving on to The Guardian. The Guardian themselves is biased due to one of their journalist Matthew Cassel having worked for E.I, whose director Ali Abunimah was himself a board member of AAAN whose associate director is Rasma Odeh who is a convicted former PFLP terrorist <https://www.reddit.com/r/IsraelPalestine/s/LVhk8lgwkF> . Btselem has been refuted by NGO Monitor and deemed biased by other groups including JNS and others: <https://www.reddit.com/r/IsraelPalestine/s/zoACVvWJrH> top half of the comment.

E.I, Btselem, Dropsite, Al Jazeera and the Intercept have already been covered leaving only Middle East Eye and The Grayzone.

The Grayzone is run by Max Blumenthal who is a contributor to Al Jazeera (already covered) and has worked for Russian propaganda outlets RT and Sputnik both of which have been banned by the EU, Ukraine and other countries including UK and in Sputnik's case is an active foreign agent registered in FARA in 2017 by the US Department of Justice <https://www.reddit.com/r/IsraelPalestine/s/0fCjtX7FIG> . Furthermore, Blumenthal is a known denier of atrocities both in Syria and against the Uyghurs as in denying a real genocide as his own Wikipedia page proves <https://www.reddit.com/r/IsraelPalestine/s/iUJxOMcFjH> . Not to mention, Grayzone has been rejected by leftists for denying Uyghur oppression <https://www.codastory.com/disinformation/grayzone-xinjiang-denialism/> .

<https://discord.com/channels/1386816143955722391/1514973721759191070/1515639415672672317>

This leaves the MEE article which uses HRW, Amnesty and UNRWA as sources that too unreliable sources as already covered rendering that article invalid.

Part A

First of all, Houthis are a sanctioned terrorist group per both the EU (<https://data.europa.eu/apps/eusanctionstracker/subjects/137784>) and Australia (<https://www.nationalsecurity.gov.au/what-australia-is-doing/terrorist-organisations/listed-terrorist-organisations/ansar-allah>) in addition to UK (<https://search-uk-sanctions-list.service.gov.uk/?searchValue=Yemen®imeNames=Yemen>), France (<https://www.diplomatie.gouv.fr/en/information-by-country/yemen/political-and-economic-relationships>), designated by New Zealand as a terrorist entity (<https://www.dPMC.govt.nz/sites/default/files/2025-03/dPMC-roia-oia-2024-25-0470.pdf>) that is in addition to US sanctions by the Department of Treasury (<https://home.treasury.gov/news/press-releases/sb0367>) as well as under US laws such as Houthi Human Rights Accountability Act 2025 (US) (<https://www.congress.gov/bill/119th-congress/senate-bill/3451/text?s=2&r=1&hl=Houthis+Houthi>), Combatting Houthi Threats and Aggression Act 2025 (US) (<https://www.congress.gov/bill/119th-congress/house-bill/2052/text?s=2&r=7&hl=Houthis+Houthi>)

), House Resolution 1250 (2025) (US) (<https://www.congress.gov/bill/119th-congress/house-bill/1250/text?s=2&r=9&hl=Houthis+Houthi>), Standing Against Houthi Aggression Act 2025 (US) (<https://www.congress.gov/bill/119th-congress/senate-bill/159/text?s=2&r=10&hl=Houthis+Houthi>), Senate Bill 70 (2025) (US) (<https://www.congress.gov/bill/119th-congress/senate-bill/70/text?s=2&r=12&hl=Houthis+Houthi>), Senate Bill 3347 (2023) (US) (<https://www.congress.gov/bill/118th-congress/senate-bill/3347/text?s=2&r=16&hl=Houthis+Houthi>), Standing Against Houthi Aggression Act 2024 (US) (<https://www.congress.gov/bill/118th-congress/house-bill/6046/text?s=2&r=18&hl=Houthis+Houthi>), Senate Bill 3532 (2022) (US) (<https://www.congress.gov/bill/117th-congress/senate-bill/3532/text?s=2&r=24&hl=Houthis+Houthi>) and other such laws.

Part B

All the laws covered in Part A recognize Houthis as terrorists as does Standing Against Houthi Aggression Act 2021 (US) (<https://www.congress.gov/bill/117th-congress/house-bill/3965/text?s=2&r=26&hl=Houthis+Houthi>) and it is also known for being an Iranian proxy known for human rights violations as shown in Dismantle Iran's Proxy Act 2025 (US) (<https://www.congress.gov/bill/119th-congress/senate-bill/145?hl=Houthis+Houthi&s=2&r=11>), HCR 50 (2019) (US) (<https://www.congress.gov/bill/116th-congress/house-concurrent-resolution/50/text?s=2&r=31&hl=Houthis+Houthi>), SCR 21 (2019) (US) (<https://www.congress.gov/bill/116th-congress/senate-concurrent-resolution/21/text?s=2&r=32&hl=Houthis+Houthi>) and Houthis and Iran Sanctions Accountability Act 2017 (US) (<https://www.congress.gov/bill/115th-congress/house-bill/4603?hl=Houthis+Houthi&s=2&r=39>). And Iran is not only a state sponsor of terrorism but commits human rights violations, is a nuclear warmonger and persecutes both the Bahai minority and women <https://discord.com/channels/1386816143955722391/1386819030861484213/1515230808485662752> + <https://discord.com/channels/1386816143955722391/1386819030861484213/1515243652442493049> + <https://discord.com/channels/1386816143955722391/1386819003036471346/1515176779260891136> + <https://discord.com/channels/1386816143955722391/1386819003036471346/1515179466434023486>. As such due to both it's own human rights violations and terrorism as well as it's complicity with IRGC it is clear that Houthis are not enforcing international law.

Part C:

Regarding Houthis and the slave trade there is evidence of the Houthis doing slavery themselves; <https://childlabor.net/news/slavery-reestablished-by-houthis-in-yemen/> ,

<https://torontosun.com/news/world/who-the-hell-are-the-houthis-slavers-killers-despots-maniacs-and-misogynists> , <https://www.europe-solidaire.org/spip.php?article70035> .

Regarding the shipping, it's not just Israel but rather more than 50 nations and 27 attacks that have been done by the Houthis against shipping <https://www.shippingaustralia.com.au/international-coalition-begins-bombing-of-houthi-forces-in-yemen/> so the targeting of shipping is not to enforce the UN Charter. In fact targeting international shipping violates the freedom of navigation under UNCLOS 1982 (https://www.un.org/depts/los/convention_agreements/texts/unclos/unclos_e.pdf) and is illegal under the Convention for the Suppression of Unlawful Acts against the Safety of Maritime Navigation 1988 (<https://treaties.un.org/doc/db/terrorism/conv8-english.pdf>) as well as other international laws.

Not to mention, Houthis have received support from Turkey which itself is a triple genocide state and state sponsor of terrorism thereby voiding any claims of being against genocide <https://www.reddit.com/r/IsraelPalestine/s/g6yVWQI2Hf> , https://www.reddit.com/r/Teenager_Polls/s/Ww5fabMDXq , https://www.reddit.com/r/Teenager_Polls/s/kPWnOQnewC , https://www.reddit.com/r/Teenager_Polls/s/H2zMFh7tI9 , https://www.reddit.com/r/Teenager_Polls/s/XKbQjYtJVl + https://www.reddit.com/r/Teenager_Polls/s/nw2TrYcKKR .

The 2005 withdrawal ended the Israeli control of Gaza as confirmed by "Six. The completion of the plan will serve to dispel the claims regarding Israel's responsibility for the Palestinians in the Gaza Strip." 2004 Cabinet Resolution (Israel) <https://www.gov.il/en/pages/revised-disengagement-plan-6-june-2004> . This could also additionally be understood through House Resolution 1143 (2005) (<https://www.congress.gov/bill/109th-congress/house-bill/1143/text?s=1&r=44&hl=2005+gaza>) enacted by the United States which put a conditional prohibition on assistance to the PA regarding activities in the West Bank and Gaza something that can only exist if Israel ceded control and thus did in fact leave Gaza. Later on what happened is that Hamas seized the Gaza

Strip in 2007 in a violent coup and subsequently started doing terrorist attacks and hostage taking just like they had done since 1987 thereby causing the blockade. So referring to a random quote and ignoring context of the blockade to say that Israel didn't leave Gaza is a silly argument.

10th counter: (in response to

Part B1:

This says that the framing is common but cites literally no examples and only refers to a group making it a hasty generalization fallacy

(<https://www.logicallyfallacious.com/logicalfallacies/Hasty-Generalization>) and once again propounds the false genocide claim that has already been refuted above in this page. Ethnic cleansing first of all is a crime against humanity and legally a different crime from genocide as it isn't covered under the Genocide Convention

(<https://treaties.un.org/doc/publication/unts/volume%2078/volume-78-i-1021-english.pdf>) and also it wasn't 82% of people that supported ethnic cleansing as even Haaretz had to retract it and say it was 56%

(<https://archive.is/20250604161037/https://www.haaretz.com/opinion/2025-06-04/ty-article-opinion/premium/do-82-of-israelis-really-back-expulsion-of-gazans-the-data-tells-a-different-story/0000197-39da-da41-a9f7-3dde468d0000>) not to mention supporting an action is not the same

thing as doing it so using random opinion polls that too without context seeing as you don't cover that these polls were done prior to Jan 26 2026 when all hostages were returned

(<https://www.ajc.org/news/who-are-the-hostages-still-held-by-hamas>) meaning that these polls were done while Israeli hostages were still in Gaza being brutalized by Hamas to argue for collective guilt is literally collective punishment rhetoric, racist, in the case of Israel antisemitic under the IHRA definition

(<https://holocaustremembrance.com/resources/working-definition-antisemitism>) due to Israel being 80% Jewish seeing as only 20% of its population is Palestinian Arabs

(<https://www.cfr.org/backgrounders/what-know-about-arab-citizens-israel>) and when done the other way around against Palestinians is hypocritically and ironically used by your side to accuse of genocidal intent. So it's wrong not just on logic, fact and fallacy grounds but violates the standards used by your own side.

Part B2:

I would also add that alarming public opinion polls during and merely just after times of crisis and disaster amongst people are completely normal as in 1945, 4 years after Pearl Harbor Attack in 1941 a Gallup poll found that 85% of Americans supported nuking Imperial Japan (<https://ahf.nuclearmuseum.org/ahf/history/debate-over-bomb/>) does this mean that we blame all Americans including tiny children and people who suffered from The Great Depression in the 30s and the Pearl Harbor Attack in 1941 purely because of that? No. We need to understand

such polls not on their own in a cherrypicking manner but in the context that it happened around.

First of all, Zionists didn't have support from the British Empire as they had enacted the Churchill White Paper 1922 (<https://ecf.org.il/issues/issue/248>) as well as White Paper 1939 (<https://www.theholocaustexplained.org/1939-british-white-paper-on-palestine/>) and also because when Jewish terrorist groups Irgun and Lehi were crushed and their members arrested in The Saison in 1945 it was the British working with the Haganah that made that possible (https://en.wikipedia.org/wiki/The_Saison) showing that Britain didn't support Jewish immigration and were opposed by Jewish terrorist groups ergo Zionists were not supported by the British. There was also no ethnic cleansing done to Palestinians as while there were massacres perpetrated by Jewish terrorist groups there was no plan to render an area ethnically homogenous as required under UN S/25274 Section 6 Paragraph 55 (1993)'s definition of ethnic cleansing (<https://docs.un.org/en/S/25274>) and there was no purposeful policy to remove by violent and terror-inspiring means the civilian population of another ethnic or religious group as required under UN S/674 paragraph 130 (1994)'s definition of ethnic cleansing (<https://docs.un.org/en/S/1994/674>) as all the war plans with Plan Dalet being an example of this had the objectives related to defence and counterattacks only allowing for destruction and clearing of villages for defensive purposes and at its maximum occupation and control of Arab villages in relation to whether or not it obstructs transportation arteries during war time (<https://jewishvirtuallibrary.org/plan-dalet-for-war-of-independence-march-1948>), if one considers all of this the plans launched by Jewish groups during the 1948 war mirrored the Soviet tactic of scorched earth during WW2 which they used against Nazi Germany (<https://www.elucidate.org.au/content/methods-of-victory-for-the-ussr>) and thus it is not ethnic cleansing.

Part C1: Zionism is a movement by Jews indigenous to Israel with the specific purpose of returning and resuming sovereignty in their homeland per Jewish Virtual Library (<https://jewishvirtuallibrary.org/a-definition-of-zionism>) which makes it not a colonial movement but similar in fact to a Land Back Movement done by Native Americans (<https://www.npr.org/2024/09/18/nx-s1-5091001/the-latest-on-the-land-back-movement-in-which-native-american-tribes-reclaim-land>). Not to mention, Palestine per Arnaiz-Villena et.al (2001) Vol.62, Issue 9, page 891, "**Ancient Canaan (Palestine in Middle Age and modern times) has sequentially belonged to the Roman-Byzantine empire, to Egyptian Muslim Mameluks, to the European crusaders and finally to the Ottoman-Empire [9] since the XVI century. In 1918 British led mixed Arab-British troops seized the region. Palestine had 750,000 inhabitants in 1919 [9] and only 70,000 were Jewish.**" and as such even a source

that considers Ancient Canaan to be Palestine in the Middle Ages singlehandedly acknowledges that there was no Palestinian state and the land even it considers to be Palestine was little more than colonial property of empires and not an independent Palestinian state

(https://people.img.cas.cz/vaclav-horejsi/documents/ruzne/The_Origin_of_Palestinians_and_Their_Genetic_Relatedness_With_Other_Mediterranean_Populations.pdf)

therefore Palestine wasn't colonized by Zionists as it was already colonial property of other empires previously. Hajj Amin Al Husseini literally supported and carried out a pro-Axis coup in Iraq that led to the Farhud due to his support of Hitler, additionally he also cultivated a Bosnian Muslim SS Division to fight for the Nazis so you're claim of them being unrelated ignores history

(<https://www.reddit.com/r/IsraelPalestine/s/N48FXGJPQu>) top half of comment and (<https://shs.hal.science/halshs-04333630/document>).

Part C2: As far as Puritans go they merely settled in North America

(https://en.wikipedia.org/wiki/History_of_the_Puritans_in_North_America), it was still Europeans from Britain, France, Spain, Russia, Netherlands, Denmark, Portugal and Sweden that colonized not just America but the Americas

(https://en.wikipedia.org/wiki/European_colonization_of_the_Americas) so your argument about Puritans over elevates their role in colonization. Liberian colonization is accused of being done by America not African Americans and even then the question is considered open with some considering it and others not

(<https://www.instagram.com/reel/DL3-Uz1IMC4/?igsh=bHVrbjkzZTI1bDY0>). Not to mention, Liberia is an African country and African Americans come from Africa meaning they couldn't have done the colonization. Additionally, if they colonized Liberia then 95% of the population wouldn't be indigenous as is the case in Liberia

(<https://www.nationsencyclopedia.com/Africa/Liberia-ETHNIC-GROUPS.html>) as in literally every other case the colonized indigenous group ends up being the minority such as there only being 2.9% Native Americans in America per a 2020 Census quoted on Verite News

(<https://veritenews.org/2023/05/15/native-americans-the-minority-of-minorities/>),

Aboriginal and Torres Strait Islander people being 3.8% per a 2021 Census quoted by the Australian Human Rights Commission (AHRC)

(<https://humanrights.gov.au/human-rights-education/stats-and-facts-about-discrimination/statistics-about-aboriginal-and-torres-strait-islander-people>) and Maori people being 19.6% of the 2023 population of New Zealand

(<https://www.sbs.com.au/nitv/article/maori-population-hit-978-246-in-2023-almost-20-per-cent-of-new-zealand/m7up32aye>).

Part C3: Claiming that Israel makes Jews less safe is just false as while synagogues get targeted in other countries such as Heaton Park Hebrew Congregation Synagogue in

the UK (<https://www.counterterrorism.police.uk/news/manchester-attack-2025/>), Beth Yaacov Synagogue in France (<https://www.poolre.co.uk/terrorism-threat-publications/arson-attack-at-french-synagogue/>), Warsaw Synagogue in Poland (https://www.lemonde.fr/en/international/article/2024/05/01/warsaw-synagogue-attacked-with-three-molotov-cocktails_6670098_4.html), Lisbon Synagogue in Portugal (<https://portuguesejewishnews.com/news/new-episode-of-antisemitism-now-at-lisbon-synagogue/>) and Addas Israel Synagogue in Australia (<https://www.afp.gov.au/news-centre/media-release/victorian-jcct-charge-second-man-over-alleged-role-melbourne-synagogue>) each contributing to rising rates of antisemitism in each of those countries (<https://time.com/article/2026/05/03/rise-of-antisemitism-in-the-uk-terrorist-incident-government-response/>, <https://www.jpost.com/diaspora/antisemitism/article-886129>, <https://www.euronews.com/my-europe/2026/05/29/france-sees-as-sharp-rise-in-anti-jewish-anti-christian-and-anti-muslim-acts-says-government>, <https://asc.royalcommission.gov.au/>, <https://www.npr.org/2025/12/16/nx-s1-5646009/whats-behind-the-rise-of-antisemitism-in-australia>) and that too these are all recent ones, the latest attack on Israeli synagogues was in 2021 which is 2 years before Oct 7th (https://en.wikipedia.org/wiki/List_of_attacks_on_synagogues_in_Israel) proving that in fact Israel makes Jews safe.

Part D1: There is no genocide as there is no smoking gun to prove genocidal intent as in no genocidal plan as David Crane, the war crimes prosecutor for the UN special court in Sierra Leone noted in his NPR interview (<https://www.npr.org/2023/11/21/1214341050/prosecutor-weighs-in-on-whether-what-s-happening-in-gaza-is-genocide>) not to mention even as Clinton is questionable nowadays due to the Epstein scandal he was the key mediator of deals back then with the Clinton Parameters 2000 being named explicitly after him (<https://ecf.org.il/issues/issue/165>). So him recounting his experience as a mediator is not narcissism.

Part D2: One prime ministers political quote doesn't override the actual terms of the deal and as far as what the deal included if you don't want to believe Bill Clinton then other sources such as the ADL (<https://www.adl.org/resources/background/camp-david-summit-2000>) and Honest Reporting (<https://honestreporting.com/in-depth-arafat-rejected-peace-in-2000/>) confirm that the 2000 Camp David Summit was a genuine deal for near 100% of both territories for a Palestinian state that Yasser Arafat refused.

Part E1: The Truthout Article uses two X Posts from Younis Tirawi, two X Posts from

Quds News, three posts that cannot be retrieved, an X Post from AJ Plus, an article in Jacobin that quotes the PNGO Network and Al Jazeera, another X post from Quds News, an article in The New Arab that quotes Turkey threatening legal action, an X Post by Palestine Online, an X Post by Abo Salem, another X Post by Quds News, an X Post by Palestine Highlights, another X Post by Younis Tirawi, an X Post by AJ+, an article in the Palestine Chronicle, an X Post by Times of Gaza, an X Post by Ramy Abdul, an article by Al Jazeera, another X Post by Quds News, an X Post by Afshin Rattansi, another unretrievable post, a random X hashtag, another X post from Quds News, another Truthout article, an AJ+ clip, an Al Jazeera article, a CommonDreams article citing Riyadh Mansour, another Al Jazeera article, a Middle East Eye article regarding Itamar Ben Gvir, a MEMO article also on Itamar Ben Gvir, an article by +972 magazine, a Business Insider article on Netanyahu deleting an X post, another Truthout article, an article in The New Arab accusing of genocidal rhetoric using Yoav Gallant's quote as a basis, a MEE article this time on a different far right rogue minister, remarks by Congressman Rashida Tlaib, another Jacobin article with a false claim, a JNS article that is nowhere to be found, a CNN article on a sanctions bill against the ICC, another Truthout article that cites AP, an X Post from Breakthrough News and Jewish Voice for Peace (JVP). So basically in the approximately 20 citations this Truthout piece uses 6 of the citations are from Quds News which essentially is linked to Hamas between 2022-2023 according to a bunch of outlets and even had its own accounts suspended on Twitter, Tiktok and Meta (https://en.wikipedia.org/wiki/Quds_News_Network) so 30% of this Truthout piece is clear Hamas propaganda.

Part E2: What this also features is 3 X Post's from Younis Tirawi, a journalist whose former employer was Bellingcat (https://en.wikipedia.org/wiki/Younis_Tirawi) that has received funding from PAX for Peace (<https://en.wikipedia.org/wiki/Bellingcat>), PAX for Peace is better known as PAX which is funded by the Open Society Foundation (<https://ngo-monitor.org/ngos/pax-netherlands/>), the Open Society Foundation funds Al Haq and Al Mezan both of which that is Al Haq through Shawan Jabarin and Al Mezan through Kamal El Sharafi and Hussein Ahmad have ties to the PFLP with Al Mezan also having Nafiz Al Madhoun, a director general of the Hamas-controlled Palestinian Legislative Council as a member of Al Mezan's board clearly showing funding going to terrorism tied NGOs (https://ngo-monitor.org/ngos/al_haq/, https://www.ngo-monitor.org/pdf/AlMezan_0820.pdf) that is in addition to Al Haq and Al Mezan being under active US sanctions (<https://www.state.gov/releases/2025/09/sanctioning-foreign-ngos-directly-engaged-in-ics-illegitimate-targeting-of-israel>). So clearly Younis Tirawi is a biased and unreliable source meaning another 15% of their sourcing is pure propaganda.

Part E3: What is also part of that Truthout article is that 4 of the posts and 1 of the articles cannot be retrieved when clicked meaning 25% of that articles sourcing is dead. Next it should be noted that there are 3 AJ+ posts and 2 Al Jazeera articles cited which (? | forumDebunking Spooky Scary Socialist) as noted above is Hamas propaganda affiliated with the Muslim Brotherhood and Qatar that has had multiple scandals and lawsuits against it and thus is not a reliable source discarding those sources.

Part E4: Thus what remains is the 2 Jacobin articles, the 2 New Arab articles, Times of Gaza, a Palestine Chronicle article, Business Insider, JVP, 2 MEE articles, 1 MEMO article, Congressman Rashida Tlaib, a CNN article regarding ICC sanctions, Breakthrough News, Riyadh Mansour, Abo Salem and +972 Mag. The 1st Jacobin article cited in Truthout (<https://jacobin.com/2024/07/gaza-mawasi-israel-genocide-children>) cites Director Amjad Al Shawa of the PNGO Network who not only hosts Alam Kaabi, Robert Muhana and Jameel Majdalawi all PFLP members but also their Board Member Shatha Odeh is the CEO of PFLP tied HWC and also former Director and Member of General Assembly at PNGO Network Mohsen Abu Ramadan is a member of the Palestinian Democratic Assembly which unites the PFLP and DFLP (<https://ngo-monitor.org/reports/pngos-ties-to-palestinian-terror-groups/>, <https://ngo-monitor.org/ngos/health-work-committees/>, <https://ngo-monitor.org/reports/health-work-committees-ties-to-the-pflp-terror-group/>). So that Jacobin source used by Truthout is pure rubbish. The 2nd Jacobin article cited in Truthout (<https://jacobin.com/2024/01/israel-genocide-south-africa-icj>) stated that the ICJ found it plausible that Israel contravened the genocide convention which is not the case as in EJIL Talk Joan Donoghue from the ICJ had clarified that the plausible claim merely was plausibility of rights not plausibility of genocide or plausibility of GC breach (<https://www.ejiltalk.org/implausible-confusion-the-meaning-of-plausibility-in-the-icjs-provisional-measures/>). Not to mention, if Israel was found to breach the GC already then why would the court have to continue the case and allow a response from Israel? (<https://www.thepresidency.gov.za/south-africa-notes-israels-response-filing-icj>).

Part E5: As for the 2 New Arab articles one of them cites Turkey's threat of legal action with an accusation that it never proved of Israel using a Turkish-Palestinian Hospital as a military base (<https://www.newarab.com/news/turkey-threatens-israel-after-army-uses-gaza-hospital-base>) which is just hypocritical and ironical as not only is Turkey a triple genocidal nation and known state sponsor of terrorism including Hamas and Houthis ally that has a literal Free Trade Agreement with the PLO that also is an ally of Qatar and Pakistan two other state sponsors of terrorism one of which is legally recognized as one under US law that also is a genocider in Bangladesh in 1971 , ethnic cleanser in Kashmir in 1989-1990 and serial abuser of women's rights (? | forumDebunking Spooky Scary

Socialist, ? | forumDebunking Spooky Scary Socialist) but much like Turkey is on the US list of countries that use child soldiers (<https://www.al-monitor.com/originals/2021/07/us-adds-turkey-list-countries-using-child-soldiers>), it's friends Hamas and PA not only do that (<https://www.reddit.com/r/IsraelPalestine/s/rwPLKkoPvP>, <https://www.jpost.com/middle-east/pmw-report-slams-palestinian-authority-for-using-child-soldiers-618526>) but Hamas in particular is actually known for misusing hospitals for which there are dozens of sources including by the way an EU condemnation (<https://www.reddit.com/r/IsraelPalestine/s/bvrjUC8BMu> + <https://www.reddit.com/r/IsraelPalestine/s/9zZ0NEyUHM> + <https://www.reddit.com/r/IsraelPalestine/s/DENSInlpqn> + <https://www.consilium.europa.eu/en/press/press-releases/2023/11/12/statement-by-the-high-representative-on-behalf-of-the-european-union-on-humanitarian-pauses-in-gaza/>). So that New Arab article on Turkey's threat regarding an unverified and false allegation against Israel cannot be trusted.

Part E6: The other New Arab article cited

(<https://www.newarab.com/analysis/erase-gaza-how-genocidal-rhetoric-normalised-israel>) first of all uses the Yoav Gallant quote of human animals as the basis for their article which first of all has already been clarified by Gallant himself as referring to Hamas not to Gaza and not to Gazans (<https://www.thewrap.com/new-york-times-npr-israel-hamas-not-gaza-yoav-gallant/>) and second of all as David Crane, the war crimes prosecutor for the UN special court in Sierra Leone has already covered statements like these are merely political rhetoric not genocidal intent (<https://www.npr.org/2023/11/21/1214341050/prosecutor-weighs-in-on-whether-what-s-happening-in-gaza-is-genocide>). It also uses the Netanyahu quote of Amalek which once again has already been clarified and refers to Hamas not Palestinians (https://www.timesofisrael.com/liveblog_entry/netanyahu-absurd-to-say-his-comparison-of-hamas-to-biblical-amalekites-a-call-to-genocide/). That article also later cites the outlet 7amleh (<https://ngo-monitor.org/ngos/7amleh/>) whose donors literally include UN (already covered ? | forumDebunking Spooky Scary Socialist) and Open Society Foundation (already covered ? | forumDebunking Spooky Scary Socialist) while also receiving funding from Oxfam Novib (<https://ngo-monitor.org/ngos/7amleh/>) which is literally the Dutch branch of Oxfam a group with scandals in 5 countries (<https://www.reddit.com/r/IsraelPalestine/s/xvhTdp2Kxf> + <https://www.reddit.com/r/IsraelPalestine/s/BO34sMiLan>). So none of The New Arab articles used can be trusted.

Part E7: As for the 2 MEE articles

(<https://www.middleeasteye.net/news/israeli-former-knesset-member-moshe-feiglin-invo-kes-hitler-while-calling-gaza-resettlement> +

<https://www.middleeasteye.net/news/ben-gvir-salutes-israeli-soldier-who-shot-dead-palestinian-child>) and 1 MEMO article

(<https://www.middleeastmonitor.com/20240212-ben-gvir-calls-on-israel-army-to-shoot-gazas-children-women/>) they literally refer to Ben Gvir who is a far right rogue minister that not even his own populace likes

(<https://www.i24news.tv/en/news/israel/politics/1691233446-israelis-protest-against-ben-gvir-while-on-holiday-in-cyprus>) so unless people want to make the argument that Ben Gvir equals every Israeli government politician or the whole government let alone the populace whose against him even when on holiday which is very clearly untenable and would be false due to the existence of ministers like Ayman Odeh who actually don't like Ben Gvir either (https://en.wikipedia.org/wiki/Ayman_Odeh,

<https://www.israelnationalnews.com/news/417595>). Similarly there really is nothing to Netanyahu supposedly deleting an X post as Business Insider says

(<https://www.businessinsider.com/netanyahu-deleted-children-of-darkness-post-gaza-hospital-attack-2023-10>) as it isn't really that much of a thing as saying horrible things is something that is ubiquitous in politics across the globe and in far worse ways than this Pauline Hanson for example amongst other things literally tabled a motion in the Australian Senate saying "it's ok to be white" prompting regret from former Australian Prime Minister Scott Morrison

(<https://www.abc.net.au/news/2018-10-16/morrison-regrets-senators-backing-anti-white-racism-support/10381038>).

Part E8: As far as the Congressman Rashida Tlaib goes not only had she been censured in the Senate for promoting antisemitism and terrorism due to her involvement in the Peoples Conference for Palestine which had involvement with Hani Al Mazri justifying Oct 7th as a neutral reaction as recognized under House Resolution 674 (2025) (US)

(<https://www.congress.gov/bill/119th-congress/house-resolution/674/text?s=1&r=1&hl=Rashida+Tlaib>). Additionally, Rashida Tlaib is a fundraiser for Zohran Mamdani

(<https://www.jns.org/u.s.-news/tlaib-fundraises-for-campaign-of-anti-israel-nyc-mayoral-candidate>) who himself is tied to many scandalous and extremist groups and people including JVP through JVP Action, Nerdeen Kiswani, Mahmoud Khalil and SJP two of which have been sued twice for both terrorism ties and traffic blockage with others also having been sued for terrorism ties, that too the Bowdoin branch of SJP that Mamdani helped co found invited a 9/11 conspirator Asad Abu Khalil

(<https://www.reddit.com/r/IsraelPalestine/s/wL4CpbKLIK>). So neither is Tlaib nor JVP reliable sources. As far as the CNN article regarding ICC sanctions those sanctions are also justified as Karim Khan the prosecutor of the ICC was himself a women abuser as

has been noted by dozens of articles and is not only being sued by Oct 7th survivors as a Hamas partisan but has also been recently suspended as of 8 June 2026 (<https://www.reddit.com/r/IsraelPalestine/s/HkzM7scswe> + <https://www.abc.net.au/news/2026-06-09/icc-chief-prosecutor-karim-khan-suspended/106775010>).

Part E9: boiling this down via process of elimination on the basis of what parts E1-E8 have already addressed (? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist) the only thing that remains is a Palestine Chronicle article, Palestine Online, Abo Salem, Palestine Highlights, Ramy Abdul, Afshin Rattansi, Riyad Mansour, +972 and Breakthrough News. The Palestine Chronicle article cited (<https://www.palestinechronicle.com/the-lion-of-gaza-roars-who-is-hamza-abu-halima/>) calls Hamza Abu Halima a hero when in reality the article itself admits that their work was contributed to Al Jazeera at the bottom making it an unreliable folklore. Palestine Online claims that UK arrests people under Terrorism Act for saying no to genocide in Palestine (<https://x.com/i/status/2066892745608741077>) when first of all there is no such genocide and second of all the people in the clip are supporters of Palestine Action who not only vandalized Elbit not just in UK but in Germany as well (<https://www.haaretz.com/world-news/europe/2025-09-08/ty-article/.premium/palestine-action-activists-vandalize-elbit-systems-building-in-germany-protesting-gaza-war/0000199-2a0c-d3e4-abb9-6e8d79680000>, <https://www.jns.org/news/world/palestine-action-vandals-get-terror-linked-uk-jail-terms>).

Part E10: Palestine Online had also reposted stuff from Quds News Network (<https://x.com/i/status/2066792188990636277>) proving that they are merely a purveyor of Hamas propaganda and sensationalist misinformation and not a reliable source. Abo Salem reposts stuff from AJ+ (<https://x.com/i/status/2066875943143276633>) from Ramy Abdul (<https://x.com/i/status/2066922770353549614>) and from TRT World (<https://x.com/i/status/2066596880826421417>). AJ+ as already covered above is Al Jazeera which is Hamas propaganda affiliated with the Muslim Brotherhood and Qatar that has had multiple scandals and lawsuits against it rendering it unreliable (? | forumDebunking Spooky Scary Socialist), Ramy Abdul (<https://www.reddit.com/r/IsraelPalestine/s/npiti2eJ9S>) as covered in points 3 and 4 of this comment is the chairman of EuroMed per his own account status, the same EuroMed that has spread lies about organ harvesting and that was debunked and he

had also mistranslated a conversation regarding Ben Gvir which someone else had to correct him on. TRT World as already covered above (? | forumDebunking Spooky Scary Socialist) is a known Erdogan censorship weapon that was banned in India for supporting Pakistan which themselves are a terrorist state, state sponsor of terrorism, genocider in Bangladesh in 1971, ethnic cleanser in Kashmir in 1989-1990 and serial abuser of women's rights. This conclusively proves that Abo Salem, Palestine Online and Ramy Abdul are purveyors of propaganda not reliable sources.

Part E11: Accounting for what was recently covered in parts E9 & E10, (? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist) all that is left to cover to fully dismantle not just the Truthout article but much of the other sources used is Afshin Rattansi, Palestine Highlights, Riyadh Mansour, +972 and Breakthrough News. Palestine Highlights calls Hamas a resistance movement and as such whitewashes Hamas (<https://x.com/i/status/2066858383257342373>) when in reality it's not just terrorism they do but rather the Oct 7th attack due to Article 7 of their genocidal 1988 founding charter that they never got rid of can be considered an actual genocide (<https://www.jpost.com/arab-israeli-conflict/hamas-says-new-document-not-a-substitute-for-founding-charter-490379>, <https://www.reddit.com/r/IsraelPalestine/s/TOOy8mF2AM>, <https://www.cambridge.org/core/journals/israel-law-review/article/hamas-october-7th-genocide-legal-analysis-and-the-weaponisation-of-reverse-accusations-a-study-in-modern-genocide-recognition-and-denial/322198E636341BE82F37ED7147FEB0F5>). So Palestine Highlights is not credible at all. Afshin Rattansi reposts stuff from Tucker Carlson (<https://x.com/i/status/2065746738137440561>) and President Erdogan of Turkey (<https://x.com/i/status/2064673549621788963>). (<https://www.reddit.com/r/IsraelPalestine/s/TJ3O9pLR2y>) Tucker Carlson is a known Russian and Qatari propagandist that has been defeated in debate and was cited by Dr Nick Maynard who cites other similarly unreliable groups (<https://www.reddit.com/r/IsraelPalestine/s/INfIMzX0cl>) and made a ridiculously nonsensical claim about dogs (<https://www.reddit.com/r/IsraelPalestine/s/llq5koKIBz>).

Part E12: Erdogan as already covered earlier is the leader of a triple genocidal state (? | forumDebunking Spooky Scary Socialist) that is also a state sponsor of terrorism and an ally to two other state sponsors of terrorism as well as someone who (? | forumDebunking Spooky Scary Socialist) turns his own state broadcaster TRT World into a censorship weapon that supports a similarly genocidal, ethnic cleanser, state sponsor of terrorism, terrorist state and serial women's rights abuser state Pakistan and as such was even banned for that by India. But not only is he known for that (<https://newlinesmag.com/argument/uneasy-allies-the-real-relationship-between-turkey-and-syrias-new-rulers/>) he also armed HTS in Syria which is known for attacking minorities that took especially Kurdish people and is one of the reasons why Save The

Kurds Act (2026) (US) was introduced against the new Syria or HTS that Turkey armed (<https://www.congress.gov/bill/119th-congress/senate-bill/3740/text>). All in all this proves that Palestine Highlights is not a reliable source. Riyadh Mansour that was cited by a Common Dreams piece in Truthout (<https://www.commondreams.org/news/gaza-war-crimes>) got his position because of a 2005 appointment from dictator Mahmoud Abbas of the terrorist group and dictatorship PA that does Pay for Slay who is 21 years into a 4 year term, 22 this year (https://en.wikipedia.org/wiki/Riyad_Mansour, <https://blogs.timesofisrael.com/the-perpetual-dictator-and-the-missing-peace-the-story-of-mahmoud-abbas/>, <https://www.jns.org/column/moshe-phillips/a-happy-20th-anniversary-for-mahmoud-abbas>, <https://freedomhouse.org/country/west-bank>, ? | forumDebunking Spooky Scary Socialist) so neither is that Common Dreams piece reliable nor Riyadh Mansour.

Part E13: Accounting for what was covered in parts E11 & E12 (? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist) all that remains is Breakthrough News, +972 and Times of Gaza. Times of Gaza reposted a video with an Al Jazeera clip in it (<https://x.com/i/status/2048040064790225309>) rendering it unreliable as Al Jazeera is Hamas propaganda affiliated with Muslim Brotherhood and Qatar (? | forumDebunking Spooky Scary Socialist). Breakthrough News aired a podcast featuring Ali Abunimah (<https://x.com/i/status/2065446751071265073>). Ali Abunimah is the vice president on the board of directors of AAAN, a group whose associate director is convicted PFLP terrorist Ramea Odeh (https://en.wikipedia.org/wiki/Ali_Abunimah, https://en.wikipedia.org/wiki/Arab_American_Action_Network, https://en.wikipedia.org/wiki/Ramea_Odeh). What this leaves us +972 which has been deemed biased by Honest Reporting and NGO Monitor and even had racism scandals in it (https://ngo-monitor.org/ngos/_magazine/, <https://honestreporting.com/tag/972-magazine/>, <https://ngo-monitor.org/sweeping-allegations-racism-rug-972-magazine/>). Other than that the Truthout article engages in circular citation of its own pieces one of which cites AP. Conclusion: The Truthout article is mostly propaganda and debunked narratives.

Part G1: Assessing everything covered in the E series that is parts E1-E13, the Truthout Article is Rubbish as is the World news X Post that they literally admit is from Quds News Network which is Hamas propaganda, as is Al Jazeera and as is Younis Tirawi. This leaves us with AP (? | forumDebunking Spooky Scary Socialist) who was literally caught hiring a Hamas affiliated journalist and lying about it. The NYT times piece boils down to videos cited in the South Africa ICJ case and some experts questioning legality of demolitions which first of all is not incriminating evidence and second of all, South Africa not only had Hamas MOU's in 2015 and 2018 but the ICJ is a biased court whose

ruling in Rafah let Yahya Sinwar the perpetrator of Oct 7th escape from punishment (<https://www.reddit.com/r/IsraelPalestine/s/41ZY3ol6pZ> + <https://www.reddit.com/r/IsraelPalestine/s/GWzgFsB3js>). This thus leaves Snopes, CNN Amanopour article, Reuters, Shayan 86 X account, Tribune Pakistan, a New Arab article and Eekad Facts X account.

Part G1: Assessing everything covered in the E series that is parts E1-E13, the Truthout Article is Rubbish as is the World news X Post that they literally admit is from Quds News Network which is Hamas propaganda, as is Al Jazeera and as is Younis Tirawi. This leaves us with AP (? | forumDebunking Spooky Scary Socialist) who was literally caught hiring a Hamas affiliated journalist and lying about it. The NYT times piece boils down to videos cited in the South Africa ICJ case and some experts questioning legality of demolitions which first of all is not incriminating evidence and second of all, South Africa not only had Hamas MOU's in 2015 and 2018 but the ICJ is a biased court whose ruling in Rafah let Yahya Sinwar the perpetrator of Oct 7th escape from punishment (<https://www.reddit.com/r/IsraelPalestine/s/41ZY3ol6pZ> + <https://www.reddit.com/r/IsraelPalestine/s/GWzgFsB3js>). This thus leaves Snopes, CNN Amanopour article, Reuters, Shayan 86 X account, Tribune Pakistan, a New Arab article and Eekad Facts X account.

Part G2: Snopes's co-founder David Mikkelson literally had a plagiarism scandal that was exposed by Buzzfeed (<https://en.wikipedia.org/wiki/Snopes>) meaning Snopes is not a reliable source. The CNN Amanopour article cited (<https://edition.cnn.com/videos/world/2024/02/15/exp-amanpour-idf-social-media-pkg-021501pseg2-cnni-world.cnn>) uses literally no source rendering the article useless as proof. The Reuters article cited (<https://www.reuters.com/fact-check/behind-the-scenes-footage-film-shared-palestinians-faking-injuries-2023-11-17/>) cites a EuroNews article accusing Israel of manipulation based on supposedly what some pro-Israel people may have done (<https://www.euronews.com/my-europe/2023/11/01/pollywood-gazans-are-falsely-accused-of-staging-injury-and-death-online>) and even that article cites PalSolidarity as it says that it uses an article from them in that article, that PalSolidarity site if you click on the hyperlink goes to the International Solidarity Movement (ISM) (<https://palsolidarity.org/2023/08/palestinian-child-looses-his-leg-after-israeli-occupation-invades-nur-shams-camp/>), ISM's co-founders led the 2011 flotilla funded by IHH which is a Turkish "charity" linked to Hamas (<https://www.reddit.com/r/ProgressivesForIsrael/s/Vz3UhI6aXo>). This renders both the EuroNews and Reuters articles unreliable.

Part G3: Judging by what was covered in parts G1 & G2 (? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist) what remains is merely

a New Arab Article, Shayan 86, Eekad Facts and Tribune Pakistan. The New Arab Article

(<https://www.newarab.com/news/gaza-hospital-strike-israeli-audio-proof-disinformation>) cites 3 other New Arab Articles, a Channel News 4 piece that uses no sources apart from a video they created, Misbar, BBC verify which is affiliated with BBC, another New Arab Article and an X Post from Marc Owen Jones who it says is an associate professor at Hamad Bin Khalifa University and a EuroMed Communications person Muhammad Shehada. So minus the citation of a circular cited Channel News 4 piece, this article from the New Arab circular cites 4 other New Arab Articles, BBC Verify, Marc Owen Jones from Hamad Bin Khalifa University and EuroMed. EuroMed as already covered is a debunked liar (? | forumDebunking Spooky Scary Socialist). The 1st New Arab article cited

(<https://www.newarab.com/news/what-do-we-know-about-strike-gazas-baptist-hospital>) literally cites the WHO as one of its sources and WHO is a UN agency (https://en.wikipedia.org/wiki/World_Health_Organization) and since UN is corrupt and biased as proven earlier (? | forumDebunking Spooky Scary Socialist) that renders the 1st New Arab article cited by the above cited New Arab article invalid. The 2nd one claims that Israel violates international law and other norms of war with literally no evidence (<https://www.newarab.com/video/and-after-israeli-attack-al-ahli-hospital>) rendering it invalid.

Part G4: The 3rd one cites demonstrations by the Houthis and Hezbollah as well as a declaration by Erdogan , Houthis and Hezbollah are literally Iranian proxies and terrorist allies of Hamas and Erdogan literally has 0 moral standing as already covered before (? | forumDebunking Spooky Scary Socialist). So that renders the 3rd New Arab article cited by the original New Arab piece

(<https://www.newarab.com/news/gaza-hospital-strike-israeli-audio-proof-disinformation>) invalid. The 4th New Arab piece cited

(<https://www.newarab.com/analysis/shireen-abu-akleh-and-israels-disinformation-playbook>) uses Btselem as a source which as already covered (? | forumDebunking Spooky Scary Socialist) is a debunked and refuted source that is biased rendering that New Arab article invalid. Now moving on to BBC, BBC itself had a scandal where they had to fire Tala Halawa for praising Hitler live on air and they even ran a documentary that was done by a Hamas affiliated family known as the Gaza Documentary Scandal

(<https://www.reddit.com/r/IsraelPalestine/s/aNxL4s0mxU>) rendering anything from BBC including BBC Verify invalid. Hamad Bin Khalifa University is a Qatari University named after Sheikh Thani who is the creator of Al Jazeera

(https://en.wikipedia.org/wiki/Hamad_Bin_Khalifa_University,

https://en.wikipedia.org/wiki/Hamad_bin_Khalifa_Al_Thani) the same Al Jazeera with ties to MB and Qatar that is Hamas propaganda with multiple lawsuits and scandals against it (? | forumDebunking Spooky Scary Socialist) and also Hamad Bin Khalifa University is a member of the Qatar Foundation whose founder is once again Al Jazeera creator Sheikh Thani (https://en.wikipedia.org/wiki/Qatar_Foundation), this renders anything from HBK University including Marc Owen Jones invalid and unreliable.

Part G5: The only somewhat reliable source the original New Arab piece cites (<https://www.newarab.com/news/gaza-hospital-strike-israeli-audio-proof-disinformation>) is Misbar and even then they cite an Al Jazeera journalist in their piece rendering their fact check unreliable (<https://www.misbar.com/en/editorial/2023/10/20/evidence-points-toward-israeli-responsibility-in-baptist-hospital-tragedy>). In fact there is heaps of contradictory evidence to the narrative promoted by the New Arab piece such as (<https://lieber.westpoint.edu/facts-matter-assessing-al-ahli-hospital-incident/>) a military analysis by Lieber Institute West Point, US Government and security experts quoted in The Wall Street Journal (<https://web.archive.org/web/20260226110407/https://www.wsj.com/world/middle-east/israel-tries-to-back-up-claims-it-didnt-attack-gaza-hospital-a8cc3405>), a European military source (<https://www.france24.com/en/middle-east/20231020-gaza-hospital-blast-was-caused-by-misfired-rocket-says-european-military-source>) and even French intelligence quoted in LA times (<https://www.latimes.com/world-nation/story/2023-10-20/french-intelligence-points-to-palestinian-rocket-not-israeli-airstrike-for-gaza-hospital-blast>).

Part G6: Judging by what was covered in parts G3 - G5 (? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist) all that is left to cover is Shayan 86 X account, Eekad Facts and Tribune Pakistan. Tribune Pakistan better known as The Express Tribune self censored a news piece run on Bin Laden in 2014 in the NYT (https://en.wikipedia.org/wiki/The_Express_Tribune) rendering it invalid as a source due to it covering up news about the 9/11 architect. Shayan 86 is better known as Shayan

Sardarizadeh and is a senior journalist at BBC Verify which is a BBC affiliate per his own X account (<https://x.com/Shayan86>) and as such since the BBC is not a valid source as established earlier (? | forumDebunking Spooky Scary Socialist) neither is Shayan 86. This leaves Eekad Facts (<https://x.com/i/status/1724075966090162330>) who said that they shed lights on potential inaccuracies regarding Al Ahli but that is refuted by US military reviews, US intelligence, French Intelligence and a European military source as covered earlier (? | forumDebunking Spooky Scary Socialist).

AP News are well-known leftist propagandists morons which have been debunked earlier in @HBBelCanterNuwarHeathM5's earlier source dismantling. In their one article, they amplified the mega-narrative of 2 Israeli soldiers "admitted" to using human shields, this same AP News also spread 65 doctors and Israeli snipers hoax which was brutally debunked earlier in the thread. In this one article, they can be seen talking about how Gazan Health Ministry and how their figures work, and are basically trying to credit them as a valid source.

Part H1: AP has already been covered and cannot in any way be construed as a reliable source (? | forumDebunking Spooky Scary Socialist). As far as the ECC article they say that Spagat said that reliability of the GMH deteriorated over months except for one obvious problem which is that Spagat publicly stated to DW in 2025 that he considered the numbers to be pretty accurate meaning he actually supported GMH numbers

(<https://www.dw.com/en/gaza-what-is-the-actual-death-toll-and-how-can-we-be-sure/a-73136975>). So the ECC blog just lied about Spagat's take on GMH numbers. On top of it ECC cites an MOH official which isn't reliable because the MOH is a proven liar and faked casualty statistics something that Hamas the terrorist group who runs the MOH even confessed to later saying that 72% of the deaths were men of combat age (<https://san.com/cc/new-report-claims-hamas-is-altering-gaza-death-toll/>, <https://www.telegraph.co.uk/news/2025/04/05/far-past-time-to-stop-paying-attention-to-hamas-lies/>, <https://www.algemeiner.com/2025/04/03/patently-falsified-hamas-deletes-thousands-gaza-death-list-including-over-1000-children/>, <https://www.jpost.com/israel-news/defense-news/article-848592>, <https://www.reddit.com/r/IsraelPalestine/s/AaNH34M11K>). So the ECC source is not

reliable at all.

Part H2: As for the powerbi PowerPoint

(<https://app.powerbi.com/view?r=eyJrIjoiODAxNTYzMDYtMjQ3YS00OTMzLTkxMWQ0TU1NWEwMzE5NTMwIiwidCI6ImY2MTBjMGI3LWJkMjQ0NGIzOS04MTBiLTNkYzI4MGFmYjU5MCIslmMiOjh9>) it is clear if you look at it that this is a WHO PowerPoint and since the source of the numbers is WHO and WHO is unreliable due to being an agency of a corrupt and biased UN (? | forumDebunking Spooky Scary Socialist) that thus means that this source isn't reliable at all. What remains is Al Jazeera which is Hamas propaganda affiliated with Muslim Brotherhood and Qatar that has multiple scandals and lawsuits against it voiding it's credibility (? | forumDebunking Spooky Scary Socialist).

Part J1: Al Jazeera, Dropsite and EI have already been covered in other rebuttals above. So this leaves us with CNN, Mondoweiss, Maritime Executive and a paper. The CNN article cited

(<https://edition.cnn.com/2025/01/22/middleeast/yemen-houthi-galaxy-leader-crew-free-intl-latam/index.html>) uses Houthi owned Al Masirah TV as a source as well as the International Maritime Organization and the UN envoy for Yemen as a source. Al Masirah is an Iran backed news channel that was seized by the US Government for promoting disinformation

(<https://www.abc.net.au/news/2021-06-23/us-government-seizes-iranian-websites-yemen-bahrain/100236416>), Twitter had suspended their account

(<https://www.reuters.com/world/middle-east/twitter-suspends-account-al-masirah-tv-run-by-yemens-houthis-2020-10-08/>) and is known for spreading antisemitism such as calling Jewish neighbourhoods "the dirtiest place in Medina" per a US State Department Report on International Religious Freedom regarding Yemen in 2022 (<https://2021-2025.state.gov/reports/2022-report-on-international-religious-freedom/yemen/>).

Part J2: Al Masirah TV had also promoted blood libel per a US State Department Report on International Religious Freedom regarding Yemen in 2023

(<https://www.state.gov/reports/2023-report-on-international-religious-freedom/yemen/>) and is owned by the same entity that not only is (? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist + ? | forumDebunking

Spooky Scary Socialist) a designated terrorist group known for human rights violations, IRGC complicity, alliance with Turkey who is a triple genocider and state sponsor of terrorism allied to two other state sponsors of terrorism that is also (? | forumDebunking Spooky Scary Socialist) an ally of the Kurdish targeting HTS in Syria as well as (? | forumDebunking Spooky Scary Socialist) designated on the US list of countries that use child soldiers but the Al Masirah TV used by the Houthis is designated as a terrorist recruitment service under Australia's Criminal Code (Terrorist Organization - Ansar Allah) Regulations 2024 (clth) (chrome-native://pdf/link?url=content%3A%2F%2Fmedia%2Fexternal%2Fdownloads%2F1000002470).

Part J3: The International Maritime Organization is a UN agency (https://en.wikipedia.org/wiki/International_Maritime_Organization) and so much like the UN envoy for Yemen is in fact tied to the UN and thus an unreliable source due to UN corruption and bias (? | forumDebunking Spooky Scary Socialist) this thus renders both of those sources unreliable as well and as a result the CNN article cannot be trusted.

Part J4: What remains is Mondoweiss, Maritime Executive and a paper. The Mondoweiss article in question was authored by Craig Mokhiber (<https://mondoweiss.net/2025/04/yemen-is-acting-responsibly-to-stop-genocide-and-the-u-s-is-bombing-them-for-it/>) and cites the ICJ, UNGA, another letter authored by Craig Mokhiber, a UN statement that cites Francesca Albanese, Al Jazeera and Richard Falk from EuroMed as sources. Craig Mokhiber first of all is someone who works for the New York based UNOCHA as in he is a UN affiliated person (https://en.wikipedia.org/wiki/Craig_Mokhiber) and second of all Craig Mokhiber worked with Raji Sourani who is a convicted PFLP member to co-organize a Gaza Tribunal in which Richard Falk was also involved (https://en.wikipedia.org/wiki/Raji_Sourani) rendering them invalid sources. Al Jazeera has already been covered earlier (? | forumDebunking Spooky Scary Socialist) and cannot in any way be construed to be a reliable source. UNGA is a UN body (https://en.wikipedia.org/wiki/United_Nations_General_Assembly) and the ICJ is a UN affiliated (https://en.wikipedia.org/wiki/International_Court_of_Justice) corrupt and biased court (<https://www.reddit.com/r/IsraelPalestine/s/cz5JDiy2xF>). So none of those are reliable sources at all. This leaves EuroMed and Francesca Albanese. Francesca

Albanese is a biased and unreliable UN Rapporteur that faces US sanctions (<https://www.reddit.com/r/IsraelPalestine/s/gdxXyLhulv>) and a known denier of atrocities whose corruption and pro-Hamas funding was covered by the UN (<https://www.reddit.com/r/IsraelPalestine/s/P3woJixKyT>). This leaves EuroMed who as already covered is a known liar and thus unreliable (? | forumDebunking Spooky Scary Socialist). Hence, the Craig Mokhiber Mondoweiss article is not a reliable source and is whitewashed terrorist propaganda wearing a UN label. An example of what has been said.

Part J5: Based on what has been covered in parts J1 - J4 (? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist) all that remains is Maritime Executive and a paper. The Maritime Executive source cites a Houthi related department rendering it unreliable (<https://maritime-executive.com/article/yemen-s-houthi-rebels-agree-to-lift-red-sea-blockade>). What remains afterwards is only the paper which is authored by Shane Darcy as one of its authors (<https://academic.oup.com/jcsi/article-abstract/15/2/211/785186?redirectedFrom=fulltext&login=false>) the exact same Shane Darcy who has published articles in the International Review of the Red Cross (https://books.google.com.au/books/about/To_Serve_the_Energy.html?id=_5KwDwAAQBAJ&source=kp_author_description&redir_esc=y), the exact same International Review of the Red Cross that is an unreliable Red Cross affiliated journal (<https://www.reddit.com/r/IsraelPalestine/s/eSrDGk4Egg>). This renders that paper an invalid source.

Nur Masalha is the editor in chief of Journal of Holy Land and Palestine Studies (https://en.wikipedia.org/wiki/Nur_Masalha) and Edward Said is a listed member of the international advisory board and editorial board for that journal, Edward Said was a member of the Palestinian National Council (https://en.wikipedia.org/wiki/Edward_Said#Palestinian_National_Council) which is itself a PLO legislative body (https://en.wikipedia.org/wiki/Palestinian_National_Council). So Nur Masalha is the editor in chief of a journal whose board member is a registered member of a PLO legislative body.

Part K1: Btselem, HRW and AP are already covered leaving Jadaliyya, Reuters and Haaretz. As for Jadaliyya, Jadaliyya is co-edited by Noura Erakat, Sinan Antoon and Mouin Rabbani (<https://en.wikipedia.org/wiki/Jadaliyya>). Noura Erakat is a policy advisor with Al Shabaka (https://en.wikipedia.org/wiki/Noura_Erakat), Al Shabaka's donors include Rockefeller Brothers Fund, Open Society Foundation (already covered [?](#) | forumDebunking Spooky Scary Socialist) and Wesam Ahmad who is the head of the center of applied international law at Al Haq (https://ngo-monitor.org/ngos/al_shabaka_the_palestinian_policy_network/). Al Haq is tied to the PFLP courtesy of Shawan Jabarin (https://ngo-monitor.org/ngos/al_haq/) and additionally Wesam Ahmad also worked with convicted PFLP member Raji Sourani to establish the Gaza Tribunal (https://en.wikipedia.org/wiki/Raji_Sourani). Rockefeller Brothers Fund is a dubious group that funds JVP ([?](#) | forumDebunking Spooky Scary Socialist) whose board member dined with a Holocaust denier and whose been sued twice for terrorism and traffic blocking. So hence Al Shabaka is a biased group and thereby Noura Erakat is biased. Similarly, Sinan Antoon writes a biweekly opinion column for al-Quds al-Arabi (https://en.wikipedia.org/wiki/Sinan_Antoon). Al-Quds Al-Arabi is a PLO funded outlet (https://en.wikipedia.org/wiki/Al-Quds_Al-Arabi) and the PLO's later rebranded PA ([?](#) | forumDebunking Spooky Scary Socialist) is a terrorist group that engaged in Pay for Slay as well as ([?](#) | forumDebunking Spooky Scary Socialist) the use of child soldiers and is a dictatorship ([?](#) | forumDebunking Spooky Scary Socialist). So Sinan Antoon is unreliable.

Part K2: In a similar vein, Mouin Rabbani was both the 2012 Senior Analyst of the International Crisis Group, a general editor for Al Haq (already covered) and a senior fellow at the Institute for Palestine Studies (https://en.wikipedia.org/wiki/Mouin_Rabbani). Institute for Palestine Studies as covered here ([☺](#) | general-discussion) is edited by Rashid Khalidi who is a former PLO spokesperson deemed biased across multiple outlets. The International Crisis Group has the UN (already covered [?](#) | forumDebunking Spooky Scary Socialist), Rockefeller Brothers Fund (already covered) and Open Society Foundation (already covered [?](#) | forumDebunking Spooky Scary Socialist) (https://ngo-monitor.org/ngos/international_crisis_group/) rendering both ICG and Mouin Rabbani biased. In Conclusion: Jadaliyya is an unreliable and biased source. That leaves Reuters and Haaretz. The study referred to in the Reuters article was never used

per the article itself

(<https://www.reuters.com/article/world/israel-gaza-blockade-study-calculated-palestinian-s-calories-idUSBRE89G0NM/>) rendering the Reuters article non-evidence. So now we move on to Haaretz, where in this case if you actually look at the Haaretz article it clearly says at the end "the full interview will appear on Friday"

(<https://archive.md/20240606075530/https://www.haaretz.com/2004-10-06/ty-article/top-pm-aide-gaza-plan-aims-to-freeze-the-peace-process/0000017f-e56c-dea7-adff-f5ff1fc40000>) thereby Haaretz admits that the Dov Weisglass quote was cherrypicked as it is not quoted from the full interview. In fact CAMERA rebutted the piece calling it a distortion due to selective quotes something which in fact matches with what can be gleaned from the Haaretz article

(<https://www.camera.org/article/selective-quotes-distort-intent-of-sharon-s-gaza-withdrawal/>).

The website titled Israel Exposed has according to its own resources section Anas Al Sharif, Dr Karim Wafa, Double Down News, Online Pal Eng aka Palestine Online, Quds Nen aka Quds News Network and Nour Naim as confirmed X accounts operating to provide sources for that page (<https://watermeloncrimes.com/resources>).

Now as far as these X accounts go Quds News Network is confirmed Hamas propaganda as already proven above (? | forumDebunking Spooky Scary Socialist) and likewise Palestine Online aka Online Pal Eng (<https://x.com/OnlinePalEng>) is in fact an already proven propaganda account that in fact reposted stuff from Quds News Network (? | forumDebunking Spooky Scary Socialist) and lied about why arrests were occurring in the UK (? | forumDebunking Spooky Scary Socialist). This leaves us with Anas Al Sharif, Nour Naim, Double Down News and Dr Karim Wafa. As far as Anas Al Sharif goes he is an Al Jazeera person who was a commander of a rocket launching squad photographed with Yahya Sinwar the Oct 7th mastermind (https://www.instagram.com/p/DNMIzQSCUGx/?utm_source=ig_web_copy_link). So he's a Hamas affiliate. (<https://mediabiasfactcheck.com/double-down-news-ddn-bias>), DDN practically invites Dr Malhotra who spreaded misinformation regarding vaccines and also has connections to Yanis Varoufakis who was exposed by (<https://www.youtube.com/watch?v=M4F1PbAY67M>), Tal Oran himself. That leaves Nour Naim and Dr Karim Wafa. Dr Karim Wafa aka Karim Wafa-Al Hussaini (<https://x.com/DrKarimWafa>) had reposted content by Ramy Abdul

(<https://x.com/i/status/2058056555019304976>), the same Ramy Abdul who is the chairman of the disinformation outlet EuroMed and was exposed for mistranslating a conversation (? | forumDebunking Spooky Scary Socialist) rendering Dr Karim Wafa unreliable.

Next comes Nour Naim who reposted content from Gaza Notifications who quoted PCHR (<https://x.com/i/status/1988163058997264608>). PCHR first of all is led by Raji Sourani who is a convicted PFLP member (https://en.wikipedia.org/wiki/Raji_Sourani) and second of all is the subject of active US sanctions (<https://www.state.gov/releases/2025/09/sanctioning-foreign-ngos-directly-engaged-in-ics-illegitimate-targeting-of-israel>). So this renders Nour Naim's X account unreliable and as a result the Israel Exposed archives page unreliable.

And those gigabyte of archives/lists/testimonies?

Did you access them?

Or perhaps are they fake?

That gigabyte is the product of X accounts like these.

We can say with certainty that they're fake.

What about the terabytes of different kinds of stuff they have.

Those terabytes are a product of those accounts mentioned and others like it.

Are all of their 350 sources like those?

Those accounts are a good sample size to show what goes into their website.

Part M1: Al Jazeera is already covered (? | forumDebunking Spooky Scary Socialist).

This leaves Empire Files and the Wikipedia page on anti-BDS laws. Now the anti-BDS laws are being enacted in the US so that's not even Israel's fault rendering that of no meaning. What remains is Empire Files, Empire Files is a YouTube channel created by Abby Martin (<https://youtube.com/@empirefiles?si=b0pRAMj8n-eHocU3>). Abby Martin was an active 9/11 conspiracy theorist active in the 9/11 truth movement and her outlet was run by Telesur English which is a Venezuelan government sponsored outlet that only stopped funding "The Empire Files" in 2018 due to US sanctions on Venezuela (https://en.wikipedia.org/wiki/Abby_Martin). According to that same page (https://en.wikipedia.org/wiki/Abby_Martin), the Empire Files hosted Noam Chomsky someone who is in the Epstein files

(<https://www.newstatesman.com/ideas/2026/02/noam-chomskys-reputation-will-never-r>

[ecover-from-the-epstein-files](#)) and is involved in the Faurisson Affair where he supported Holocaust denier Robert Faurisson (https://en.wikipedia.org/wiki/Faurisson_affair). Overall, The Empire Files has no credibility at all.

https://youtube.com/shorts/q_jubL_Ynks?si=lyUjlrkljEclzq_U lol this is what they're accusing of apartheid.

Telesur English, Empire Files and PalSolidarity aka ISM have already been covered (? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist) this leaves the Haaretz article and the JPPI paper. As for the Haaretz article claiming 82%, Haaretz themselves had retracted that number and said it was 56% (<https://archive.is/20250604161037/https://www.haaretz.com/opinion/2025-06-04/ty-article-opinion/.premium/do-82-of-israelis-really-back-expulsion-of-gazans-the-data-tells-a-different-story/00000197-39da-da41-a9f7-3dde468d0000>) rendering the 82% Haaretz article false. This leaves JPPI. As far as the JPPI thing the article itself is from February 2025 (<https://jppi.org.il/en/סקר-החברה-הישראלית-לחודש-פברואר-רוב-גד/>) and as already covered in another response all the hostages had only been returned on Jan 26, 2026 (? | forumDebunking Spooky Scary Socialist) which means that the high intensity of the opinions was at a time when hostages weren't completely returned, people ended up dead like the Bibas Family or the 1200 killed on Oct 7th and IDF soldiers were still actively fighting a genocidal terrorist group to recover innocent civilians who had family back home in Israel.

Part L1: UNRWA has already been covered (? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist) and is not only a Hamas collaborator but a reason why Amnesty is not valid at all as Amnesty literally cosigned a letter supporting funding to UNRWA. That leaves the Haaretz article and CJPME. CJPME June 2024 Board member Saba Amro was involved in the Justice for Palestinians Calgary group per their own website (https://www.cjpme.org/our_leadership), Justice for Palestinians Calgary literally has one of their organizers Wesam Khalid arrested for causing a disturbance with hate as a motivation (<https://calgary.citynews.ca/2023/11/12/protesters-across-canada-israel-hamas-war-rag>

es/) that too the same Wesam Khalid that IJV Calgary which is a branch of IJV Canada backs given them being listed on a joint statement by CJPME officials Instagram account for exactly that purpose

(<https://www.instagram.com/p/C5lp0dLuFEw/?igsh=MXE1YmNxanU1YTh2eQ==>). This shows that Wesam Khalid is supported by the same group that hired Corey Balsam from Oxfam (<https://ngo-monitor.org/ngos/independent-jewish-voices-canada-ijv/>), that too the same Oxfam with scandals in 5 countries

(<https://www.reddit.com/r/IsraelPalestine/s/YCABFd7uat> +

<https://www.reddit.com/r/IsraelPalestine/s/hi7uw7IBSI>). Their other June 2024 member Omar Burgan (https://www.cjpme.org/our_leadership) introduced a resolution that is described by Canada Talks on Israel/Palestine as urging to not use the IHRA definition of antisemitism and to adopt the recommendations of Amnesty International amongst others

(<https://canadatalksisraelpalestine.ca/2021/03/14/israel-palestine-to-be-discussed-at-upcoming-ndp-national-convention/>), Amnesty International as already covered is a biased and corrupt UNRWA supporter (? | forumDebunking Spooky Scary Socialist).

Part L2: As far as the CJPME Executive Team, their November 2025 President Yara Shoufani (https://www.cjpme.org/our_leadership) is affiliated with PYM and Canadian Friends of Sabeel, PYM was exposed for hosting Abubaker Abed

(<https://x.com/i/status/1957466077287321926>) someone who is an Al Jazeera and EI journalist (<https://www.middleeasteye.net/users/abubaker-abed>); Al Jazeera is itself Hamas propaganda tied to the Muslim Brotherhood and Qatar as already exposed earlier (? | forumDebunking Spooky Scary Socialist) and EI's leader Ali Abunimah is

on the board of AAAN whose associate director is convicted PFLP terrorist Rasmae Odeh as already covered (? | forumDebunking Spooky Scary Socialist). Canadian

Friends of Sabeel on their own website lists the already covered Independent Jewish Voices or IJV Canada (? | forumDebunking Spooky Scary Socialist) as a partner

(<https://www.friendsofsabeel.ca/who-we-are/#FriendsandPartners>) proving them to be

not credible. Boutaina Chafi listed as CJPME's April 2026 National Organizer is also tied to PYM (https://www.cjpme.org/our_leadership) thereby proving Chafi to not be credible

for the reasons established above. CJPME's Board Member Libby Davies supported the Goldstone Report both per the CJPME website and NGO Monitor

(https://www.cjpme.org/our_leadership +

<https://ngo-monitor.org/ngos/canadians-for-justice-and-peace-in-the-middle-east-cjpme/>)

that is despite The Goldstone Report being biased and debunked in detail (<https://www.reddit.com/r/IsraelPalestine/s/jzCJG02OxP>) with the creator Richard Goldstone even partially retracting it (<https://www.npr.org/2011/04/03/135093832/goldstone-retracts-part-of-u-n-report-on-gaza>). Therefore CJPME is not a reliable source.

Part L3: What remains after accounting for what was covered in parts L1 and L2 (? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist) is the Haaretz article. First of all, nowhere in the Haaretz article does it say that they uploaded, covered, analyzed or even looked at all parts and minutes of the meeting (<https://archive.is/20250619153739/https://www.haaretz.com/israel-news/2023-10-09/ty-article/.premium/another-concept-implodes-israel-cant-be-managed-by-a-criminal-defendant/0000018b-1382-d2fc-a59f-d39b5dbf0000#selection-929.0-936.0>) so this is clearly using cherrypicked speech to distort and promote a myth that has been debunked (<https://www.jns.org/opinion/daniel-greenfield/the-myth-that-israel-netanyahu-created-funded-hamas>).

Part O1: As far as the 1st source it's a book from Noam Chomsky who as already covered in the Epstein Files and is also a guest invited on the Empire Files which was not only created by 9/11 conspiracy theorist Abby Martin but was run by a Venezuelan government sponsored outlet Telesur English with them only splitting because of US sanctions on Venezuela (? | forumDebunking Spooky Scary Socialist) and thus the Chomsky book is not a reliable source at all. That leaves the Herzl quotes, Bad Empanada , Marxists Org and the Jewish Virtual Library page. As for the Herzl quotes , regarding the first diary sections quoted if the full page were read for the first such quote it starts by discussing federations, pioneers and labour and then by describing it as an "attraction for outlawed, enfeebled and unfortunate Jewish people" indicating that Herzl was planning to create a federation for Jewish people so that the Jewish Diaspora that has suffered for long could have a home, not engage in or call Zionism a colonial enterprise. The second excerpt from that first section says that Herzl entered Chamberlain's business salon and that's what the colonial office reminds him of so not only does that not talk about Zionism, it compares an office to a salon. So when these are assessed with proper context the colonial quotes do not describe a colonization

attempt or brand Zionism as colonialism

(https://archive.org/details/TheCompleteDiariesOfTheodorHerzl_201606/TheCompleteDiariesOfTheodorHerzlEngVolume4_OCR/page/n53/mode/2up?q=colonial).

Part O2: The second Herzl excerpt if examined with appropriate context reveals something similar as what was said in and around that excerpt is "Because it is something colonial and because it presupposes understanding of a development which will take twenty or thirty years. There are visionaries who look past great spaces of time, but they lack a practical sense. Then again there are practical people, like the trust magnates in America, but they lack political imagination. But you, Mr Rhodes are a visionary politician or a practical visionary. You have already demonstrated this. And what I want you to do is not give me or lend me a few guineas, but to put the stamp of your authority on the Zionist plan..." indicating that he thought the rubber stamp on the plan would be colonial not Zionism as an ideology which it is because this comes in the backdrop of the British Mandate of Palestine

(https://archive.org/details/TheCompleteDiariesOfTheodorHerzl_201606/TheCompleteDiariesOfTheodorHerzlEngVolume3_OCR/page/n187/mode/2up).

Part O3: Accounting for what was covered in parts O1 and O2 (? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist) what remains is Bad Empanada, Marxists Org and the Jewish Virtual Library page. The Jewish Virtual Library page used (<https://jewishvirtuallibrary.org/quot-the-iron-wall-quot>) literally self cancels the colonial argument put by Bad Empanada and bolsters the earlier assessments of the Herzl quotes as it says "I am reputed to be an enemy of the Arabs, who wants to have them ejected from Palestine, and so forth. It is not true. Emotionally, my attitude to the Arabs is the same as to all other nations – polite indifference. Politically, my attitude is determined by two principles. First of all, I consider it utterly impossible to eject the Arabs from Palestine. There will always be two nations in Palestine – which is good enough for me, provided the Jews become the majority." which literally shows that Herzl is not an enemy of Arabs and is indifferent to them that too being fine with 2 states or 2 nations, the literal opposite of colonialism as colonialism advocates for erasure not being fine with others living next to you.

Part O4: This leaves Bad Empanada and Marxists Org. Bad Empanada is a slanderer that brands people like Mosab Hassan Youssef as "token industry" just because they

are Palestinians who disagree with him

(<https://www.patreon.com/posts/new-video-token-117372679>) due to which even a pro-Uyghur Redditor u/durian-conspiracy describes Bad Empanada as a lunatic, unhinged, childish and toxic person (<https://www.reddit.com/r/Uyghur/s/J6Anm8LtUK>). Furthermore, even prolewiki admits that Bad Empanada denies the Holodomor genocide (<https://en.prolewiki.org/wiki/BadEmpanada>) which flies in the contrary to heaps of evidence including global not just recognition but legal recognition of it as a genocide (<https://www.reddit.com/r/IsraelPalestine/s/wcUd89mOIm> + <https://www.reddit.com/r/IsraelPalestine/s/cyA6a2YtDV> + <https://www.reddit.com/r/IsraelPalestine/s/MwuOXKDKv0>). This is something for which he's been criticized (<https://www.reddit.com/r/tankiejerk/s/myF2CysQYx>) that is in addition to him being described as a dangerous and reckless voice in online politics (https://medium.com/@Tamar_Ben-Ami/badempanada-a-dangerous-and-reckless-voice-in-online-politics-c5bd0588bb66) as well as someone with fascist behaviours (<https://nicksmovieinsights.com/2025/10/raising-awareness-regarding-bad-empanada-a-nd-his-fascist-behaviors-and-marxist-leninism-versus-anarcho-communism.html>).

Overall, Bad Empanada is not a reliable source.

Part O5: Through process of elimination after considering what was covered in parts O1 - O4 ([?](#) | forumDebunking Spooky Scary Socialist + [?](#) | forumDebunking Spooky Scary Socialist + [?](#) | forumDebunking Spooky Scary Socialist + [?](#) | forumDebunking Spooky Scary Socialist) this leaves only the Marxist org piece. First of all, the author of that piece is Lenni Brenner who is themselves an identified member of a youth wing of the Communist Party of the United States (https://en.wikipedia.org/wiki/Lenni_Brenner) which itself published newspaper Morgen Freiheit (https://en.wikipedia.org/wiki/Communist_Party_USA) which is affiliated with the American Communist Party (https://en.wikipedia.org/wiki/Morgen_Freiheit) that too the same American Communist Party whose modern editions founder is Jackson Hinkle supports Russia, Hamas, Iran, Hezbollah and Houthis ([https://en.wikipedia.org/wiki/American_Communist_Party_\(2024\)](https://en.wikipedia.org/wiki/American_Communist_Party_(2024)), https://en.wikipedia.org/wiki/Jackson_Hinkle). This renders Lenni Brenner to be an unreliable source. Second of all, Marxists Org better known as Marxist Internet Archive is literally a website created by someone only known for their internet tag Zodiac

(https://en.wikipedia.org/wiki/Marxists_Internet_Archive) which means this is not verifiable and reliable info but the product of anonymous sourcing.

Part Q1: As far as the DNA goes, DNA is not a valid assessment of indiginity as by that logic white people can claim to be indigenous in America due to DNA matches even though that's just not the case (<https://www.reddit.com/r/Indigenous/s/Ko8vmurbWh>). So using DNA to falsely claim indiginity is a tried and failed argument already and thus not valid. This leaves only the Haaretz article which uses Shlomo Sand as a source and Shlomo Sand as already covered is not a reliable source (? | forumDebunking Spooky Scary Socialist).

Part W1: The sources for the deal terms are not just Bill Clinton as already covered (? | forumDebunking Spooky Scary Socialist). This leaves +972 and the Middle East Eye article. The Middle East Eye article was written by Joseph Massad who not only had written a piece for EI on Oct 8 2023 and also considers Edward Said as a mentor (<https://www.middleeasteye.net/big-story/truth-behind-israeli-propaganda-expulsion-ara-b-jews>, https://en.wikipedia.org/wiki/Joseph_Massad). EI as already covered their head is a board member for AAAN whose associate director is convicted PFLP terrorist Ramea Odeh (? | forumDebunking Spooky Scary Socialist) and Edward Said as already covered is tied to the PLO (? | forumDebunking Spooky Scary Socialist). This thereby voids the credibility of Joseph Massad and hence the MEE article. All that remains is +972 which as already covered is not a reliable source (? | forumDebunking Spooky Scary Socialist).

Part X1: The sources used in this section are Decolonize Palestine, CNN, a MEE short, Al Jazeera, TBS News and a file. Decolonize Palestine better known as DP is created by Fathi Nemer from Al Shabaka and Rawan Masri from SJP as noted by Influence Watch (<https://www.influencewatch.org/organization/decolonize-palestine-dp/>) and as such it is connected to SJP's two lawsuits and anti-American rhetoric amongst other shady things as is Al Shabaka (<https://www.reddit.com/r/IsraelPalestine/s/VvsHpFOanM>) voiding the credibility of DP. As for the CNN clip and the MEE short, Mike Huckabee is from the US not Israel and Melanie Phillips is from the UK in fact she left The Guardian due to its biased coverage of Israel (<https://www.instagram.com/reel/DOVeTrPiRut/?igsh=Mjn6bmw1Zzl3bzV5>)

which means that neither Melanie Phillips nor Mike Huckabee have anything to do with Israel. That leaves Al Jazeera which has already been covered (? | forumDebunking Spooky Scary Socialist), TBS News and now the file. The file upon looking is very clear that it's from Nur Masalha

(<https://drive.google.com/file/d/1kTrm8FZjtJUC8ILBbMLAFRNMP9sAHbEa/view?usp=drivesdk>) and Nur Masalha as covered before (? | forumDebunking Spooky Scary Socialist) is the editor in chief of a journal with PLO affiliated Edward Said on its board making Nur Masalha unreliable as a source. This leaves the TBS News article (<https://www.tbsnews.net/features/panorama/green-colonialism-and-wildfires-will-world-acknowledge-israels-ecocide-palestine>) which first of all not only misspells the Israeli Prime Minister's name calling him Netyanhu instead of Netanyahu but even then admits that Netanyahu declared the incident a national emergency and even compared it to fires in Israel which self cancels the ecocide allegation.

Part Xa1: Btselem is an unreliable source as has already been covered (? | forumDebunking Spooky Scary Socialist). This leaves Jacobin (<https://jacobin.com/2016/10/kibbutz-labor-zionism-bernie-sanders-ben-gurion/>) which uses the same unreliable Marxists Org as one of its sources (? | forumDebunking Spooky Scary Socialist) rendering that article questionable.

As far as these two reports the source for them per their own links is Amnesty International and as already covered they are a biased and corrupt org that backs UNRWA which is a known Hamas collaborator (? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist) thereby rendering these two reports invalid and unreliable.

And finally, that one X post remains.

Which has been debunked

<https://x.com/DaRighttHINKkDU/status/2067919667578994985?s=20>

Part Wa1: TRT World, BBC, Dropsite, E.I and Al Jazeera have already been covered (? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist, ? | forumDebunking Spooky Scary Socialist). This leaves the TOI article on Netanyahu, Mahasen Ktheeb Instagram account, R7Rani X account, Sarah

Wilkinson, Rdoan X account, the NBC article, Pew Research poll, Gallup Poll, Hamzah Saadah and Sarah Wilkinson.

Part Wa2: Regarding the TOI article on Netanyahu

(<https://www.timesofisrael.com/netanyahu-boasts-of-thwarting-the-establishment-of-a-palestinian-state-for-decades/>) the article is dated 20th Feb 2024 which first of all is

merely 4 months after Oct 7th had occurred merely last year in 2023 from there

(<https://www.pbs.org/wnet/exploring-hate/films/october-7th-through-their-eyes/>) and as

such the legislation he's passing in that article come on the backdrop of one of the

biggest genocidal terrorist attacks that occurred against Israelis. Something that is

shown in the article itself when they say that the position against a Palestinian state

hardened after Oct 7th. So he has lots of perfectly valid reasons as to why he rejects a

Palestinian state. Moreover, that article is a little dated as Netanyahu literally accepted

Trump's 20 point plan as of 30 September 2025

(<https://www.abc.net.au/news/2025-09-30/israel-gaza-peace-plan-white-house-announcement/105832816>). What one also has to remember and what is a key point for much of

this conflict is that not only Israel has continuously faced terrorism since 1987 at the

hands of Hamas and before that at the hands of PLO since 1964 and then before that at

the hands of Fedayeen militias with the first terrorist attack against Israel occurring in

1953 (https://en.wikipedia.org/wiki/Palestinian_political_violence#Notable_attacks) but

also the fact that even while all the hostages weren't returned till Jan 26 2026 as

covered in other rebuttals (? | forumDebunking Spooky Scary Socialist) by 30

September 2025, a total of 205 out of 251 hostages were recovered as in 148 free in

previous deals and 57 bodies were recovered

(<https://www.cbsnews.com/news/israel-hamas-deal-release-all-hostages-gaza-trump-says/>) which significantly upped the incentive that made a Palestinian state more palatable

thus quelling the rejection.

Part Wa3: As for the NBC article

(<https://www.nbcnews.com/world/middle-east/gaza-aid-death-food-shot-israel-palestinian-family-idf-rcna211975>) it cites the UN rendering the part they accuse regarding the

GHF unreliable as the UN itself is biased and corrupt as covered before (? |

forumDebunking Spooky Scary Socialist). Other than that it contradicts itself when it

cites an IDF official statement on Telegram about them identifying several suspects and

firing at them that too warning fire which quashes the claim of a massacre as massacres are not the same thing as targeting terrorists.

Part Wa4: As far as the Mahasen Ktheeb Instagram account (https://www.instagram.com/mahasen_ktheeb/) all that one can see in that account is that the person is a digital illustrator and as such doesn't have relevant expertise or field knowledge to assess a country's actions rendering it an example of appeal to false authority (<https://www.logicallyfallacious.com/logicalfallacies/Appeal-to-False-Authority>).

Part Wa5: Accounting for what was covered in parts Wa1 - Wa4 (? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist) what remains is the R7Rani and Rdoan X accounts, the Pew Poll, the Gallup Poll, Hamzah Saadah and Sarah Wilkinson. The R7Rani account aka Rani (<https://x.com/i/status/1908666910239047740>) not only calls Ismail Al Ghoul a martyr when in reality he is an Al Jazeera journalist and Hamas operative (<https://x.com/i/status/1819072480746594496>) that too one of many that make up 60% of the "journalists" Israel is accused of killing (https://www.terrorism-info.org.il/app/uploads/2025/12/172_25_E.pdf) but also reposts stuff from Ramy Abdul the chairman of the liar outfit EuroMed (<https://x.com/i/status/2067917224606638343>, ? | forumDebunking Spooky Scary Socialist) as well as from Russian propaganda outlet RT who quotes fraudulent liar Aguilar (<https://x.com/i/status/2067685263338258685> + ? | forumDebunking Spooky Scary Socialist + <https://www.reddit.com/r/IsraelPalestine/s/ezr4BDVxII>) in addition to Tucker Carlson show (<https://x.com/i/status/2067455943923904932>) ran by propagandist for Russia and Qatar Tucker Carlson (<https://www.reddit.com/r/IsraelPalestine/s/DpPr0OYIob>) and even known antisemite Dan Bilzerian who is also a Hamas supporter (<https://x.com/i/status/2066954598158655844> + https://en.wikipedia.org/wiki/Dan_Bilzerian). This therefore renders Rani X account unreliable. The Rdoan X accounts post cannot even be retrieved when clicked on.

Part Wa6: Now moving on to Sarah Wilkinson. Sarah Wilkinson first of all was arrested for supporting Hamas in 2025

(<https://www.westmercia.police.uk/news/west-mercia/news/2025/october/shropshire-wo-man-charged-with-supporting-a-banned-terrorist-organisation/>), called Oct 7th an "incredible infiltration" (https://www.ynetnews.com/article/h111h00ecja#google_vignette) and is a member of the Sumud Flotilla which is funded by Hamas-supporter IHH just like the previous 2010 Freedom Flotilla and is linked to terrorist organizations (<https://www.instagram.com/reel/C6ENnTvl-HD/?igsh=ZGM4cGlsdzdpZW84>, <https://www.reddit.com/r/ProgressivesForIsrael/s/DIHJKKIXY6>, <http://www.terrorism-info.org.il/en/the-global-sumud-perseverance-flotilla-in-the-service-of-hamas/>) due to which it is subject to US Treasury sanctions (<https://home.treasury.gov/news/press-releases/sb0501>) and that too they even lied about being struck in Tunisia as the Tunisia National Guard refuted their claims (<https://themedialine.org/headlines/tunisia-denies-freedom-flotillas-claim-that-it-was-attacked-by-a-drone/>).

Part Wa7: Moreover, Sarah Wilkinson has a habit of reposting Press TV that too Iranian Press TV (<https://x.com/i/status/2060694612256178419>) that is subject to US sanctions (<https://sanctionssearch.ofac.treas.gov/Details.aspx?id=45062>) as well as EU (<https://data.europa.eu/apps/eusanctionstracker/subjects/145833>), Australian sanctions (<https://www.foreignminister.gov.au/minister/penny-wong/media-release/targeted-sanctions-response-human-rights-violations-iran>) and Canadian sanctions (<https://www.canada.ca/en/global-affairs/news/2022/10/backgrounder-additional-sanctions-against-iran.html>) as well as US seizure for promoting disinformation (<https://www.abc.net.au/news/2021-06-23/us-government-seizes-iranian-websites-yemen-bahrain/100236416>) as well as reposting Max Blumenthal from the already covered Grayzone that is also connected to AJ, RT and Sputnik (<https://x.com/i/status/2068104049128267977> + ? | forumDebunking Spooky Scary Socialist). In addition to reposting Hamas propaganda and MB as well as Qatar tied Al Jazeera (<https://x.com/i/status/2068014557553979792> + ? | forumDebunking Spooky Scary Socialist) as well as Hamas propaganda Quds News Network (<https://x.com/i/status/2068051088230539698> + ? | forumDebunking Spooky Scary Socialist) rendering Sarah Wilkinson to be an unreliable source.

Part Wa8: Accounting for what was covered in parts Wa1-Wa7 (? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist + ? |

forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist + ? | forumDebunking Spooky Scary Socialist) what remains is Hamzah Saadah and the two polls. As for the two polls that is using popular opinion as a means of evaluation which already falls under the appeal to popularity, bandwagon and appeal to crowd fallacies

(<https://www.logicallyfallacious.com/logicalfallacies/Appeal-to-Popularity>,
<https://owl.excelsior.edu/argument-and-critical-thinking/logical-fallacies/logical-fallacies-bandwagon/>,
<https://www.labxchange.org/library/pathway/lx-pathway:e14a306c-99b2-4ae8-9d59-b2169c30b54b/items/lb:LabXchange:2707ccb7.html:1/178804>) specifically because using popular opinion as a measurement risks making serious errors like justifying the use of nuclear weapons on the logic that 85% of Americans supported it against Imperial Japan in WW2 (<https://ahf.nuclearmuseum.org/ahf/history/debate-over-bomb/>) something that would be calamitous and nowadays violate international law.

Part Wa9: Nevertheless after looking at the Gallup poll

(<https://news.gallup.com/poll/657404/less-half-sympathetic-toward-israelis.aspx>) which first of all is from last year and second of all shows 46% Israel support versus 33% Palestine support so this doesn't really do much against Israel at all since they still lead in this poll by 13% that is notwithstanding the fact that this poll is only in the United States and US is not the whole world. After looking at the second poll

(<https://www.pewresearch.org/short-reads/2025/06/03/most-people-across-24-surveyed-countries-have-negative-views-of-israel-and-netanyahu/>) that of Pew Research even Pew Research admits that they only surveyed 24 countries literally in the title and as such since there are 193 UN Member states or countries

(https://en.wikipedia.org/wiki/Member_states_of_the_United_Nations) this one commits the additional fallacy of cherry-picking and thus isn't valid as evidence

(<https://www.logicallyfallacious.com/logicalfallacies/Cherry-Picking>). What thus remains is Hamzah Saadah who both has been exposed by Unpacked for spreading distorted propaganda and dismantled by SaharTV

(<https://m.youtube.com/watch?v=GBWxhVqU51w>,
<https://m.youtube.com/watch?v=s179kams9PQ&t=2s>).

Fun fact: It was discovered that a literal pro-Palestine organization was behind editing all of the Wikipedia content, to the point that even the creator called Wikipedia an unreliable source.

Side Facts and Totally Obilerating Insults

All the side facts to strengthen our case go here. Like these
"The 40 beheaded babies" claim is actually a blatant false claim. The actual news was that 40 babies were found by the IDF, out of which some were found beheaded. Independent testimonies do confirm the massacre and claim removal of body parts and mutilation even tho not verified.

As for the Oct 7 attacks, The Izz al-Din al-Qassam Brigades — Hamas's armed wing — led the assault. Human Rights Watch also confirmed the participation of four other Palestinian armed groups, based on headbands the fighters wore and their own claims of responsibility posted to their Telegram channels. (Human Rights Watch)

<https://claude.ai/share/73891f44-52d2-47da-b084-db0fa37d39b2>

Unfortunately just showing emotional videos of suffering doesnt make it a genocide. Unless you can prove "dolus specialis" or the intent to systematically eliminate a group. As long as there are terrorist strongholds installed inside hospitals, Israel has every obligation under international law to bomb them.

Just because only Al-Qassam brigade is the military wing of Hamas doesn't legitimize whatever other Hamas propaganda machines or Hamas-affiliated media outlets blabber, but tankies won't understand that.

This aged like fine milk, as that bitch Greta and other dicks were safely deported to their home countries, that bitch threw a tantrum about being abused or whatever but there was not one single proof regarding that

Obviously the starving the population and breast milk bulshit is a hoax.

[More than 5,000 children diagnosed with malnutrition in the Gaza St...](#)

The rest of the "their fame prevented them from being murdered" is just plain bullshit. And guess what dickhead? Whatever you said is a legal dispute, not some fact about 2005 withdrawal. And also guess who rejected the 2008 plan offered by Olmert in 2008 or the peace efforts by Bill Clinton who himself spoke against Palestinians after they rejected peace?

The question arises that what happened in Gaza between 2005 and 2007?

Why electing in Hamas became necessary?

Also are you seriously blaming Israel for this instead of Gazans themselves who don't want to get out of their own shithole and elect organizations like Hamas.

They literally take 10000\$ per person passing in Rafah border crossing (Egypt)
Oh really? Focus of annexation of West Bank? Israel has the capability to do that in just a mere few days retard, why haven't they done it till now then?

"Don't cry about a war you couldn't finish." They say while running to their bomb shelters after unilaterally bombing Iran." Yeah, as far as I remember it was the Iranian government hiding in bomb shelters not Israelis who Iran pathetically can't even hit with one missile.

Another funny thing he wrote here is support from British Empire, while in reality, they were forced to support it after Israeli freedom fighters and organizations like Haganah were whooping their asses.

Another core point, if they occupied Gaza for so long why didn't they resettle the Palestinians there?

https://military-history.fandom.com/wiki/Occupation_of_the_Gaza_Strip_by_Egypt

https://en.wikipedia.org/wiki/Jordanian_annexation_of_the_West_Bank

By the way, this propagandist gave no explanation of Israeli history and simply said that "They ruthlessly kicked out Palestinians, destroyed their villages, and pushed them all into the modern-day territories of Gaza and West-Bank." "Israel occupied both territories before 1967 and have enforced increasingly harsh repression over the decades" "In the West Bank, Israel has established settlements that are recognized internationally as illegal in preparation to fully annex West Bank" History OVER-simplified more than over-simplified's oversimplified history 101.

This is the classic "it was all sunshine and rainbows until Zionism appeared"
(in context to his Israeli history)

It was never even named Palestine, it was called Judea Samaria
Palestine is a British name for their mandate.

There is nothing irrational to something violent and really poses an existential threat, even if that happens to be a religion

Surah 9:5 ("The Sword Verse") "But when the forbidden months are past, then fight and slay the pagans wherever you find them, and seize them, beleaguer them, and lie in wait for them in every stratagem of war; but if they repent, and establish regular prayers

and practise regular charity, then open the way for them: for Allah is Oft-forgiving, Most Merciful." (Alquran) Surah 9:29 ("The Jizyah Verse") "Fight those who do not believe in Allah or in the Last Day and who do not consider unlawful what Allah and His Messenger have made unlawful and who do not adopt the religion of truth from those who were given the Scripture — until they give the jizyah willingly while they are humbled."

Quran 2:191 Quran 3:28 Quran 3:85 Quran 5:33 Quran 8:12 Quran 8:60 Quran 8:65
Quran 9:30 Quran 9:5 Quran 47:4 Quran 22:19 Quran 9:123

He also said this specifically. "October 7th exposed that they did not in fact control the height of the flames. October 7th was not a burst of inexplicable terrorism. It was the inevitable result of dispossessing, besieging, occupying, and colonizing a people for decades." Who would have guessed, these slick moron thought he could put that extra-line there of justifying October-7th and no one would have noticed.

This guy also used far-left communists like Ilan Pappé and Noam Chomsky as source.

3. Al-Shati Camp (Beach Camp, Northern Gaza)

- What Happened: Immediately following early IDF troop drawdowns from northern Gaza, Hamas units moved back into Al-Shati to set up micro-checkpoints, re-arm local fighters, and try to re-establish a governing foothold over humanitarian supply movements. The IDF retaliated with precision, intelligence-led aerial strikes targeting hidden command vehicles and weapons distribution cells. [1]
- Terrorists Killed:
 - Ismail Al-Ghoul (A Hamas military operative who simultaneously integrated into local media networks like Al Jazeera to track IDF movements; killed in a targeted strike alongside associate Rami Al-Rifa).
 - Qasslam Hassan Saleh and Sami Jamil Abu Dalal (Two high-ranking PIJ platoon commanders actively coordinating sniper and IED plots against passing patrols).
 - Ubay Mamoun Saleh Farwana (A Hamas deputy company commander managing tactical regrouping efforts). [1, 2]

4. Al-Bureij and Al-Maghazi Camps (Central Gaza) [1, 2]

- What Happened: These camps served as a major industrial stronghold for Hamas's weapons production teams. After being partially pushed out, local cells re-entered the camp's industrial zones to patch together rocket assembly areas. The area has also seen intense internal security friction, with anti-Hamas militias and precision airstrikes hunting down active fighters. [1, 2, 3, 4]
- Terrorists Killed:

- Ahmed Samir Muhammad Washah (A central sniper operative and specialized field commander within Hamas's military wing; killed in an aerial strike alongside two accompanying fighters).
